LIATRIS SCARIOSA ALBA

This lovely late blooming white variety comes remarkably true from seed. Selected from segregated stock. Tall, graceful spikes closely set with clean white florets. **Pkt. 25c.**

Liatris Scariosa Alba

Interesting *Flower Seeds of*

The All America Awards

ALYSSUM "VIOLET QUEEN"

This striking English novelty was introduced for the first time last season and met with instant acclaim. The neat dwarf plants are a mass of rich violet from early Summer into the Fall. A pleasant companion to use with the white form, "Carpet of Snow". **Pkt. 15c., Tr. Pkt. 40c.**

ANEMONE PULSATILLA "MRS. VAN DER ELST"

This beautiful pink Pasque Flower was introduced several years ago by an European horticulturist, but the seed has been so scarce that this is the first time we have been able to secure a supply. Identical to the early flowering dwarf lilac form, but the flowers are rose pink. **Pkt. 30c.**

AQUILEGIA LONGISSIMA HYBRIDS

A grand new race of giant flowered Columbine, the result of crossing the exotic *A. longissima* with its spurs over 4 inches long and the gay colored strain of "Mrs. Scott Elliott Hybrids". An English introduction of exceptional merit. **Pkt. 50c.**

DELPHINIUM V. & R.'S "BLACK KNIGHT"

The darkest of them all. Individual flowers $2\frac{1}{2}$ to 3 inches in diameter; of beautiful round form with heavy velvety texture, which gives the color luminosity and vividness not seen before in Delphiniums. Very long, well formed spikes; a true show flower. (Originator's description). **Pkt. 50c.**

DELPHINIUM V. & R.'S "BLUE JAY"

Every Delphinium lover seeks the true blue color, which is so rare in nature and so difficult to obtain. These series are our bid toward attaining it. The color is striking, clear medium to dark blue; very intense and alive, with dark contrasting bee. (Originator's description). **Pkt. 50c.**

DELPHINIUM V. & R.'S "ROUND TABLE"

As the name implies, this represents all the color combinations of the Knights and their Ladies which will eventually be introduced. This year some three hundred crosses were used to make up this group, combining all the newest color developments and possessing size that will make them invaluable for show purposes. (Originator's description). **Pkt. 50c.**

MARIGOLD DWARF GIGANTEA "POT O' GOLD"

To be a garden favorite a flower must either be very showy, fragrant, or of exceptional size. "Pot O'Gold" is one of those extraordinary new varieties which combines these three characteristics. Dwarf and compact, 12 to 15 inches, bearing large double blooms of bright, golden orange, it is one of the earliest to flower. **Pkt. 20c., Tr. Pkt. 50c.**

Merit for 1941

and New European Novelties

MARIGOLD

MISSION GIANTS "GOLDSMITH"

A 1941 All America Selection. Perfect ball-shaped flowers of rich orange reminding one of a giant incurved 'Mum. The vigorous plants grow 18 inches high and are basal branching producing 8 to 12 stems of excellent cutting length. A new and distinct type of Marigold. **Pkt. 25c., Tr. Pkt. 65c.**

PETUNIA

"RADIANCE"

A Silver Medal 1941 Award. This hybrida type Petunia has rich brilliance—a Tyrian Rose with under shadings of salmon which intensifies the color. A golden yellow throat adds to its warmth. Very free blooming and holds its uniform and neat habit into the late Fall. **Pkt. 25c., Tr. Pkt. 65c.**

PETUNIA ALL-DOUBLE

"BLUE BROCADE"

The highest ranking favorite in the 1941 Trials winning a Silver Medal. A fine true violet blue, giant fringed, All-Double Petunia. Dwarf and very uniform in habit it is equally valuable for pot culture or for bedding. Highly recommended. **Pkt. 50c.**

PYRETHRUM

HUNTINGTON'S NAMED DOUBLE VARIETIES

Our constant improvement makes this deluxe strain of Painted Daisies supreme. Saved from over 25 of the finest named doubles. In our trials this past season we had the pleasure of selecting a number of plants superior in size, color and form. Our results prompt us to recommend it as the finest Double Pyrethrum seed offered. **Pkt. 30c.**

VIOLA "BIZARRE"

Violas are such cheerful, bright subjects that a new variety is always a welcomed addition. "Bizarre" is a happy combination of two of the richest and gayest colors—pure violet purple and clear apricot. **Pkt. 30c.**

VIOLA "PURPLE GLORY"

We were very fortunate in collecting a limited amount of seed from our stock of this grand Viola for we know of no other source where the seed can be obtained. Forms rugged clumps of deep green massed with large rich purple flowers from early summer until snow flies. The peer of Violas. **Pkt. 30c.**

ZINNIA

HOWARD'S NEW CRESTED GIANTS

We give you excerpts from originator's description—"This truly magnificent strain is the result of reciprocal crosses between the Scabious Flowered class and the Giant Dahlia Flowered section. The blossoms average from 4 to 5 inches in diameter with a full rounded cushiony center surrounded by broad guard petals. The colors are charmingly bright and fresh"—It is interesting to note that rival seed growers on the Pacific Coast are unanimous in their praise of this new strain. **Pkt. 25c., Tr. Pkt. 65c.**

Phlox, "Rosy Morn"

PHLOX GIGANTEA

"ROSY MORN"

Another new color in the Gigantea group awarded a Bronze Medal in the 1941 Selections. Large sized blooms in a gay combination of rose pink with a white eye. Free flowering and will not fade in the strong sun. **Pkt. 25c., Tr. Pkt. 65c.**

Zinnia, Giant Crested

RALPH E. HUNTINGTON NURSERY - - - - PAINESVILLE, OHIO

ACROCLINIUM

An everlasting of easy culture, blooming six weeks from seed. Sow outside in April and May.

New Large Hybrids. Grand doubles in shades of rich salmon, apricot, and pink. 1½ feet. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 40c.

AGERATUM

Ideal Dwarf Gems for Bedding and Edging

Sow early in boxes or outside in May and thin to 4 to 6 inches.

Blue Cap. A select dwarf of rich blue. 4 in. Pkt. 15c., Tr. Pkt. 40c.

Fairy Pink. A delightful soft salmon rose pink in compact tufts of solid color. 5 in. Pkt. 20c., Tr. Pkt. 50c.

Midget Blue. Silver Medal A.A.S. Attractive compact mounds of rich ageratum blue. 2 to 3 in. Pkt. 20c., Tr. Pkt. 50c.

Blue Perfection. Bright blue, fine for edging, beds, or cutting. 8 in. Pkt. 10c., Tr. Pkt. 20c., ¼ oz. 30c.

ALYSSUM

The Most Popular of All Edging Annuals

Sow Alyssum outside where it is to bloom in April and May. Makes a rapid growth and blooms all Summer.

Carpet of Snow. The dwarfest of all Sweet Alyssums. A reselected strain forming a dense carpet of white. Recommended. Pkt. 10c., ¼ oz. 25c., Oz. 75c.

Lilac Queen. Dwarf bright lilac. Mix with "Carpet of Snow" for an attractive border. Pkt. 10c., ¼ oz. 25c., Oz. 75c.

Little Gem. Uniform pure white for long borders. Pkt. 10c., ¼ oz. 20c., Oz. 50c., ¼ lb. \$1.50.

ANAGALIS

Grandiflora Mixed. The Gay Pimpernel with brilliant blue and brick red flowers. Semi-dwarf. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 35c.

ANCHUSA

CAPE FORGET-ME-NOT

Sow outside in April or May.

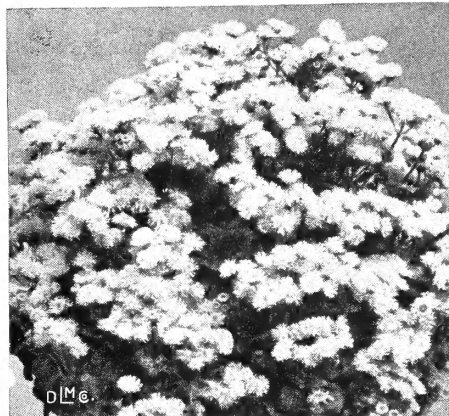

Blue Bird. Vivid indigo blue flowers on attractive 2-ft. plants. Pkt. 10c., Tr. Pkt. 20c., ¼ oz. 30c.

ANODA

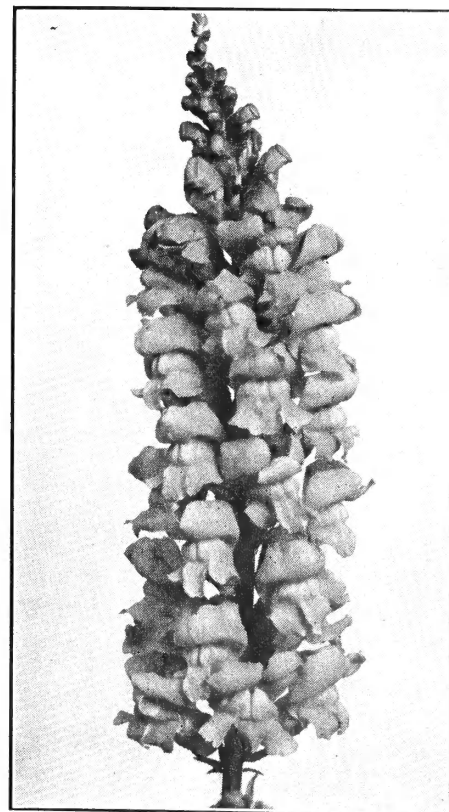

OPAL CUP

Of easy culture, sown in late April.

Lavateroides. Shallow cuplike flowers of opalescent shades of pink and blue on large, bushy plants. Pkt. 15c., Tr. Pkt. 40c.

Ageratum, Midget Blue

Antirrhinum, Super Majestic

ANTIRRHINUM "ROSALIE"

The new All-America Snapdragon for 1940. A rich deep rose lightly undertoned with topaz. A rust-resistant, large-flowered giant. Pkt. 25c.

ANTIRRHINUM

Selected Strains of the Finest Snapdragons

Ideal for mass plantings for color, attractive mixed in the border, and one of the choicest of all flowers for cutting. For early bloom sow indoors during February or March. Successfully sown outside in April and early May.

New Giant Maximum Rust Resistant Snaps

Alaska. Large waxy white.

Campfire. Luminous scarlet.

Canary Bird. Rich yellow.

Christmas Candle. Bright flame with throat of pure white.

Copper King. Burnished copper and old gold.

Indian Summer. A blend of glorious scarlet, bronze and gold.

Loveliness. Pure soft rose.

Swing Time. Rich pink tipped with yellow and white.

Select Mixed. A balanced mixture of named varieties.

Any of the above:

Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 50c.

COLLECTION 1: 1 each of the 8 Named Varieties—only 60c.

Sturdy Super Majestic Rust Resistant Strain

Autumn Glow. Old rose and amber.

Dainty. Delightful soft pink.

Harmony. Terra cotta and yellow.

Orange Shades. Tangerine colors.

Red Rocket. Bright glowing red.

Rose Sensation. Lovely clear rose.

Super Majestic Mixed. All colors.

Any of the above:

Pkt. 15c., Tr. Pkt. 40c., ½ oz. 75c.

COLLECTION 2: 1 each of the 6 Named Varieties—only 60c.

Certificate of Honor Strain

University of California Mixture. The original rust-resistant strain, winner of the only All-America Certificate of Honor. Large-flowered Majus Grandiflorum type. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 50c.

New Dwarf Snaps

"Magic Carpet." A splendid English novelty of dwarf habit. Soft pleasing colors. For beds, edging, or the rockery. Pkt. 20c., Tr. Pkt. 50c.

ARCTOTIS

Easily grown from April and May sown seed.

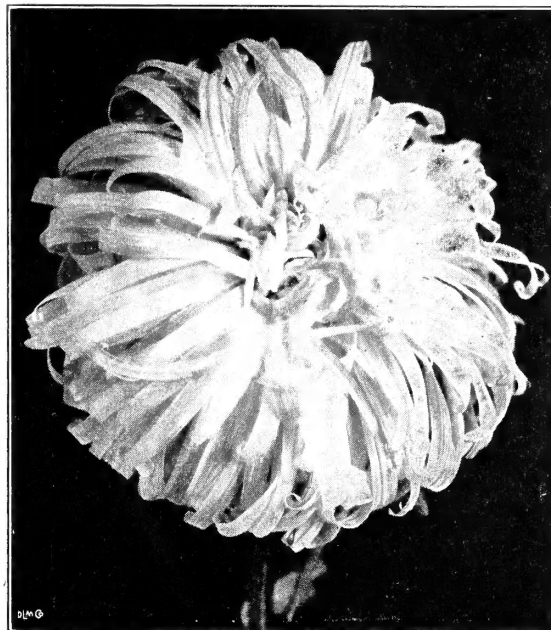

Grandis. The pretty Blue-eyed African Daisy. Pearl white tinted with mauve. 1½ ft. Pkt. 10c., Tr. Pkt. 20c., ¼ oz. 35c.

Large-flowered Hybrids. Showy Gerbera-like flowers in rich shades of apricot, orange, yellow, rose and red. A unique cutter. Pkt. 15c., Tr. Pkt. 40c.

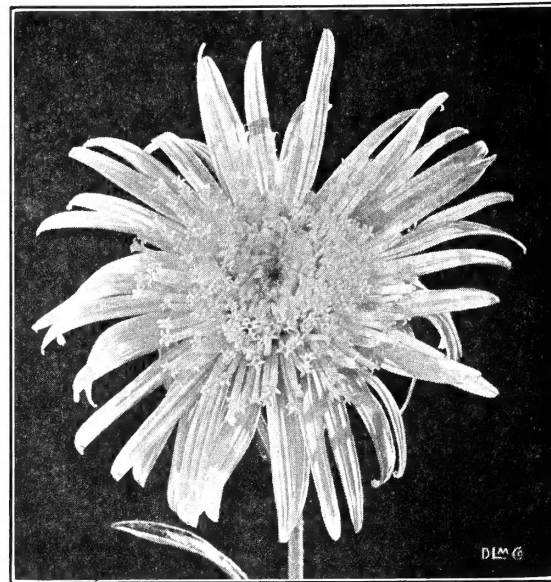

Aster "El Monte" is a giant crimson

Aster Super Giant "Los Angeles"

Aster Early Giant "Light Blue"

Aster California Sunshine

HUNTINGTON'S IMPROVED ASTERS

Few annuals can rival the Asters in general usefulness. They are the Fall Flower. For a succession of bloom sow the Early, Midseason and Late types. Sow inside or in hotbeds during March for early bloom and sow outside in late April and May for late bloom. Asters do much better in rich soil.

Huntington's New Novelty Asters

Early Giant "Rose Marie." A 1940 All-America Award. A fascinating lively shade of bright rose. Large flowers daintily plumed and intertwined. Pkt. 20c., Tr. Pkt. 50c.

Early Giant "Light Blue." Award of Merit 1939, A. A. S. Extra large flowers, broad, graceful, full-petaled type of bright light blue. Fully wilt-resistant, it is an early bloomer. Pkt. 15c., Tr. Pkt. 40c.

Early Giant "Peach Blossom." A new color in this group that makes such a splendid cut flower. Opens white flushed with pink. Pkt. 15c., Tr. Pkt. 40c.

Super Giant, "Los Angeles." A magnificent full-petaled shell pink. Majestic in the garden and is one of the best and largest for cutting. 2½ ft. Pkt. 10c., Tr. Pkt. 25c., ⅛ oz. 40c.

Super Giant, "El Monte." An All-America Selection in 1936. Interlaced, plummy petals of glowing crimson. 2½ ft. Pkt. 10c., Tr. Pkt. 25c., ⅛ oz. 40c.

Aurora, "Golden Sheaf." Deep yellow with full crested center. Wilt-resistant. 2 ft. Pkt. 10c., Tr. Pkt. 25c., ⅛ oz. 30c.

"Heart of France." Rich crimson, double flowers blooming in August. Wilt-resistant. Pkt. 10c., Tr. Pkt. 25c., ⅛ oz. 40c.

Single Chinensis Mixed. Artistic Daisy-like flowers in bright shades. Produces a wealth of cut flowers in late August. 2 ft. Wilt-resistant. Pkt. 10c., ¼ oz. 25c.

Our mixed packets are blended by formula—an equal amount of each color. We do not offer field run mixtures. They are made up of the costly named varieties so that you will have a balanced color arrangement in your garden.

Improved Strains of Standard Asters

EARLY ROYAL

A wilt-resistant, early branching type. Double flowers with gracefully curved petals. 2 feet.

Aster "Golden Sheaf"

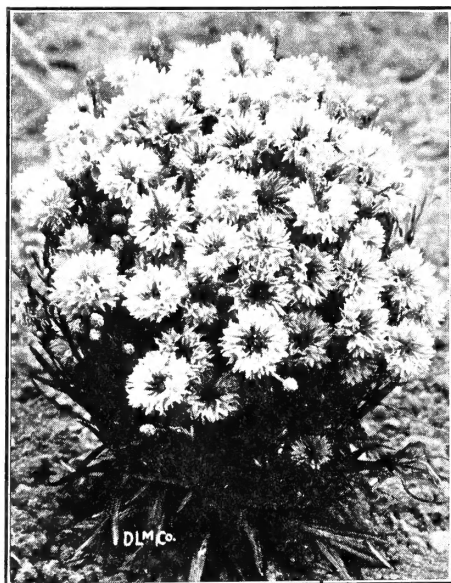

Calendula Campfire Improved is a Reselected Strain

Balsam Double Bush-flowered

Calendula "Twilight"

Centaurea "Jubilee Gem"

ASPERULA

Azurea setosa. A free blooming border gem of bright blue. 9 in. Pkt. 10c., Tr. Pkt. 25c.

BALLOON VINE

Easily grown from April and May sown seed.
Love-in-a-Puff. A curious rapid growing vine with white flowers. 10 ft. Pkt. 10c., 1/4 oz. 20c., Oz. 35c.

BALSAM

(LADY SLIPPER)

Easy culture. Sow in May.
Double Bush-flowered Mixed. An interesting dwarf novelty. The brightly colored flowers are carried on the tips of the stem. Recommended for edging, the rockery or mass planting. 10 in. Pkt. 15c., Tr. Pkt. 35c., 1/4 oz. 65c.
Tall Double Mixed. Camellia-flowered doubles in rich colors. 18 in. Pkt. 10c., Tr. Pkt. 20c., 1/4 oz. 35c.

BEAN

Scarlet Runner. A rapid growing brilliant vine. Ideal for covering a trellis. Pkt. 10c., Oz. 15c.

BRACHYCOME

(SWAN RIVER DAISY)

Sow outside in May.
Blue Star. A dainty Daisylike gem of compact habit. 10 in. Pkt. 10c., Tr. Pkt. 25c., 1/8 oz. 35c.
Choice Mixed. Shades of blue, red and white. Pkt. 10c., Tr. Pkt. 20c., 1/8 oz. 30c.

BROWALLIA

Start early inside in boxes or in coldframe late in April.
Elate Blue. Pretty nodding flowers excellent for bedding, boxes or spots of color in the Summer garden. 1 1/2 ft. Pkt. 10c., Tr. Pkt. 25c., 1/4 oz. 40c.
Speciosa Major. A vivid ultramarine blue of extra size. Recommended. Pkt. 20c., Tr. Pkt. 50c.

CALENDULA

(POT MARIGOLD)

One of the easiest and showiest for cutting, forcing, or for the border. Sow outside in late April.
Art Shades. Pastel shades of apricot, light orange, pectees and cream tinted with Nankeen yellow. Pkt. 10c., Tr. Pkt. 20c., 1/4 oz. 30c.
Ball's Orange. Extra large double flowers. Pkt. 10c., Tr. Pkt. 25c., 1/4 oz. 40c.
Campfire Improved. A reselected strain with flat topped, double flowers of rich orange overcast with a sheen of scarlet. Pkt. 10c., Tr. Pkt. 25c., 1/4 oz. 40c.
Chrysantha. A Gold Medal A.A.S. Distinct Mum-like flowers of buttercup yellow. Cut with Delphiniums it makes a striking bouquet. Pkt. 10c., Tr. Pkt. 20c., 1/4 oz. 30c.
Chrysantha, "Twilight." A new introduction. Clear cream color with lacy incurved petals. Pkt. 20c., Tr. Pkt. 50c.
Orange Fantasy. Award of Merit, 1938, A.A.S. A semi-dwarf type with curly petals of rich orange and a center crest of mahogany. Pkt. 10c., Tr. Pkt. 25c., 1/4 oz. 40c.
Orange Shaggy. A Gold Medal winner. Deeply fringed petals of orange and tangerine molded into a Mum-like flower. Pkt. 10c., Tr. Pkt. 20c., 1/4 oz. 30c.
Orange Sunshine. A striking companion to Chrysantha "Twilight." Similar in form but the color is a glowing orange. Ideal for cutting. Pkt. 10c., Tr. Pkt. 20c., 1/4 oz. 30c.
COLLECTION 9: The All-America Selection
Calendulas—Chrysantha, Orange Fantasy and Orange Shaggy—a packet of each—only 25c.

CALLIOPSIS

Very easy to grow from seed. Sow outside in May where they are to bloom and thin out.
Crimson King. Large flowers of rich crimson. Nice for small bouquets. 10 in. Pkt. 10c., Tr. Pkt. 20c., 1/4 oz. 30c.
Golden Crown. An All-America Selection because of its semi-double flowers of golden orange marked in the center with crimson. 12 in. Pkt. 10c., Tr. Pkt. 20c., 1/4 oz. 30c.
The Dazzler. Golden yellow with a maroon center zone. 10 in. Pkt. 10c., Tr. Pkt. 20c., 1/4 oz. 30c.
Tall Double Mixed. Fine for Summer cutting. Bright shades of orange, yellow, crimson and maroon. 2 1/2 ft. Pkt. 10c., 1/4 oz. 25c.

CANDYTUFT

Sow outside in late April. Make three sowings at intervals of a month for continued bloom.
Dwarf Hybrids. A charming, compact plant for beds and edging garden paths. A mixture of bright colors. 6 in. Pkt. 10c., Tr. Pkt. 25c.
Giant Hyacinth-flowered. Handsome spikes of snowy white. 1 ft. Pkt. 10c., Tr. Pkt. 20c., 1/4 oz. 30c.
Umbellata Mixed. Large, round flower heads in rich shades. Fine for bedding. 12 in. Pkt. 10c., Tr. Pkt. 20c., 1/4 oz. 30c.

ANNUAL CANTERBURY BELLS

Selected Mixed. June flowers for the Fall garden. Identical to the biennial form but if sown in March will bloom in late August. Pkt. 10c., Tr. Pkt. 20c., 1/4 oz. 35c.

CARDINAL CLIMBER

A beautiful vine with cardinal flowers. Attractive, fern-like foliage. Sow in May in a sunny spot and in rich soil where it is to bloom. Pkt. 10c., Tr. Pkt. 20c., 1/4 oz. 35c.

CELOSIA

(GIANT PLUMED COCKSCOMB)

Sow outside in April and May.
Plumosa thompsoni magnifica. A magnificent strain, producing symmetrical 2-foot plants. Giant plumes in varying shades of yellow, scarlet, cream, pink, and maroon. Pkt. 10c., Tr. Pkt. 25c., 1/4 oz. 35c.
Brilliant Crimson. Bright heavy plumes. Pkt. 10c., Tr. Pkt. 25c., 1/4 oz. 40c.
Golden Yellow. Waving golden plumes. Pkt. 10c., Tr. Pkt. 25c., 1/4 oz. 40c.

CHINESE WOOLFLOWER

Childsi. A curious and showy variety. Gorgeous for tall massing and unusually fine for cutting. 3 feet.

Crimson

Dark Pink

Pkt. 10c., Tr. Pkt. 25c., 1/4 oz. 50c.

Centaurea Americana is fine for cutting

CENTAUREA

NEW DOUBLE CORNFLOWERS

Cornflower seed, or Bachelor's Button, as it is also known, can be sown in mid-April or May outside.

"Jubilee Gem." Award of Merit, 1937, A.A.S. An English novelty of distinction. Dwarf, compact plants covered with vivid blue flowers. 1 ft. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{4}$ oz. 50c.

"Blue Boy." An improved extra large double. 3 ft. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 30c.

"Pinkie." A double rich pink. 3 ft. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 30c.

"Red Boy." A new deep red. 3 ft. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 30c.

"Snowman." The best double white. 3 ft. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 30c.

Cyanus, Double Mixed. A splendid mixture for cutting. 3 ft. Pkt. 10c., $\frac{1}{4}$ oz. 20c., Oz. 50c.

COLLECTION 10: A packet each of "Blue Boy," "Pinkie," "Red Boy" and "Snowman"—only 25c.

SWEET SULTAN

Imperialis Mixed. Sweet-scented, pretty, thistle-like flowers in bright colors; fine for cutting. 2 $\frac{1}{2}$ ft. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 30c.

BASKET FLOWER

Americana Blue. Immense flowers resembling large, fluffy bright blue thistles. Highly recommended as a cut flower. 3 ft. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 30c.

CHRYSANTHEMUMS

An annual that blooms early in the Summer when seed is sown in a coldframe in March. Will bloom in the early Fall from late April sown seed outside. They are grand for cutting.

Carinatum, "White Queen." A British introduction with large, single white flowers and a lemon yellow center. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 30c.

Carinatum, Single Mixed. Choice hybrids in dazzling color combinations of purple and yellow, chamois, and scarlet, and other unusual effects. 15 in. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 30c.

Nivelli. Large single rich yellow. 2 ft. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 30c.

CLARKIA

New Improved Doubles

Sow outside in April and May.

Double Mixed. Brightly colored flowers similar to Flowering Almond. 2 ft. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 30c.

CLEOME

Sow outside in May.

Gigantea, "Rose Queen." An effective plant covered with deep rose flowers for the back border. 3 ft. Pkt. 15c., Tr. Pkt. 35c., $\frac{1}{4}$ oz. 50c.

COBAEA

(CATHEDRAL BELLS)

Seed should be planted edgewise in pots early for best results.

Scandens Blue. A popular rapid growing vine covered with large blue bells in the late Summer. Very effective in bouquets. 20 ft. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 30c.

The development of the Sensation type Cosmos has never received the full recognition it deserves. This strain took years of careful selection and plant breeding to attain the enormous size of flower.

COLEUS

Sow seed inside in March.

Regal Hybrids. Brightly colored foliage plants widely used for edging or beds. Pkt. 20c., Tr. Pkt. 50c.

COTULA

Barbata. An interesting South African dwarf. Small button-like yellow flowers cover the 3-in. plants. Fine for edging or the rockery. Pkt. 15c., Tr. Pkt. 40c.

COSMOS

One of the best of the Midsummer and early Fall flowering annuals. Sow outside in late April and May.

Choice Novelties

Double Sensation Mixed. A new introduction of unusual beauty. Extra large, double flowers, some with fluted, dainty petals and others heavily crested in shades of pink, red, and white. 5 ft. Pkt. 25c., Tr. Pkt. 70c.

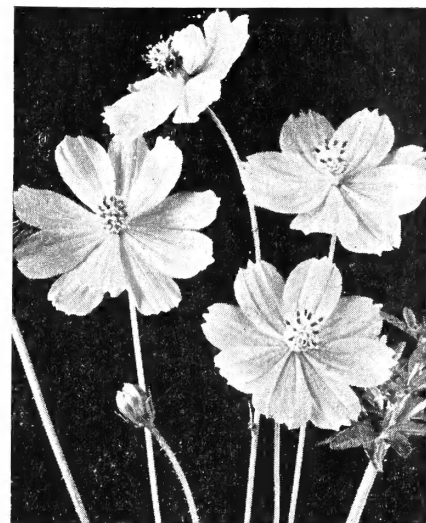

Sensation, "Cardinal." The new rich red shade developed in this superior strain of Giant Singles. 5 ft. Pkt. 20c., Tr. Pkt. 50c.

Sensation, "Pinkie." Delightful rose pink. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{4}$ oz. 40c.

Sensation "Purity." A glistening white. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{4}$ oz. 40c.

Sensation Mixed. Award of Merit, 1936, A.A.S. An improved strain. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 35c.

Klondyke, "Orange Flare." A Gold Medal All-America Selection. The profusion of golden orange flowers are indispensable in the garden. 2 $\frac{1}{2}$ ft. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{4}$ oz. 30c.

Cosmos "Orange Flare"

Cuphea "Firefly"

Double Anemone Flowered

Early Double Crested. Long, graceful stems bearing flowers that are prettily crested with serrated outer petals. Comes about 70 per cent true. 3 ft.

Crimson King
Pink Beauty

White Queen
Finest Mixed

Pkt. 15c., Tr. Pkt. 35c., $\frac{1}{8}$ oz. 50c.

CUPHEA

Sow inside in boxes during March, or in a cold frame in late April.

"Firefly." A neat, compact plant covered with fiery cerise flowers. Unusual for bedding, the rockery, or edging. 10 in. Pkt. 20c., Tr. Pkt. 50c.

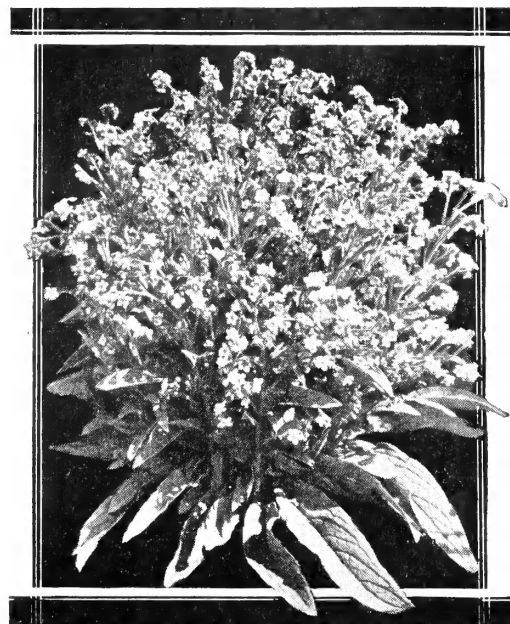

CYNOGLOSSUM

(CHINESE FORGET-ME-NOT)

"Firmament." An All-America Bronze Medal in 1939. Bushy, compact plants 18 in. high, covered with vivid blue flowers. Attractive in the garden and makes a nice cut flower. Pkt. 15c., Tr. Pkt. 35c.

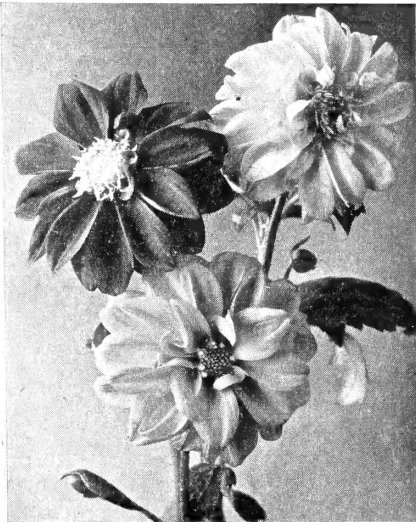

Amabile, "Blue Bird." Lustrous cadet-blue flowers of extra size on graceful long stems. An improved type. Pkt. 10c., Tr. Pkt. 25c.

Amabile, Pink. An English novelty of merit. Sprays of rich pink flowers. Pkt. 10c., Tr. Pkt. 25c.

Cynoglossum "Firmament"

The New Double Eschscholtzias should be considered

Dahlia Unwin's Ideal Dwarf

DAHLIA

Of easy culture when sown inside in early March, or start in a coldframe the first of April.

Coltness Hybrids. A charming dwarf single variety for bedding or cutting. Varied and brilliant colors. 18 in. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 50c.

Unwin's Ideal Dwarf. Choice miniature double and semi-double flowers in a wide range of rich colors. Bushy, compact plants, fine for bedding. 18 in. Pkt. 15c., Tr. Pkt. 40c., ½ oz. 60c.

Peony-flowered Giants. Unusual and will show a wide range of colors. Taken from a choice collection. Pkt. 20c., Tr. Pkt. 50c.

DIANTHUS

Beautiful Garden Pinks

Cheerful, gayly colored flowers with a spicy fragrance. Grand for cutting and they add charm and brightness to the garden. Sow outside in late April.

Double Japanese Pinks

Fireball. Rich crimson.

Lucifer. Fringed orange scarlet.

Pink Beauty. Frilled bright pink.

Salmon King. Ruffled salmon rose.

Snow Ball. Large, lacinated white.

Marvelous Mixed. A remarkable strain of large doubles.

Any of above:

Pkt. 10c., Tr. Pkt. 25c., ½ oz. 30c.

Single Japanese Pinks

Laciniatus splendens. An A.A.S. in 1935. Brilliant crimson edged with white.

Queen of Holland. Finest pearl color.

Salmon Queen. Frilled rich salmon.

Any of above:

Pkt. 10c., Tr. Pkt. 25c., ½ oz. 30c.

Chinensis Double Mixed. The lovely China Pinks, forming large clusters of showy, double flowers on 20 in. stems. Pkt. 10c., ¼ oz. 25c.

COLLECTION 11: Packet each of "Fireball," "Salmon King," "Laciniatus Splendens" and "Queen of Holland"—only 30c.

A few little known hardy annuals that merit your attention. *Anoda lavateroides*, *Asperula azurea setosa*, *Cotula barbata*, *Felicia bergeriana*, *Ionospidium acaule*, *Nemophila insignis*, *Phacelia campanularia*, *Sedum caeruleum* and *Ursinia pulchra*.

DIDISCUS

BLUE LACE FLOWER

Sow outside in April or May.

Caeruleus. Large, lace-like flowers of light blue. Unequaled for Summer bouquets. 2½ ft. Pkt. 10c., Tr. Pkt. 25c., ½ oz. 35c.

DIMORPHOTHECA

(STAR OF THE VELDT)

Sow outside in May. Will bloom all Summer in a sunny situation.

Choice Hybrids. These glorious African Daisies are greatly improved. Bright shades from saffron yellow to deep orange. Pkt. 10c., Tr. Pkt. 20c., ½ oz. 30c.

ESCHSCHOLTZIA

(CALIFORNIA POPPY)

Easily grown from May sown seed. As they resent being transplanted sow where they are to bloom.

Alba Reselected. Large pure white.

Golden West. Orange and yellow.

Orange Flame. Vivid orange scarlet.

Scarlet Beauty. Glowing scarlet.

Brilliant Mixed. A special mixture.

Hybrida Dwarf Erect. A splendid mixture of rich shades for bright patches of color in the garden.

Any of above:

Pkt. 10c., Tr. Pkt. 20c., ¼ oz. 35c.

Ramona Strain Mixed. A unique strain of special brightness with frilled and incurved petals. Dwarf and compact. Pkt. 15c., Tr. Pkt. 35c., ¼ oz. 50c.

New Double Varieties

Carmine Queen. Rich carmine shaded with crimson.

Enchantress. Tyrian rose blended with creamy white.

Robert Gardiner. Crinkled petals of bright orange and gold.

Any of above:

Pkt. 15c., Tr. Pkt. 35c., ¼ oz. 60c.

COLLECTION 12: Packet each of "Brilliant Mixed," "Ramona Strain," and "Robert Gardiner"—only 30c.

EUPHORBIA

Easy from seed. Sow outside in May.

Heterophylla. The showy Poinsettia-like Mexican Fire Plant. Pkt. 10c., Tr. Pkt. 20c., ¼ oz. 30c.

Variegated. The handsome Snow-on-the-Mountain. Pkt. 10c., ¼ oz. 25c.

FELICIA

KINGFISHER DAISY

Sow outside in May.

Bergeriana. This South African novelty is a mass of blue flowers on 6 in. plants. Pkt. 15c., Tr. Pkt. 35c.

GAILLARDIA

One of the easiest of all annuals to grow. Will provide an abundance of bloom from early Summer until frost by sowing outside in May.

Picta "Indian Chief." A recommended bronzy red Single.

Picta Single Mixed. Bright colors.

Picta Double Mixed. Gay doubles.

Any of above:

Pkt. 10c., Tr. Pkt. 20c., ¼ oz. 30c.

GERBERA

TRANSVAAL DAISY

Seed should be started inside in February.

Giant Hybrids. One of the best cut flowers. A choice strain of large singles in delightful shades. 2 ft. 20 seeds 20c., 50 seeds 35c., 100 seeds 60c.

GILIA

Sow outside in May.

Capitata (The Blue Thimble Flower). A profusion of bright blue, Scabiosa-like flowers. 2 ft. Pkt. 10c., Tr. Pkt. 20c., ¼ oz. 30c.

GODETIA

Sow outside in March where they are to bloom. Place in cool soil for they will not tolerate hot, dry weather.

"Sybil Sherwood." An English novelty of merit. Bushy plants covered with flowers of a glorious shade of salmon softened by white edging on the petals. 18 in. Pkt. 15c., Tr. Pkt. 40c.

ORNAMENTAL GOURDS

For best results sow in late Spring when soil is warm and sow where plants are to remain, preferable a sandy location. They are rapid growing and should be trained on a trellis or fence to allow the fruit to hang.

New Fancy Gourds

"Crown of Thorns." A unique medium sized type. Shaped like a Holy Crown. Very distinct. Pkt. 15c., Tr. Pkt. 35c., Oz. 75c.

Fancy Small Mixed. A new mixture greatly improved as to the types and distinctive coloring. Recommended. Pkt. 10c., ½ oz. 30c., Oz. 50c.

Large Ornamental Mixed. A blended mixture of all types. Pkt. 10c., Oz. 30c.

Gourds Fancy Small Mixed

Try the New Annual Hollyhock "Indian Spring"

Hollyhock, "Indian Spring"

GYPHOSOPHILA

ANNUAL BABY'S BREATH

Make repeated sowings every two weeks starting the middle of April for a glorious succession of bloom throughout the Summer.

London Market Improved. The finest strain of this popular cut flower. Extremely large flowers of pearl white. Pkt. 10c., Oz. 30c., 1/4 lb. \$1.00.

HELICHRYSUM

(STRAWFLOWER)

Sow outside in April or May.

Giant Double Mixed. The popular Everlasting in a wide range of clear colors. Pkt. 10c., Tr. Pkt. 20c., 1/4 oz. 30c.

HELIOTROPE

Sow inside in March or outside in May.

Finest Mixed. Lavender shaded fragrant flowers. 15 in. Pkt. 10c., Tr. Pkt. 20c., 1/8 oz. 35c.

HOLLYHOCK

This new novelty can be sown outside in early April. Will bloom within five months.

"Indian Spring." Silver Medal, 1939 A.A.S. A large, semi-double in shades running from pale pink to crimson rose. 5 ft. Pkt. 20c., Tr. Pkt. 50c., 1/4 oz. \$1.00.

HUNNEMANNIA

SANTA BARBARA POPPY

Sow outside in late April where they are to bloom.

"Sunlite." A semi-double golden yellow. Attractive foliage. 2 ft. Pkt. 10c., Tr. Pkt. 25c., 1/4 oz. 50c.

IONOPSIDIUM

(VIOLET CRESS)

Sow inside in March or in a coldframe in April.

Acaule. A charming miniature covered with white flowers marked with violet. Recommended for pot culture and for edging. 3 in. Pkt. 20c., Tr. Pkt. 50c.

LARKSPUR

Larkspur seed germinates better in cool weather. Sow outside in April. Can be broadcast in the garden during March.

New Introductions

"Grandee." A vivid carmine Double Stock-flowered Larkspur of extra size and quality. Pkt. 20c., Tr. Pkt. 50c.

"Pink Perfection." A sparkling shade of light pink. An Improved Giant Imperial type. Pkt. 20c., Tr. Pkt. 50c.

"Rosalind." A new Giant Imperial color—rose with just enough suffusion of salmon to create a most pleasing shade of rose pink. Pkt. 20c., Tr. Pkt. 50c.

"Tempest." A rich mid-blue, a welcomed new color in the Double Stock-flowered group. Pkt. 20c., Tr. Pkt. 50c.

COLLECTION 14: A packet each of the 4 New Larkspurs—only 40c.

Giant Imperial Type

Basal branching with long spikes similar to the double perennial Delphiniums. Supreme as a cut flowers. 4 ft.

"Blue Bell." Light blue.

"Blue Spire." Oxford blue.

"Carmine King." Carmine.

"Coral King." Coral pink.

"Daintiness." Lavender.

"Exquisite." Soft salmon.

"Lilac Spire." Clear lilac.

"Miss California." Rose.

"White King." Pure white.

Imperial Mixed. Blended.

Any of above:

Pkt. 10c., Tr. Pkt. 25c., 1/4 oz. 40c.

COLLECTION 15: A packet of each of the Named Varieties—only 75c.

Double Stock Flowered

Long a favorite because of its beauty as a cut flower. Tall spikes of double flowers on erect, well branched stems. 3 feet.

Azure Blue

Dark Blue

Lilac Improved

Los Angeles

Rosamond

White

Choice Mixed

Any of above:

Pkt. 10c., Tr. Pkt. 20c., 1/4 oz. 30c.

COLLECTION 16: A packet each of the 6 colors—only 40c.

LAVATERA

Sow outside in April or May.

Rosea Splendens. The Annual Mallow makes a bright display with its large, cup-shaped flowers of bright rose. 2 ft. Pkt. 10c., Tr. Pkt. 20c., 1/4 oz. 30c.

Wild Garden Mixture

The demand for an unusual mixture of hardy annuals to be used for plantings alongside of woods, in large, long lanes, in fact any open, sunny space prompts us to offer this splendid Wild Garden Mixture. Just broadcast this seed where you want it to bloom and you will be surprised at the unending variety and color produced. Oz. 25c., 1/4 lb. 75c.

LEPTOSIPHON

Sow outside in May.

New French Hybrids. Colorful miniature flowers on dwarf plants. 4 in. Pkt. 15c., Tr. Pkt. 35c.

LEPTOSYNE

Easy and quick from seed. Sow outside in May.

"Golden Rosette." A new extra large, double golden yellow. 18 in. Pkt. 10c., Tr. Pkt. 25c., 1/8 oz. 35c.

LINARIA

MINIATURE SNAPDRAGONS

Sow inside in March or outside in mid-April.

"Fairy Bouquet." Winner of A.A.S. Gold Medal. Free flowering dwarf with Snaplike blooms of pastel shades. 8 in. Pkt. 10c., Tr. Pkt. 25c., 1/8 oz. 35c.

Maroccana Hybrids. Dainty flowers in a splendid mixture of rich colors blending to art shades. 1 ft. Pkt. 10c., Tr. Pkt. 25c., 1/4 oz. 35c.

LINUM

One of the easiest. Sow outside in April or May.

Crimson Flax. A brilliant show in the Summer garden. 2 ft. Pkt. 10c., 1/4 oz. 20c.

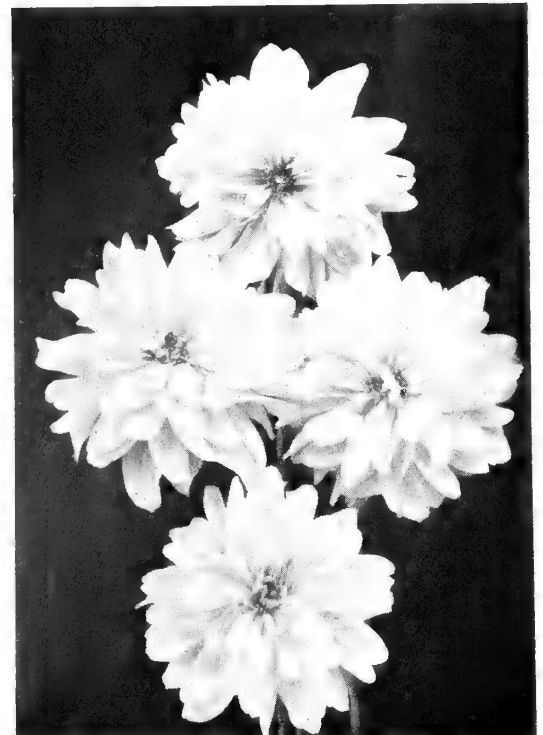

LOBELIA

One of the prettiest dwarf plants for edging, window-boxes, or for rich spots of color in the low border. Sow inside in March or in a cold-frame in April.

"Blue Stone." Neat, compact plants of lustrous blue. 4 in. Pkt. 15c., Tr. Pkt. 35c.

"Crystal Palace." Dwarf tufts covered with vivid deep blue flowers. 4 in. Pkt. 10c., Tr. Pkt. 25c.

Hybrida Sapphire. A semi-trailer recommended for window boxes. Rich blue with a white eye. Pkt. 15c., Tr. Pkt. 40c.

Leptosyne "Golden Rosette"

Still One of Our Favorites is Marigold "Yellow Supreme"

Lupinus Giant King Type

LUPINUS

Very easy from seed. Sow early in April outside. Will do well in partial shade.

"King Blue." Basal branching with four to six huge spikes of bright Oxford blue. 3 ft.

"King White." Improved white.

"King Mixed." A balanced mixture.

Any of above:

Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 35c.

MARVEL-OF-PERU

(FOUR-O'CLOCKS)

Tall Finest Mixed. A garden favorite with bushy, glossy foliage covered with brightly hued flowers. 2½ ft. Pkt. 10c., Oz. 25c.

MESEMBRYANTHEMUM

Sow inside in March or outside in late April.

Criniflorum. The vivid and colorful Livingstone Daisy. A gem for the rockery. 4 in. Pkt. 15c., Tr. Pkt. 35c.

MIGNONETTE

Very easy. Sow outside in May.

Machet Improved. Quaint fragrance. Pkt. 10c., $\frac{1}{4}$ oz. 25c.

Fashioned Sweet-scented. Will bring back memories of old gardens. Pkt. 10c., Tr. Pkt. 25c.

Large Finest Mixed. A blended mixture of the largest delightfully scented flowers. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 30c.

Annuals for Dry Soil

Dianthus		

MARIGOLD

We list the best of the newer introductions, representing the extraordinary progress made in perfecting new types and colors. For early bloom sow inside in March but excellent results are obtained by sowing outside in May.

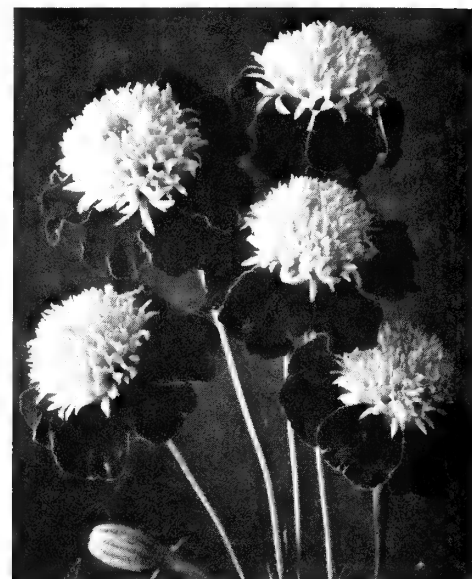

New and Unusual African Marigolds

Gigantea "Double Orange." A new introduction. Full double orange. The largest and showiest. Pkt. 15c., Tr. Pkt. 35c.

Gigantea "Sunset Giants." Extra large, loosely formed, full centered flowers in a blend of rich tones from deep orange to delicate primrose. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{8}$ oz. 40c.

Tom Thumb "Golden Crown"

A new dwarf English novelty with perfectly formed, semi-double flowers of rich gold. A magnificent display in the low border. Pkt. 15c., Tr. Pkt. 35c.

Marigold "Ferdinand"

French Marigolds

"Harmony Hybrids"

One of the outstanding new novelties. A break from the popular dwarf "Harmony" in a range of colors from golden orange, yellow, to striped combinations of saffron and maroon. One of the earliest to bloom. 12 inches. Pkt. 15c., Tr. Pkt. 40c.

"Harmony." Crested type flowers of bright gold bordered with rich maroon. The compact habit makes them ideal for edging or for beds. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 35c.

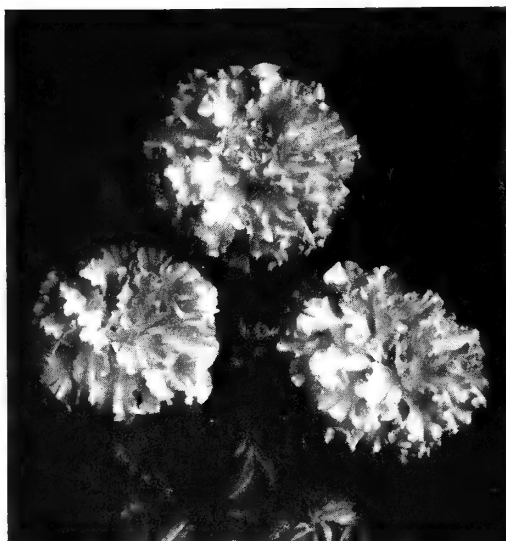

"Ferdinand." Saucy, sprightly and colorful, this is one of the gayest of our new flowers. Similar in coloring and shape of flower to "Harmony," it is taller and upright, making it a fine cut flower. 2 ft. Pkt. 20c., Tr. Pkt. 50c.

"Pallida." Pure clear yellow. Dwarf and compact. 12 in. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 30c.

"Star of India." A dwarf single crimson brightly lined with yellow. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 30c.

Monarch Dwarf Mixed. An effective dwarf, with double flowers in a wide range of colors. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 35c.

COLLECTION 18: A packet each of the French Marigolds—only 40c.

Marigold "Guinea Gold"

Chrysanthemum-flowered Hybrids. An unusual strain with quilled and incurved petals in fascinating shades of yellow and orange. 3 ft. Pkt. 15c., Tr. Pkt. 35c., $\frac{1}{8}$ oz. 50c.

California Double "Moonbeam." A graceful soft lemon yellow. Free flowering and early. 3 ft. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{8}$ oz. 35c.

Collarette "Crown of Gold." A Gold Medal A.A.S. because of its odorless foliage and unusual orange flowers. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{4}$ oz. 40c.

"Guinea Gold Improved." This distinctive English variety won a Gold Medal in the 1933 A.A.S. Semi-double flowers of vivid orange gold. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 30c.

"Yellow Supreme." Awarded an A.A.S. Gold Medal. Fluffy Carnation-flowered, fragrant blossoms of rich lemon yellow. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 35c.

"Prince of Orange Improved." A full, tightly formed double of glowing orange. Recommended for cutting. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{8}$ oz. 35c.

"Lemon Queen Improved." Same as above, except color is a beautiful lemon yellow. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{8}$ oz. 35c.

COLLECTION 17: A packet each of the 10 above Marigolds—only 75c.

Marigold Tom Thumb "Golden Crown"

Morning Glory "Heavenly Blue" is the Superb Early Strain

Ipomea "Scarlett O'Hara"

MORNING-GLORIES

Do not sow until the soil is warm. Select a dry, sandy spot and sow where they are to bloom as they resent transplanting. Do not water too much as it will stimulate foliage growth at the expense of flowers.

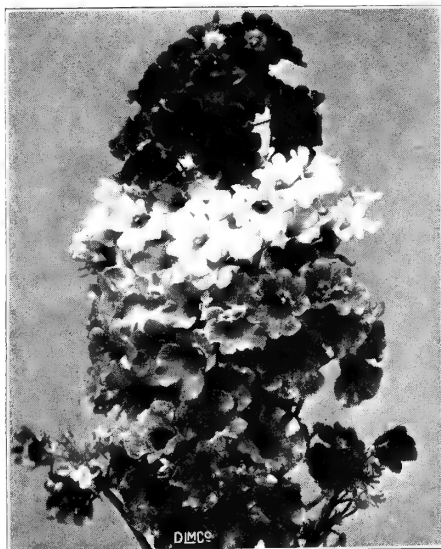

"Alamo." The rapid growing Mile-A-Minute Vine. Makes a lacy foliage with creamy white flowers spotted wine red in the throat. Valued for its rapid growth in covering trellises. 20 ft. Pkt. 10c., Oz. 50c.

"Cornell"

A new, very free blooming variety with extra large flowers of carnelian red with a narrow outer border of glistening white. Pkt. 15c., Tr. Pkt. 35c., $\frac{1}{4}$ oz. 75c.

"Heavenly Blue." The famous Clarke's Early Strain. Unquestionably one of the loveliest shades of sky blue of any flower. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{4}$ oz. 40c.

"Scarlett O'Hara." An A.A.S. Gold Medal winner. Rosy crimson flowers, freely produced on fast growing vines. Pkt. 15c., Tr. Pkt. 40c.

Nemesia "Triumph"

Nasturtium Dwarf "Golden Globe"

NASTURTIIUM

Easy from seed. Sow outside in May.

Double Gleam Types

"Golden Gleam." Gold Medal, A.A.S. Frilled, wrinkled petals of golden yellow.

"Scarlet Gleam." A brilliant color.

"Orange Gleam." Glowing orange.

"Glorious Gleam Hybrids." An improved mixture.

Any of above: Pkt. 10c., Oz. 20c., $\frac{1}{4}$ lb. 50c.

Dwarf Double Gems

The flowers are similar to the Gleam Type but the plants are much more compact, which makes them highly acceptable for bedding or edging. 10 inches.

"Golden Globe." An A.A.S. winner. Tidy plants covered with double golden yellow flowers. Pkt. 10c., Oz. 25c.

Dwarf Gem Mixed. Unusual colors. Pkt. 10c., Oz. 20c., $\frac{1}{4}$ lb. 50c.

Single Varieties

Dwarf Finest Mixed. A grand mixture. Pkt. 10c., Oz. 15c., $\frac{1}{4}$ lb. 35c.

Tall Finest Mixed. For trailing on a fence or trellis. Pkt. 10c., Oz. 15c., $\frac{1}{4}$ lb. 35c.

NEMESIA

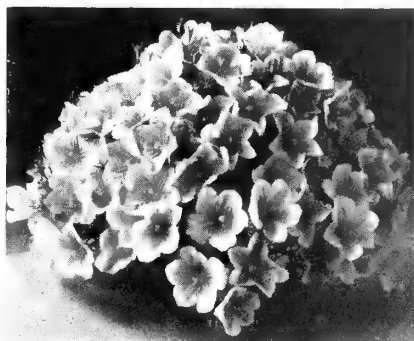

Sow inside in March or outside in May.

Nana Compacta "Triumph." A lovely dwarf bedding type in a glorious mixture of rich colors. 9 in. Pkt. 15c., Tr. Pkt. 40c.

NEMOPHILA

Sow outside in late April or May.

Insignis. Baby Blue Eyes is recommended for bedding or edging. Cup-shaped flowers of blue with a dainty white eye. 8 in. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 30c.

Nierembergia

Nicotiana "Crimson Bedder"

NICOTIANA

(FLOWERING TOBACCO)

Sow outside in May.

Affinis White. Tall, graceful stems filled with Petunia-like, fragrant white flowers. 3 ft. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 30c.

"Crimson Bedder." A semi-dwarf of pyramidal habit. Rich crimson, trumpet-shaped flowers. $1\frac{1}{2}$ ft. Pkt. 15c., Tr. Pkt. 35c.

NIGELLA

Sow outside in May.

Miss Jekyll Blue. Love-in-a-Mist is interesting in the garden with its Cornflower blue blossoms nestled in the feathery leaves. $1\frac{1}{2}$ ft. Pkt. 10c., $\frac{1}{4}$ oz. 20c.

NIEREMBERGIA

(DWARF CUP FLOWER)

Sow inside in March or outside in May.

Hippomanica. One of the most admired of the newer varieties. The shapely compact plants are covered with charming lavender flowers touched with gold in the center. Blooms within 15 weeks from seed and lasts until frost. 6 in. Pkt. 20c., Tr. Pkt. 50c.

ORNAMENTAL CORN

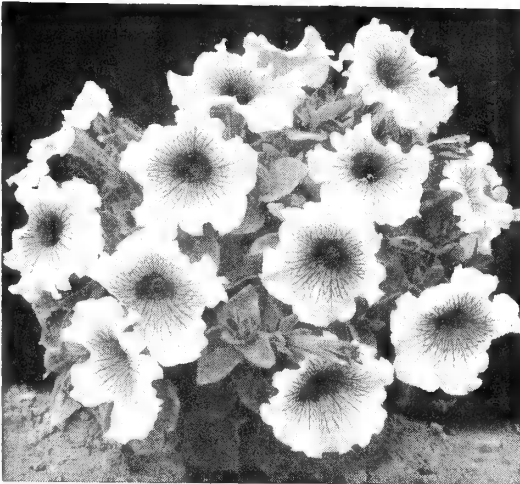

Sow outside in May.

Indian Squaw. Multi-colored kernels on large, well-shaped ears. Most attractive for decorations, especially when used with Gourds. Pkt. 10c., Oz. 25c.

Nigella "Miss Jekyll"

Start Petunia Seed as Early as Possible

Petunia "Martha Washington"

PANSY

We list the choice strains of the leading American and European hybridizers. Pansy seed is sown in August for early Spring bloom. They can be sown in the early Spring in coldframes for late May bloom. For quality blossoms use rich soil.

"Oregon Giants" (Ellis). Originator's seed of this marvelous American strain. Extra large, flat flowers, slightly ruffled in a gorgeous color display. Pkt. 25c., Tr. Pkt. 65c., 1/16 oz. \$1.00

"Shakespeare's Pansies"

A simple, quaint little gem suitable for any location in the garden. Gay, picturesque little faces reminiscent of the gardens of Olde England. Pkt. 35c.

Engelmann's Giant

A superb English strain of the Scottish Show type. Huge flowers in light and dark shades. Early blooming. Pkt. 25c., Tr. Pkt. 70c.

Giant Exhibition Mixed. An extra large European strain of fine quality. Pkt. 15c., Tr. Pkt. 35c., 1/8 oz. 75c.

Roggli's Swiss Giants

"Alpen Glow." Rich cardinal.

"Lake of Thun." Deep blue.

"Mont Blanc." Pure white.

"Rhinegold." Yellow and brown.

"Yellow Master." Rich yellow.

Swiss Giants Mixed. Runs to rare and unusual shades.

Any of above: Pkt. 20c., Tr. Pkt. 50c.

COLLECTION 19: A packet each of the 5 Named Varieties—only 75c.

Early Flowering Pansies

Baby Delight. A new nana compacta type. Ideal for Spring Dwarf plants with lovely light blue flowers, having waved petals. Suitable for rockeries, blooming in 70 days. Pkt. 15c., Tr. Pkt. 40c.

PENTSTEMON

Sow early inside for best results.

Sensation Mixed. Large, Gloxinia-like flowers brilliantly colored and delicately edged with a contrasting shade. 2 1/2 ft. Pkt. 15c., Tr. Pkt. 40c.

Petunia "Topaz Rose"

PETUNIA

Petunias have no equals in providing a gorgeous display of color from early Summer until late Fall. Seed can be started inside in February, in a coldframe in March, and for later bloom they can be started outside in April and May. Petunia seed is fine and should be sown very carefully. It germinates easily if not sown too deep.

Dwarf Alldouble Giants

"Victorious." The finest strain of 100% double dwarf Petunias. Fancy fringed doubles in a marvelous range of bright colors. Highly recommended. Pkt. 40c., Tr. Pkt. \$1.00.

Single Fringed Giants

Extra large, charmingly frilled 4 to 5 inch flowers. Perfectly suited for bedding purposes and are exquisite cut flowers.

Fluffy Ruffles. So prettily ruffled and fringed they resemble doubles. A special mixture of light shades.

Royal Purple. A glowing purple.

Scarlet Beauty. Scarlet and rose.

Theodosia. Bright rose, throat of deep gold.

White Beauty. Fringed white, delicately veined with apple green.

Fringed Mixed. All shades.

Any of above: Pkt. 20c., Tr. Pkt. 50c.

COLLECTION 21: A packet each of the 5 Named Varieties—only 75c.

Large Flowered Bedding Types

Recommended for mass plantings and in large beds. 1 1/2 feet.

Blue Bee. The same vivid blue as Viola "Jersey Gem." Pkt. 10c., Tr. Pkt. 25c., 1/8 oz. 40c.

Flaming Velvet. A Gold Medal A.A.S. A sparkling velvety crimson. Pkt. 15c., Tr. Pkt. 40c., 1/16 oz. 60c.

Hollywood Star

Winner of Silver Medal in 1939 A.A.S. This lovely novelty is a rich rose with an amber throat. Pkt. 20c., Tr. Pkt. 50c.

Howard's Star Improved. Lustrous purple marked in a center with a white star. Pkt. 15c., Tr. Pkt. 40c.

Topaz Rose. A fiery velvety rose, slightly suffused with gold. Special Mention, 1938 A.A.S. Pkt. 20c., Tr. Pkt. 50c.

White King. Large clear white. Pkt. 10c., Tr. Pkt. 25c., 1/8 oz. 40c.

Hybrida Finest Mixed. Made up of named varieties. Pkt. 10c., Tr. Pkt. 25c., 1/8 oz. 50c.

COLLECTION 22: A packet each of the 6 Named Varieties—only 75c.

Petunia Double "Victorious"

PETUNIAS—Continued

Dwarf Bedding Types

Heavenly Blue. A lovely silvery blue.

Rose of Heaven Improved. Clear rose pink.

Rosy Morn Improved. A select strain of this old favorite. Bright rose with white throat.

Snow Queen. The best of the dwarf whites.

Violacea. A rich velvety purple.

Compacta Magnifica. A choice mixture.

Any of above: Pkt. 10c., Tr. Pkt. 25c.

COLLECTION 23: A packet of each of the 6 varieties—only 40c.

New Novelty Dwarf Petunias

"Betsy Ross." A new ruffled beauty of uniform and compact habit. The large flowers are red and white blending to garnet in the throat. Pkt. 25c., Tr. Pkt. 70c.

"Glow." The ranking favorite in the 1940 A.A.S. winning a Silver Medal. A ball-shaped plant, literally covered with glowing rose-red blossoms. Pkt. 20c., Tr. Pkt. 50c.

"Martha Washington." A unique, frilled and ruffled extra dwarf. Blush white handsomely veined with wine red. Highly recommended by the Royal Horticultural Society. Pkt. 25c., Tr. Pkt. 65c.

"Rose Gem." A delightful miniature only 6 in. high completely covered with rose pink flowers. Pkt. 20c., Tr. Pkt. 50c.

"Salmon Supreme." An A.A.S. winner. A high ranking novelty. Vivid salmon gently toned with a white throat. Pkt. 20c., Tr. Pkt. 50c.

"Velvet Ball." The new streamlined All America novelty. Round, compact plants hidden by flowers of a luscious shade of soft deep red. Pkt. 20c., Tr. Pkt. 50c.

COLLECTION 24: A packet each of the 6 Novelty—only \$1.00

Single Giants

Elk's Pride. The most popular extra large-flowered purple. Pkt. 20c., Tr. Pkt. 50c.

California Giants Mixed. A magnificent very large, ruffled strain in rich colors vividly veined. 1 1/2 ft. Pkt. 35c., Tr. Pkt. \$1.00.

Dwarf Ramona Hybrids. Beautifully ruffled and fringed flowers. A glorious pot plant or for edging. Pkt. 25c., Tr. Pkt. 65c.

Balcony Petunias

Showy and free flowering. Recommended for window or porch boxes or for sloping beds.

Cornflower Blue

Crimson

Royal Blue

Rose

White

Mixed

Any of above: Pkt. 15c., Tr. Pkt. 40c.

COLLECTION 25: A packet each of the 5 colors—only 50c.

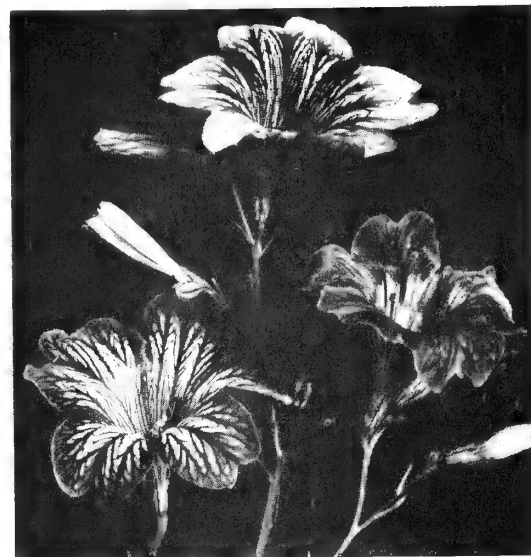

Dwarf Phlox "Cecily Strain" makes a neat border

Phlox Gigantea "Salmon Glory"

Poppy Rhyburgh Hybrids

Salpiglossis Emperor Strain

PHLOX

Gay and Colorful in Summer Gardens

Seed can be sown inside in March or outside in April or May with excellent results.

Drummondii. The waving heads of cheerful colored flowers reign supreme throughout the Summer. 1 ft.

Chamois Rose	Isabellina
Cinnabar Scarlet	White
Crimson	Stellata Splendens
Dark Blue	Mixed

Any of above:

Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{4}$ oz. 50c.

COLLECTION 26: A packet each of the 7 colors—only 50c.

Gigantea "Salmon Glory"

Awarded a Silver Medal in 1939, A.A.S. Extra large flowers of a beautiful shade of light salmon with a creamy white eye. Pkt. 20c., Tr. Pkt. 50c.

Gigantea "Art Shades." Rare and unusual colors in a grand mixture. Gigantic flowers of perfect texture. Pkt. 15c., Tr. Pkt. 35c., $\frac{1}{8}$ oz. 50c.

Dwarf "Cecily Strain." A reselected extra dwarf strain. The 6 in. plants add a dash of color to beds or for informal edgings. Pkt. 15c., Tr. Pkt. 35c., $\frac{1}{8}$ oz. 50c.

PHACELIA

Sow outside in May.

Campanularia. The California Blue Bell is a charming dwarf topped with gentian blue flowers. Pkt. 10c., Tr. Pkt. 25c.

POPPIES

The Annual Poppies have a grace, a poise, a debonair charm that makes them so colorful and gay. They are so easy and require so little attention. For early bloom broadcast the seed outside in March. As they resent being transplanted it is well to sow right where you want them to bloom. Make repeated sowings for a succession of riotous color.

Single Shirley Poppies

American Legion. Dazzling scarlet.

Deep Apricot. Apricot pink.

The Bride. Artistic white.

Wild Rose. Appealing pink.

Single Mixed. All colors.

Any of above: Pkt. 10c., $\frac{1}{4}$ oz. 25c.

Double Shirley Poppies

Art Shades. Huge Begonia-flowered doubles in rich shades.

Peony-flowered Mixed. Impressive size and color.

Sweet Briar. Brilliant cerise.

Rhyburgh Hybrids. Giant doubles.

Any of above: Pkt. 10c., $\frac{1}{4}$ oz. 25c.

COLLECTION 27: A packet each of the 9 Single and Double Poppies—only 50c.

PORTULACA

Sow outside in a sunny position after the soil is warm.

Single Giants Mixed. Forms a lovely floral carpet of gay colored flowers. 6 in. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 30c.

Double Giants Mixed. Like miniature Roses in charming shades. A select strain of glorious doubles. Pkt. 15c., Tr. Pkt. 35c., $\frac{1}{8}$ oz. 50c.

RICINUS

Zanzibariensis. The Castor Bean makes a tall, luxuriant growth of tropical splendor. 12 ft. Pkt. 10c., Oz. 20c.

RUDBECKIA

"My Joy." Extra large orange yellow with maroon center. 2 ft. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{8}$ oz. 35c.

SALPIGLOSSIS

(PAINTED TONGUE)

One of the most beautiful of all annuals. A grand cut flower. Sow inside in March or outside in May.

Emperor Strain. Velvety trumpet-shaped flowers in rich colors delicately veined with gold. 2 $\frac{1}{2}$ ft.

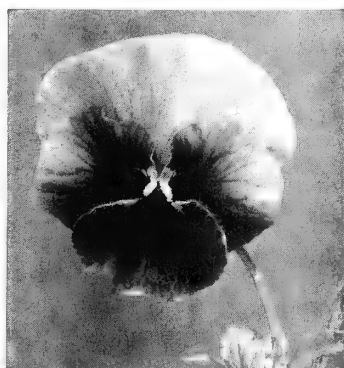

Light Blue
Purple
Rose
Scarlet

White
Velvety
Choice
Mixed

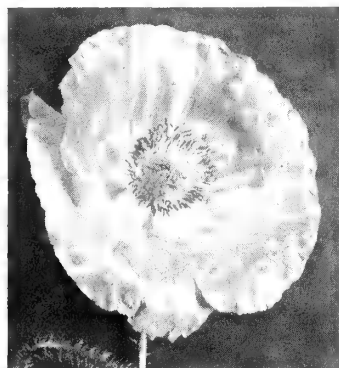

Any of above:

Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{8}$ oz. 35c.

COLLECTION 28: A Packet each of the Colors only 40c.

Pansy "Oregon Giants"

Poppy "Wild Rose"

Phlox "Art Shades"

Portulaca Double

Scabiosa "Blue Moon" is a glorious color

Salvia "Globe of Fire"

SALVIA (SCARLET SAGE)

Seed should be sown inside in early March and not transplanted outside until all danger of frost is past. May be sown outside in May for later bloom.

"Globe of Fire." A reselected dwarf strain. A brilliant bedding plant as it is compact and uniform and covered with fiery red flowers. 1½ ft. Pkt. 20c., Tr. Pkt. 50c., ¼ oz. 75c.

Splendens. The popular favorite. Glowing scarlet. 3 ft. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 75c.

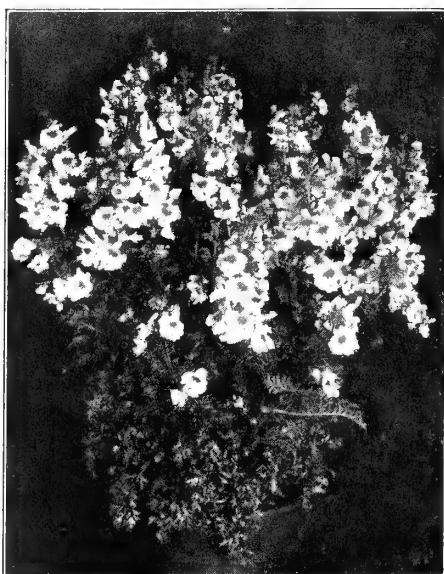

Farinacea. Large spikes of bright blue. 3 ft. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 40c.

Farinacea "Blue Bedder." A new compact rich mid-blue. Effective in the Summer borders. Award of Merit from the R. H. S. 2½ ft. Pkt. 15c., Tr. Pkt. 35c., ½ oz. 50c.

SANVITALIA (CREEPING ZINNIA)

Easy from seed. Sow outside in May.

Procumbens Double. Forms masses of golden yellow flowers with a purple black center. Ideal for edging. 6 in. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 75c.

Schizanthus "Dr. Badger"

SCABIOSA

(MOURNING BRIDE)

If started inside they will give a colorful show early in the Summer. For Midsummer bloom sow in May.

Newer Choice Doubles

"Blue Moon." A 1939 A.A.S. winner. A built-up flower resembling a mound of bright lavender blue. Long, wiry stems makes it ideal for cutting.

"Rosette." A glorious deep rose heavily suffused with salmon.

"Salmon Beauty." The first pure salmon. The result of years of careful breeding. Extra large doubles.

Giant-flowered Hybrids. An unrivaled mixture including new colors from experimental gardens. Extra large, ball-shaped flowers.

Any of above:

Pkt. 15c., Tr. Pkt. 35c., ½ oz. 50c.

COLLECTION 29: A packet of each of 4 New Doubles—only 40c.

Scabiosa Giant Hybrids

Large Flowered Doubles

Azure Fairy	Loveliness
Blue Cockade	Peach Blossom
Fire King	Shasta
King of Blacks	Choice Mixed

Any of above:

Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 35c.

COLLECTION 30: A packet each of the 7 Named Varieties—only 50c.

SCHIZANTHUS

For best results sow inside early in the Spring.

Dr. Badger's Giants. The Butterfly Flower is a dainty, useful garden variety. Compact, 18 in. plants covered with brightly tinted flowers. Pkt. 15c., Tr. Pkt. 40c.

Excelsior. A semi-dwarf type with large flowers of rich shades accentuated by delicate markings. 10 in. Pkt. 15c., Tr. Pkt. 40c.

SEDUM

Caeruleum. For a charming spot of color in the rockery or along a garden path use this Blue Stonecrop. Pkt. 20c., Tr. Pkt. 50c.

STATICE

Sinuata. A beautiful cut flower and one of the finest for dried Winter bouquets. 3 ft. **Kampf's Tall Blue, Rosea Superba** or **Choice Mixed.** Pkt. 10c., ¼ oz. 25c., Oz. 40c.

Bonduelli. Similar to the Sinuata type with handsome sprays of rich lemon yellow. Pkt. 10c., ¼ oz. 25c., Oz. 40c.

Suworowi. The attractive Russian Statice. Long, closely set spikes of bright rose. 2½ ft. Pkt. 15c., Tr. Pkt. 35c.

Stocks "Giant Imperial"

STOCKS

For brilliance of color, long duration of bloom, fragrance and stateliness in the garden, Stocks are unsurpassed. Sow inside in March or in a coldframe in mid-April. Place in a cool, well drained location in the garden.

Early Giant Imperial

Grand for gardens or for cutting. Branching, symmetrical plants about 30 inches high, with numerous spikes of large, double flowers.

Antique Copper	Golden Rose
Blood Red	Shasta
Buttercup	Lavender
Elk's Pride	Mixed

Any of above:

Pkt. 15c., Tr. Pkt. 35c., ½ oz. 70c.

COLLECTION 31: A packet each of the 7 colors—only 70c.

Giant Perfection (CUT-AND-COME-AGAIN)

Recommended for cutting. Comes into bloom about 10 weeks after sowing. Fragrant double flowers in continuous succession. 1½ feet.

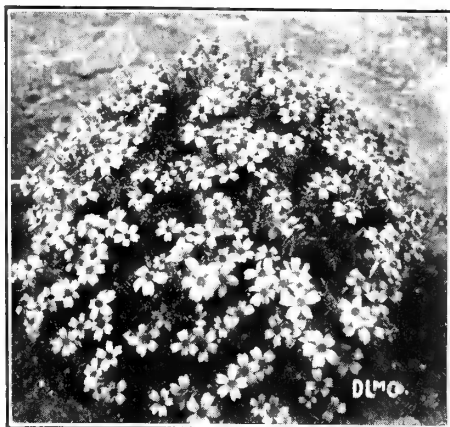

Brilliant. Blood red.
Creole. Canary yellow.
Heatham Beauty. Rose shaded terra cotta.
Queen of the Belgians. Pale violet.
Princess Alice. Clear white.
Select Mixed. Special blend.

Any of above:

Pkt. 15c., Tr. Pkt. 40c., ½ oz. 80c.

COLLECTION 32: A packet of each of the 5 Named Varieties—only 50c.

The New Dwarf Verbenas are recommended

Tagetes "Little Giant"

SUNFLOWER

Double Chrysanthemum-flowered. A semi-dwarf strain with double golden yellow flowers. 3 ft. Pkt. 10c., Tr. Pkt. 20c., Oz. 40c.

Miniature Mixed. One of the best for cutting. Curiously twisted and curled petals in shades of orange and yellow. 5 ft. Pkt. 10c., Tr. Pkt. 20c., Oz. 40c.

Russian Giants. Enormous flowers on 10-ft. stems. Will attract the birds. Oz. 10c.

Sutton's Red. Large red flowers tipped with orange. 6 ft. Pkt. 10c., Tr. Pkt. 20c., ½ oz. 50c.

SWEET PEAS

Tradition has it that St. Patrick's Day is the ideal time to sow Sweet Peas. Sow them in a trench about 6 inches deep. Cover the seed about a half inch. As the seedlings come along, fill in the trench gradually. The longer the root the better the flowers.

Early Spencer Mixed. A special blended mixture made up of named varieties. Recommended for greenhouse use or for outside sowing where the Spring is late. Pkt. 10c., ½ oz. 25c., Oz. 40c., ¼ lb. \$1.25.

Late Spencer Mixed. A carefully balanced mixture. In Ohio and similar latitudes this is the seed to sow. A grand profusion of frilled and waved flowers in all colors. Pkt. 10c., Oz. 20c., ¼ lb. 60c.

TAGETES

(MINIATURE MARIGOLD)

"Little Giant." Neat tufts of fern-like foliage completely hidden by a myriad of small golden orange flowers. Ideal for edging. 6 in. Pkt. 10c., Tr. Pkt. 25c., ⅛ oz. 35c.

Ursinia Anethoides

THUNBERGIA

(BLACK-EYED-SUSAN VINE)

Alata Mixed. A rapid growing vine covered with flowers in varying shades of yellow, orange and cream all marked with a purple black center. Pkt. 10c., Tr. Pkt. 20c., ¼ oz. 30c.

TITHONIA

(FLOWER OF THE INCAS)

Start seed indoors in March or in a coldframe in April. Do not set out until all danger of frost is past.

Speciosa "Fireball." A new vibrant scarlet orange with contrasting center of clear yellow. Towering 8-ft. plants add brilliance to the late Summer gardens. A glorious cut flower. Pkt. 20c., Tr. Pkt. 50c.

Speciosa Early Strain. Similar in color but the flowers are slightly smaller and comes into bloom 10 days earlier. 6 ft. Pkt. 10c., Tr. Pkt. 25c., ⅛ oz. 35c.

Tithonia "Fireball"

TORENIA

Sow inside in March or outside in May.

Fournieri. A mass of sky-blue flowers with violet centers touched with gold. For bedding, edging, or pot culture. 1 ft. Pkt. 15c., Tr. Pkt. 35c.

URSINIA

(JEWEL OF THE VELDT)

Anethoides. A lovely South African native. Bright orange ringed in the center with royal purple. 10 in. Pkt. 15c., Tr. Pkt. 35c.

Pulchra. Forms a beautiful carpet of rich orange. Bushy, compact 6 in. plants. Unusual and recommended. Pkt. 15c., Tr. Pkt. 40c.

VENIDIUM

(MONARCH OF THE VELDT)

Fastuosum. A magnificent African Daisy. Large flowers of rich orange with center zone of purple. Woolly, serrated gray leaves. 2½ ft. Pkt. 15c., Tr. Pkt. 35c.

Fastuosum Hybrids. A choice strain in rich shades of apricot, cream, salmon, and canary. 2½ ft. Pkt. 15c., Tr. Pkt. 40c.

Verbena "Beauty of Oxford"

VERBENA

Sow inside in March or in a coldframe in April for best results.

Giant Flowered Hybrids

Rugged spreading plants ideal for bedding. The large flower trusses make very pretty bouquets. 10 inches.

"Beauty of Oxford Hybrids." Lovely shades of rich rose and pink. An A.A.S. winner.

"Brilliant." A new rich deep flame rose with medium white eye.

"Cerule Queen." Soft salmon.

"Etna." Garnet red with deep cream eye.

"Lavender Glory." True lavender with small white eye.

"Lucifer." A vivid full scarlet.

"Royale." A brilliant blue with creamy yellow eye.

"White Beauty." Glistening pure white.

Giant Mixed. A special blend of named varieties.

Any of above:

Pkt. 10c., Tr. Pkt. 25c., ⅛ oz. 50c.

COLLECTION 33: A packet each of the 8 Named Varieties—only 50c.

New Dwarf Erect Types

A distinct type which stands compactly erect about 8 inches high. Highly recommended for edging and neat low beds. A prolific, cheery bloomer all Summer.

"Blue Sentinel." An A.A.S. winner in 1939. Rich royal blue of a velvety luster brightened with a white eye.

"Chamois." An unusual color of pale chamois, tinted with buff.

"Fireball." An extra dwarf brilliant scarlet.

"Violet Bouquet." The first and probably the prettiest to be introduced in this group. Deep violet with creamy eye.

Dwarf Erect Mixed. A special mixture of all colors.

Any of above: Pkt. 15c., Tr. Pkt. 40c.

COLLECTION 34: A packet of each of the 4 Named Varieties—50c.

VIRGINIA STOCKS

(FRENCH FORGET-ME-NOTS)

When sown early outside they make a bright display between the Spring and Summer flowers. Make repeated sowings.

Choice Mixed. Gay colored flowers of red, rose, pink and white. 10 in. Pkt. 10c., ¼ oz. 15c., Oz. 35c.

Crimson Gem. A compact, rich crimson ideal for a low border around a rose garden. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 35c.

The Gold Medal Strains of Zinnia

HUNTINGTON'S SUPERB ZINNIAS

Garden favorites of top rank. The seeds we list are grown for us in California by the leading specialist in Gold Medal Zinnias. Their quality is unsurpassed. Easy to grow, thriving in the hottest, driest weather, Zinnias should be sown outside after danger of frost.

ZINNIA

The Gold Medal Giant Dahlia Flowered

The flowers are extra large, 4 to 5 inches across, on well branched, 3-foot plants. The excellence of this strain won a Royal Horticultural Society's Gold Medal.

- Canary Bird.** Golden rich yellow.
- Crimson Monarch.** The largest.
- Dream.** Deep lavender.
- El Dorado.** Fascinating rose.
- Exquisite.** Immense light rose.
- Golden Dawn.** Deep bright gold.
- Lemon Beauty.** Pastel coffee and yellow.
- Luminosa.** Deep salmon pink.
- Oriole.** Orange and gold.
- Polar Bear.** Large pure white.
- Purple Prince.** Deep purple.
- Will Rogers.** New best scarlet.
- Gold Medal Mixed.** The finest.

Any of above:
Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{4}$ oz. 50c., Oz. \$1.50

COLLECTION 35: A packet each of the 12 Named Varieties—only 85c.

Crown o'Gold Type

An aristocrat among fine Zinnias. Each large flower is overlaid with a golden sheen. 3 feet.

"Desert Gold." A dual-toned gold and yellow beauty. Pkt. 10c., Tr. Pkt. 25c.

Crown o'Gold "Pastel Tints." A new, greatly improved mixture. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{4}$ oz. 60c.

California Giants

The largest of all Zinnias. Perfectly formed, flat-topped flowers on sturdy branching plants. 3 feet.

- Brightness.** Lovely rich pink.
- Daffodil.** Deep canary yellow.
- Enchantress.** Blended rose.
- Golden Queen.** Yellow and gold.
- Grenadier.** Glowing crimson.
- Lavender Queen.** Deep lavender.
- Miss Willmott.** Pastel pink.
- Orange King.** Burnt orange.
- Purity.** The largest white.
- Salmon Queen.** Radiant salmon.
- Scarlet Queen.** Vivid scarlet.
- Violet Queen.** Striking purple.
- California Giants Mixed.** Fine.

Any of above:
Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{4}$ oz. 50c., Oz. \$1.50

COLLECTION 36: A packet each of the 12 Named Varieties—only 85c.

SPECIAL CUTTING MIXTURE

For those who want a wealth of the finest cut flower Zinnias at a very modest price, we have blended all the varieties on this page into a superb mixture—no other cutting blend so offered—**43 Named Varieties of the grandest, large-flowered Zinnias.**

Big packet 25c. Oz. \$1.25

Zinnia Fantasy "Wildfire"

New Fantasy Varieties

This graceful novelty type with shaggy, quilled and rayed petals is rapidly taking top rank as a cut flower. $2\frac{1}{2}$ to 3 feet.

"Wildfire." A new introduction of rich, dazzling scarlet color. Pkt. 20c., Tr. Pkt. 50c.

"Orange Lady." Gay bright orange.

"Rosalie." A glorious vivid rose.

"Star Dust." Clear golden yellow.

"White Light." An A.A.S. winner.

Fantasy Mixed. Splendid mixture.

Any of above, "Wildfire" excepted
Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{4}$ oz. 60c.

COLLECTION 37: A packet each of the 5 Fantasy Named Varieties—only 50c.

Improved Double Giants

Nicely formed, double flowers of medium size. The recommended type to use for bedding as the colors are absolutely set and come true. Many prefer this strain for cutting. 3 feet.

- | | |
|----------------------|----------------------|
| Bright Rose | Lavender |
| Burnt Orange | Golden Yellow |
| Crimson | Purple |
| Canary Yellow | Ruby Red |
| Deep Salmon | Shrimp Pink |
| Isabellina | Select Mixed |

Special Rose and Pink Shades. A blended mixture from rich rose to the most pastel pink. A recommended cut flower strain. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 30c., Oz. 90c.

The Gold Medal Giant Dahlia Flowered Zinnia

One of the Finest for Bouquets and the Garden

Novelty Zinnias for a colorful Garden

Zinnia Tom Thumb Mixed

ZINNIA NOVELTIES New Harmony Type

Formerly called Scabiosa-flowered. Medium-sized flowers with an attractive crested center, surrounded by a row of outer guard petals. An unusual cut flower. 2½ ft.

Harmony "Campfire"

The most recent introduction in this class. A vivid, intense scarlet. Showy as a cut flower or in the garden. Pkt. 20c., Tr. Pkt. 50c.

Harmony "Autumn Tints." A grand mixture of Autumn hues—russet, burnt orange, bronze red and coppery scarlet. Effective as a cut flower. Pkt. 15c., Tr. Pkt. 35c.

Harmony Mixed. Bright and clear colors in a wide range. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 50c.

Early Wonder Type

The most free flowering and colorful Zinnia for early Summer use. Comes into bloom 30 to 40 days after sowing. Semi-dwarf, graceful, nearly leafless stems, 15 to 18 inches high.

"Padre." One of the season's finest novelties. A dazzling scarlet. Pkt. 20c., Tr. Pkt. 50c.

"Fandango." A grand fiery salmon pink. Pkt. 15c., Tr. Pkt. 35c.

"Gypsy." A new rich deep orange. Pkt. 15c., Tr. Pkt. 35c.

Early Wonder Mixed. A balanced mixture. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 60c.

Zinnia Early Wonder "Gypsy"

DWARF ZINNIAS

Tom Thumb Mixed

The most dwarf of all Zinnias. Lilliput type flowers on round, compact plants only 6 inches high. For a unique and colorful edging try this gem. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 50c.

Linearis. A profuse blooming dwarf Australian novelty. Single flowers of golden orange gayly striped with canary yellow. A mass of color until late Fall. 10 in. Pkt. 10c., Tr. Pkt. 25c., ⅛ oz. 50c.

"Red Riding Hood." Gay brilliant red flowers of small compact size smother the 18 in. plants. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 40c.

Haageana Mexican Hybrids. These small, double Mexican Zinnias have a charm all their own. Striped flowers in attractive color combinations. Pkt. 10c., Tr. Pkt. 25c.

The Cupid Type

A new dwarf type with numerous double, button-like flowers about 1 inch in diameter on erect, 1-foot stems.

Pixie, yellow

Tiny Tim, scarlet

Snowdrop, white

Cupid Mixed

Any of above: Pkt. 10c., Tr. Pkt. 35c.

COLLECTION 39: A packet each of the 3 Cupid Zinnias—only 25c.

Zinnia Harmony Type

CUT FLOWER ZINNIAS

Pumila Double

(CUT-AND-COME-AGAIN)

Fairly good-sized double flowers blooming in great profusion on bushy, 2½-foot plants. The more the flowers are cut the more will grow—providing an abundance of wonderful cutting material.

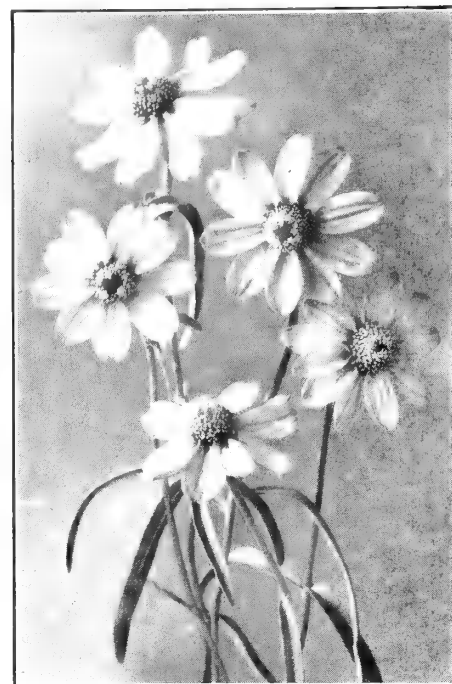

"Picotee Delight." Curled petals fringed with attractive picotee markings. An exceptional cut flower.

"Pinkie." A rich, clear pink delicately shaded with rose.

"Spun Gold." A delightful pastel shade of golden yellow. Combines beautifully with other cut flowers.

Pumila Double Mixed. A colorful mixture of bright tones.

Any of above:
Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 40c.

Zinnia Linearis

Dwarf Improved Lilliput

While this strain is especially popular as a cutting variety, it is also widely used for bedding purposes. Compact, symmetrical plants make fine bedding subjects. 1½ feet.

Canary Gem

Golden Gem

Lilac Gem

Purple Gem

Rosebud

Salmon Gem

Scarlet Gem

Valencia

White Gem

Finest Mixed

Any of above:
Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 35c.

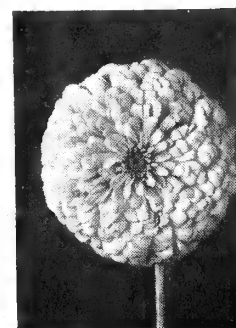

COLLECTION 40: A packet each of the 9 colors—only 60c.

Improved Lilliput "Pastel Shades." A new mixture predominating in shades of apricot, peach, saffron, shell pink, coral salmon, orchid and other attractive tints. Pkt. 15c., Tr. Pkt. 35c., ¼ oz. 50c.

Navajo Mixed. The double Gaillardia-flowered Zinnia, winner in the 1938 A.A.S. The colors are mellow tones of rose, pink, bronze, lavender, yellow and combinations of these colors. A cut flower that is different. Pkt. 10c., Tr. Pkt. 25c.

Zinnia Haageana

Zinnia Lilliput

Huntington's Alpine and Perennial Seeds

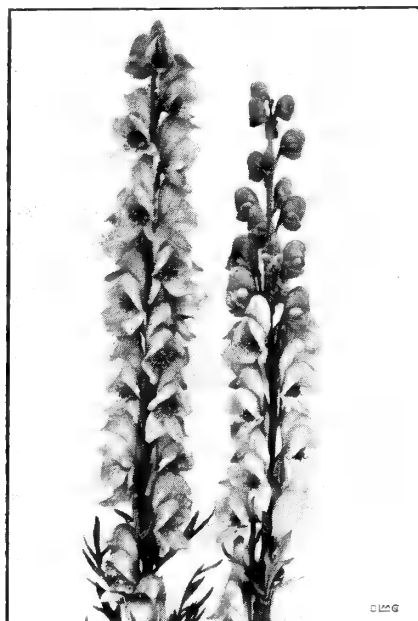

Many of the items which made our seed offerings famous were imported from Holland and Switzerland. With the war raging in Europe these sources have been cut off. Rather than offer inferior stock we have elected to temporarily reduce our listings. We proudly present the following seeds as strains of the finest quality from American and English horticulturists. Due to a limited supply of some items we strongly urge early orders.

All Seeds Sent Postpaid

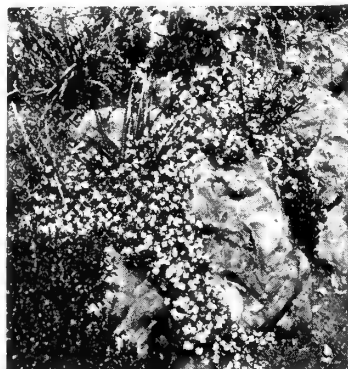

RALPH E. HUNTINGTON NURSERY - - - PAINESVILLE, OHIO

Aethionema

Aconitum Wilsoni

Aubrietia

ACANTHUS

Mollis (*Bear's Breech*). Glossy, attractive foliage. Pale purple flower spikes. 3 ft. Pkt. 10c., Tr. Pkt. 25c., 1/2 oz. 40c.

ACHILLEA

(YARROW)

Filipendula "Parker's Variety." Improved, large golden yellow flowers on 4-ft. stems. Excellent cutter. Pkt. 10c., Tr. Pkt. 25c., 1/2 oz. 50c.

Millefolium "Cerise Queen." Rich bright red. Fernlike foliage. 2 ft. Pkt. 10c., Tr. Pkt. 25c.

Ptarmica, "The Pearl." Large, double white flowers. 1 ft. Pkt. 10c., Tr. Pkt. 25c., 1/16 oz. 50c.

ADENOPHORA

Potanini. Interesting Campanula-like flowers of rich blue on 15-in. spikes. Valuable as it blooms in July and August. Pkt. 20c., Tr. Pkt. 50c.

ACONITUM

(MONK'S HOOD)

This belongs to that group of seeds which requires the action of frost to aid it in germinating. Sow seeds in pots or flats early and place outside exposed to Winter freezing.

Barker's Variety. A new, improved English strain with extra large flowers of rich blue. Pkt. 25c.

Napellus. Vivid violet flowers on thin, graceful, 4-ft. spikes in August. Pkt. 10c., Tr. Pkt. 25c., 1/2 oz. 50c.

Wilsoni. Extra large flowers of clear, porcelain blue. The easiest variety from seed. 3 ft. Pkt. 15c., Tr. Pkt. 40c.

AETHEOPAPPUS

Pulcherrimus. An unusual novelty with large, shaggy flowers of rich rose. June blooming. 18 in. Pkt. 20c.

AETHIONEMA

(PERSIAN CANDYTUFT)

Armenum. Neat blue grey tufts covered with dome-shaped clusters of pink veined flowers. 4 in.

Grandiflora. Erect habit with large, rose colored flowers. 15 in.

Schistosum. Bushy plants with beautiful rose flowers in spikes. 9 in.

Any of the above: Pkt. 25c., Tr. Pkt. 65c.

AGROSTEMMA

(ROSE CAMPION)

Coronaria Scarlet. The brilliant colored flowers and the contrasting silver foliage make a beautiful show in the Summer border. Very easy from seed. 2 ft.

Alba. Large pearl white.

Atrosanguinea. Blood red.

Any of above:

Pkt. 10c., Tr. Pkt. 20c., 1/4 oz. 30c.

ALLIUM

An interesting bulbous family of easy culture.

Pulchellum. Large, globe-shaped flowers of lilac blue tipped with red. 15 in.

Schoenoprasum. Globe-shaped umbels of purple rose. 1 ft.

Finest Blended Mixed. Taken from a fine collection.

Any of above: Pkt. 15c., Tr. Pkt. 35c.

ALSTROEMERIA

(PERUVIAN LILIES)

Lovely Lily-like flowers. The seed should be sown early for freezing.

Chilensis. Showy flowers in shades of rose, orange, blush and yellow handsomely marked with crimson. 2 ft. Pkt. 15c., Tr. Pkt. 40c.

ALYSSUM

Argenteum. Attractive bright yellow flower heads on silver gray foliage. 1 ft. Pkt. 10c., Tr. Pkt. 25c., 1/2 oz. 40c.

Montanum. A choice Alpine with sweet scented yellow flowers on prostrate gray foliage. 3 in. Pkt. 20c., Tr. Pkt. 50c.

Saxatile compactum. The popular "Basket of Gold." A shower of rich gold. Ideal for rockery or low border. 1 ft. Pkt. 10c., Tr. Pkt. 20c., 1/4 oz. 30c.

Saxatile "Silver Queen." An unusual profusion of pale lemon flowers. Pkt. 15c., Tr. Pkt. 40c.

Serpyllifolium. A choice Alpine. Low, gray foliage and bright yellow flowers. 4 in. Pkt. 15c., Tr. Pkt. 40c.

Spinosum. Neat tufts of green massed with white flowers. 6 in. Pkt. 20c., Tr. Pkt. 50c.

Achillea Ptarmica, "The Pearl"

Aquilegia "Crimson Star" is a gay bright color

Alyssum Saxatile

ANCHUSA

Italica "Feltham Pride". An improved English type. Stately 4-ft. plants massed with brilliant blue flowers. Pkt. 20c.

Italica, Dropmore. Cobalt-blue flowers on branching 5-ft. stems. Pkt. 10c., Tr. Pkt. 25c., ½ oz. 50c.

Myosotidiflora. The handsome Russian Forget-Me-Not. Sprays of vivid blue flowers from early Spring well into the Summer. 1 ft. Pkt. 20c., Tr. Pkt. 50c.

ANEMONE

Coronaria "St. Brigid." The true Irish strain so popular for cutting. Gay colored doubles and semi-doubles. Pkt. 10c., Tr. Pkt. 25c.

Pulsatilla alba. The beautiful Pasque Flower. Cup-shaped white blooms tinted gold. Comes into flower in April. Pkt. 20c., Tr. Pkt. 50c.

Pulsatilla Lilac. Silvery lilac, Crocus-like flowers come in early Spring. A recommended gem. Pkt. 10c., Tr. Pkt. 25c.

Pulsatilla Rubra. An unusual shade of deep violet overcast with maroon. A novelty of merit. Pkt. 20c., Tr. Pkt. 50c.

Pulsatilla "Mrs. van der Elst". The rare pink form. Very scarce. Pkt. 30c.

Sylvestris. The charming Snowdrop. One of the first in the Spring. The pure white flowers are pretty among the rocks. 9 in. Pkt. 10c., Tr. Pkt. 25c.

ANTHEMIS

Montana. The stocky, 1-ft. plants produce an abundance of white flowers in June. Pkt. 10c., Tr. Pkt. 25c.

Tinctoria "Perry's Variety." Large, golden Daisies cover the deep green, fern-like foliage. 2 ft. Pkt. 10c., Tr. Pkt. 25c.

ANTHERICUM

(ST. BRUNO'S LILY)

Liliastrum. Handsome white flowers on erect 2-ft. stems. Pkt. 15c., Tr. Pkt. 40c.

Seeds That Should Be Frozen

There are certain Alpine and Perennial seeds that need freezing weather to aid them in germinating. We advise sowing the following varieties before March 15th: *Acanthus*, *Aconitum*, *Adonis*, *Asperula*, *Camassia*, *Colchicum*, *Dicentra*, *Dictamnus*, *Doronicum*, *Eremurus*, *Gentiana*, *Helleborus*, *Heracleum*, *Iris*, *Lewisia*, *Oenothera*, *Pardanthus*, *Phlox*, *Primula*, *Sidalcea*, *Thermopsis*, *Trollius* and *Tulip*. Order now for best results.

AQUILEGIA

(LARGE-FLOWERED COLUMBINE)

The most popular flower in American gardens. Each year sees great improvements made in size and types. The following fine Columbine are the latest and finest strains.

Choice New Introductions

Longissima Hybrids. Ever since the extra large lemon yellow Longissima was introduced, hybridizers have been attempting to cross it with the excellent "Mrs. Scott Elliott Strain." We are pleased to present the first offering representing the giant size of the Longissima with the beautiful color range of the hybrids. A new race of Columbines. Pkt. 50c.

Clematiflora Mixed. The sensation of the flower world since their recent introduction. This new Clematis-flowered Columbine with its pastel colored spurless flowers is one of the most graceful plants in the garden. True strain from the European originator. Pkt. 30c., Tr. Pkt. 80c.

Crimson Star. An English novelty of merit. Large flowers of rich crimson with long spurs. The corolla is blush white shaded to glowing carmine. Highly recommended. Pkt. 20c., Tr. Pkt. 50c.

Longissima. A grand American Columbine. The largest of all. Lemon yellow flowers of gigantic size with spurs over 4 in. long. An Award of Merit from the R.H.S. Pkt. 25c., Tr. Pkt. 70c.

Long Spurred "Blue Shades." The beautiful blue tones have been the most difficult to fix. We now have a strain which we confidently offer as the finest of all blues. Colors range from deep vivid purple blue to the glorious pure sky-blue. Pkt. 20c., Tr. Pkt. 50c.

Mrs. Scott Elliott Select Hybrids.

A selection from the originator's stock. New colors have been added, the size and form have been improved. Novel shades of indigo, straw red, lavender, buff, coral pink and amethyst and striking combinations of these colors. Vigorous, sturdy habit with extra long spurs. A peerless strain of quality Columbine. Pkt. 15c., Tr. Pkt. 40c., ½ oz. 80c.

COLLECTION 41: A packet of each New Introduction—\$1.50

Aquilegia Longissima

Aquilegia Clematiflora

AQUILEGIA—Continued

Long-Spurred Varieties

Canadensis. Our beautiful native Columbine. Yellow center with long spurs of bright red. 18 in. Pkt. 15c., Tr. Pkt. 35c.

Chrysantha. Handsome, long-spurred yellow of graceful habit. 2½ ft. Pkt. 10c., Tr. Pkt. 25c., ½ oz. 50c.

Chrysantha "Silver Queen." Extra large, glistening white. Pkt. 15c., Tr. Pkt. 35c.

Caerulea. The Rocky Mountain Blue Columbine. A glorious blue with white corolla. Pkt. 15c., Tr. Pkt. 35c.

Caerulea, "Rose Queen." A select strain of large bright rose. Pkt. 15c., Tr. Pkt. 35c.

"Copper Queen." A choice strain with extra long spurs of copper-red with contrasting corolla of straw color. Pkt. 15c., Tr. Pkt. 40c.

"Lemon Queen." A grand selection of large, lemon-yellow, long-spurred flowers. An effective variety for the garden. Pkt. 15c., Tr. Pkt. 40c.

Dobbie's Imperial Hybrids. A blended mixture of fine, long-spurred Columbine in a wide range of colors. Pkt. 10c., Tr. Pkt. 25c., ½ oz. 50c.

Farquhar's Pink. Rigid selections make this the finest strain of pink shades running from vivid to pastel tones. Pkt. 15c., Tr. Pkt. 35c.

COLLECTION 42: A packet each of the above Columbines—only \$1.00

Rock Garden Columbine

Alpina. The bright blue Alpine Columbine. A short-spurred variety blooming in great profusion. 12 in. Pkt. 10c., Tr. Pkt. 25c., ½ oz. 40c.

Glandulosa Vera. A very pretty rock garden subject. Brilliant blue with bold pure white sepals. A recent introduction of merit. 18 in. Pkt. 25c.

Pyrenaica. A choice little rich purple gem of dwarf habit. Early flowering and showy. 18 in. Pkt. 15c., Tr. Pkt. 40c.

Vulgaris Nana Compacta, "Edelweiss." A neat growing dwarf. Compact, glaucous green foliage. The spurless, waxy white flowers are held on erect, 12-in. stems. Pkt. 20c., Tr. Pkt. 50c.

Aquilegia seed is sometimes a little slow in germinating and we recommend that it be sown in late April as soon as the weather is favorable. Fine results are also obtained by sowing in Midsummer even as late as the first of September.

The vivid *Asclepias Tuberosa* is fine for cutting

Anchusa Italica Dropmore

ARABIS (ROCK CRESS)

Alpina. A mass of white in April and May. 12 in. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{8}$ oz. 30c.

Alpina nana compacta. An improved neat dwarf. Smothered with white flowers. 6 in. Pkt. 20c., Tr. Pkt. 50c.

Alpina rosea. The beautiful pink Rock Cress. Pkt. 15c., Tr. Pkt. 35c.

ARENARIA

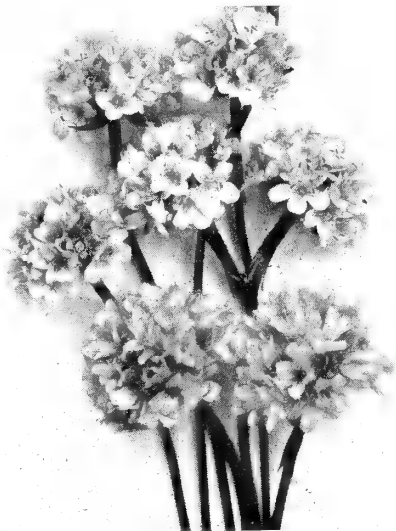

Montana. A delightful gem for a dry sandy spot in the rockery. A myriad of lustrous white flowers on trailing plants. 4 in. Pkt. 15c., Tr. Pkt. 40c.

Formosa. Starry white flowers on grass-like foliage. Recommended for a dry crevice among the rocks. 10 in. Pkt. 20c., Tr. Pkt. 50c.

ARMERIA (SEA PINK)

Bee's Ruby. Large, ball-shaped flowers of glowing red on stiff 18 in. stems. Varies from seed but very interesting. Pkt. 20c., Tr. Pkt. 50c.

Formosa New Hybrids. A reselected large-flowered strain. Globe-shaped in shades of red, rose, and pink. A choice cutter. 18 in. Pkt. 15c., Tr. Pkt. 40c.

Armeria

ASPERULA

(SWEET WOODRUFF)

Cynanchica. A beautiful creeper with bluish pink flowers. 4 in. Pkt. 15c., Tr. Pkt. 40c.

ASCLEPIAS

(BUTTERFLY WEED)

Incarnata. A handsome native with fragrant purple maroon flowers in clusters on 3-ft. stems. Attractive cut flower and blooms in midsummer when color is scarce. Pkt. 15c., Tr. Pkt. 35c.

Tuberosa. One of the most vividly colored of all American natives. Rich orange flowers, long stems makes it ideal to cut. Combines beautifully with Shasta Daisies in a bouquet. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{8}$ oz. 50c.

ASPHODELUS

Luteus. Spikes of bright yellow arising from sword-like tufts of fragrant leaves. 2 ft. Pkt. 15c., Tr. Pkt. 40c.

ASTER

Choice Dwarf Varieties

Alpinus Blue. Large single flowers of bright blue in the Spring. 10 in. Pkt. 10c., Tr. Pkt. 25c.

Alpinus "Goliath." A giant-flowered delicate soft blue. Pkt. 15c., Tr. Pkt. 40c.

Forresti. A rare little Alpine with violet flowers having an orange center. 6 in. Pkt. 25c.

"Wartburg Star." Big lavender flowers with contrasting center of gold. A Spring bloomer equally effective as a rock garden subject or for cutting. Pkt. 20c., Tr. Pkt. 50c.

Tall Hardy Asters

Amellus Choice Hybrids. Fall blooming in brilliant shades taken from fine named varieties. 2 ft. Pkt. 10c., Tr. Pkt. 25c.

Large Flowered Mixed. All of the better tall Fall Asters. 3 to 4 ft. Pkt. 10c., Tr. Pkt. 25c.

ASTILBE

Davidi. A handsome Chinese native with large plumes of rose overcast with light purple. Useful in shady situations. 4 ft. Pkt. 15c., Tr. Pkt. 40c.

AUBRIETIA

(PURPLE ROCK CRESS)

These tidy, dwarf plants are perfect subjects for the rockery or for rock walls. In full glory during May and June.

Bougainvillea. Clear dark blue. Pkt. 15c., Tr. Pkt. 35c.

Eyeri. The best large violet. Pkt. 10c., Tr. Pkt. 25c.

Gracea. Bright lavender blue. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{8}$ oz. 40c.

Leichtlini. A compact, rosy carmine. Pkt. 15c., Tr. Pkt. 40c.

Large Flowered Hybrids. A fine mixture of all colors. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{8}$ oz. 50c.

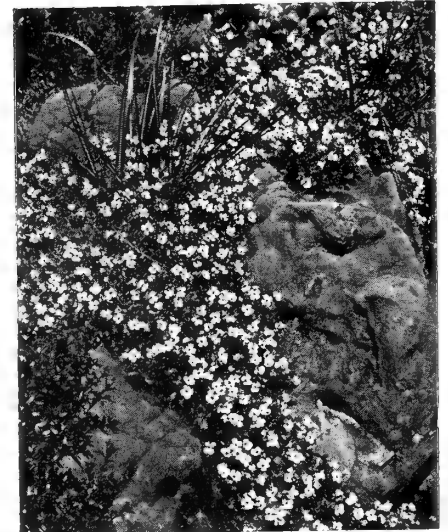

"Gloriosa Hybrids." A recent introduction. Giant flowers in glorious shades of rose, carmine, and vivid pink. An outstanding novelty. Pkt. 25c.

AZALEA

Comparatively easy from seed if handled right. Start the seed inside in the early Spring. Sow in soil that is well mixed with a liberal amount of peat moss. Transplant to flats and in late April or May move into beds outside. They will bloom in three years. Very interesting and worth trying.

Kaempferi. The beautiful Japanese Flame Azalea. Pkt. 20c., Tr. Pkt. 50c.

Mollis. Vivid rich orange. Pkt. 10c., Tr. Pkt. 25c.

Aubrietia "Gloriosa Hybrids"

BAPTISIA

(FALSE INDIGO)

Australis. Blue Lupin-like spikes on bushy, attractive plants. Very useful for long hedges and a group of them in the June garden makes a bright show. 4 ft. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 30c., Oz. 75c.

BELLIS

(DOUBLE ENGLISH DAISY)

Delightful little dwarf clumps covered with large, double flowers on 6-inch stems. Excellent for Spring bedding. Seed can be sown in August for Spring blooming and in April for mid-summer bloom.

Perennis "Longfellow." Rose red.

Perennis "Snowball." Pure white.

Perennis Choice Mixed. Balanced.

Any of above:

Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{8}$ oz. 50c.

Monstrosa. A selected strain of extra large doubles. Pretty as a cut flower in dainty bouquets.

Rose
Red

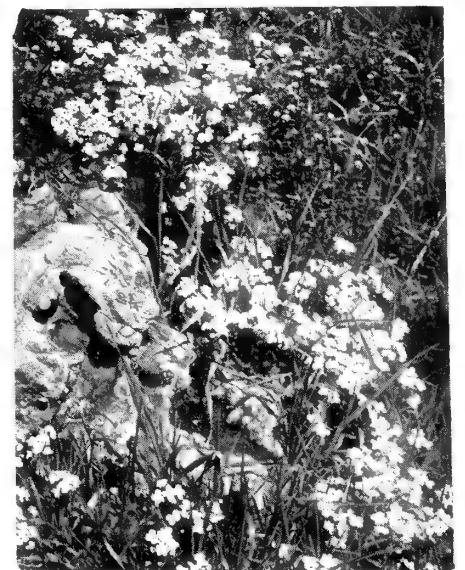

White
Mixed

Any of above:

Pkt. 15c., Tr. Pkt. 35c., $\frac{1}{8}$ oz. 60c.

COLLECTION 44: A packet each of the 3 Monstrosa colors—only 30c.

Etna. A brilliant red double of giant size. An early Spring bloomer for the rockery. Pkt. 20c., Tr. Pkt. 50c.

Arabis Alpina

Use the different Campanulas for interesting effects

BOCCONIA

(PLUME POPPY)

Cordata. Panicles of creamy white on tall, stately stems. Attractive foliage. 6 ft. Pkt. 10c., Tr. Pkt. 25c.

BOLTONIA

Latisquama. The myriad of bright pink Daisies lend a brightness to the garden from late August until frost. 5 ft. Pkt. 10c., Tr. Pkt. 25c.

CALAMINTHA

Alpina. The Alpine Mint is a pleasing dwarf among the rocks. Covered with lavender flowers. 6 in. Pkt. 15c., Tr. Pkt. 35c.

CALANDRINIA

Umbellata. A neat little gem smothered with vivid scarlet flowers in June. 6 in. Pkt. 15c., Tr. Pkt. 40c.

CALLIRHOE

(POPPY MALLOW)

Involucrata. Rich crimson, Poppy-like flowers in great profusion on trailing deep green foliage. Pkt. 15c., Tr. Pkt. 40c.

CALOCHORTUS

(MARIPOSA LILY)

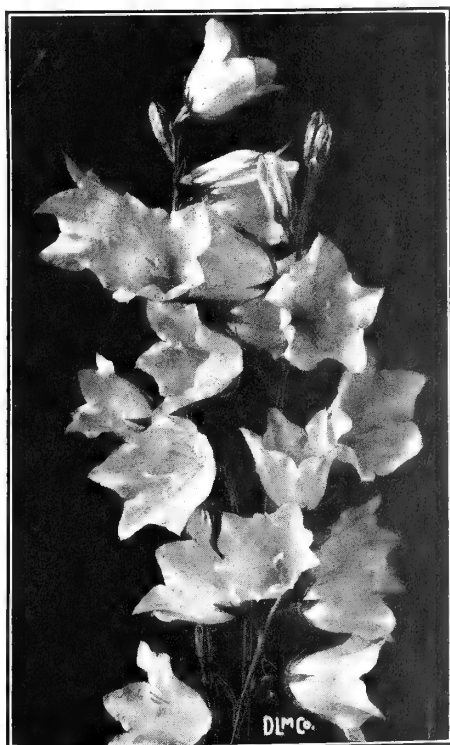

Choice Mixed. The gayly colored wild Tulips of the West. Charming in the rockery with their varied forms and colors. Pkt. 20c., Tr. Pkt. 50c.

CAMASSIA

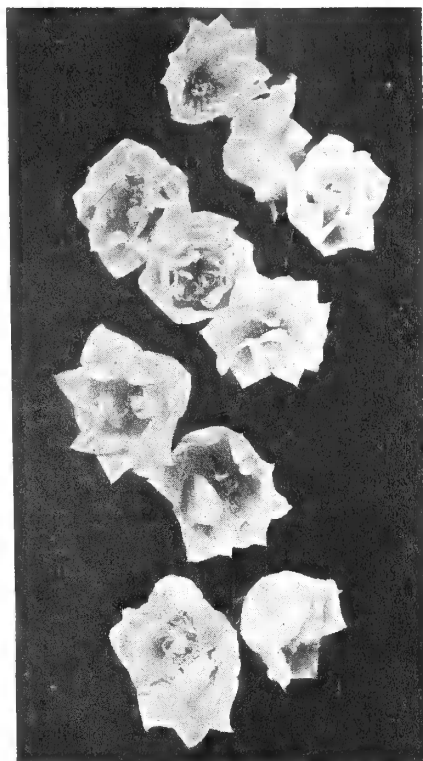

Sow early to freeze for best results.

Esculenta. An ideal subject for a moist, shady spot in the garden. Clusters of rich purple flowers on 3-ft. stems. Pkt. 20c., Tr. Pkt. 50c.

Leichtlini alba. Resembles and is as effective as Eremurus. Large, creamy, star-like flowers on stately 4-ft. stems. Pkt. 20c., Tr. Pkt. 50c.

Campanula "Telham Beauty"

Campanula "Moerheimi"

CAMPANULA

(BELLFLOWERS)

An interesting and very useful flower family in American gardens. A constant show of bright color from May until late Summer. The seed is very fine and should be sown with care. Start as early as possible.

Tall Garden Varieties

Glomerata. Large flower clusters of bright blue on erect 1½ ft. stems. Effective in a group. June and July. Pkt. 10c., Tr. Pkt. 25c.

Macrantha. Vivid bright purple flower heads on 3-ft. stems in the early Summer. Pkt. 10c., Tr. Pkt. 25c.

Persicifolia grandiflora. The Peachleaf Bellflower is one of our most attractive garden plants. An improved strain with stiff, 3-ft. stems bearing large open bells. From early June well into the Summer. Useful for cutting.

Blue White Or Mixed
Pkt. 15c., Tr. Pkt. 35c.

Persicifolia "moerheimi." The distinctive double white variety of extra size. Pkt. 20c., Tr. Pkt. 50c.

Persicifolia "pfitzeri." This handsome double bright blue makes a grand display. Pkt. 20c., Tr. Pkt. 50c.

Persicifolia "Telham Beauty." An exquisite China blue single of exceptional size. Pkt. 20c., Tr. Pkt. 50c.

Pyramidalis. The Chimney Bellflower is a stately tall variety. Long, graceful spikes filled with bells. 5 ft.

Blue White Or Mixed
Pkt. 10c., Tr. Pkt. 25c., ⅛ oz. 50c.

War conditions have limited the supply of many items. We will be able to render you better and more prompt service if you will send a list of varieties as substitutes. For this favor we will add gratis packets to your order.

CAMPANULA—Continued

Rock Garden Types

Bellardi-Mirandi. A charming little Alpine with tiny silver blue bells carried 2 in. above the varnished deep green tufts. Pkt. 30c.

Carpatica. The Carpathian Harebell is an old favorite. A rugged dwarf. 6 in.

Blue White Or Mixed
Pkt. 10c., Tr. Pkt. 25c., ⅛ oz. 40c.

Collina. An upright dwarf, bushy plant, thickly covered with satiny purple, pendant bells in May and June. Pkt. 20c., Tr. Pkt. 50c.

Fragilis. A pretty trailer with tiny bells of bright Cambridge blue in great profusion. Pkt. 15c., Tr. Pkt. 35c.

Glomerata Acaulis. A sturdy little dwarf with clusters of deep blue flowers on erect, 6 in. stems. Unusual. Pkt. 20c., Tr. Pkt. 50c.

Garganica major. One of the finest of Alpines. Neat tufts of crinkly heart-shaped leaves covered with star-like flowers of bright blue. Pretty nestled among the rocks. 4 in. Pkt. 20c., Tr. Pkt. 50c.

Poscharskyana. The profuse blooming Siberian Harebell. Neat tufted foliage with prostrate stems filled with cup-shaped flowers of bright lavender blue. Recommended. Pkt. 25c.

Pusilla. A choice Alpine forming mats of deep green studded with nodding rich blue bells on 3 in. stems. Pkt. 20c., Tr. Pkt. 50c.

Rotundifolia. The delightful Blue Bells of Scotland. Its pendant bright blue flowers on wiry, slender 1-ft. stems are constantly in bloom during the Summer. Pkt. 10c., Tr. Pkt. 25c.

Rotundifolia "Olympica." A grand novelty from Western America. The flowers are twice the size of the type in a rich vivid blue. Pkt. 20c., Tr. Pkt. 50c.

COLLECTION 45: A packet each of Bellardi-Mirandi, Glomerata acaulis, Fragilis, and Rotundifolia only 50c.

Canterbury Bells

The following varieties are Biennials. The most colorful and profuse blooming of all garden plants.

Calycanthema. The large Cup-and-Saucer. A glorious show in the early Summer. 3 ft.

Blue Rose White Or Mixed
Pkt. 10c., Tr. Pkt. 25c., ⅛ oz. 40c.

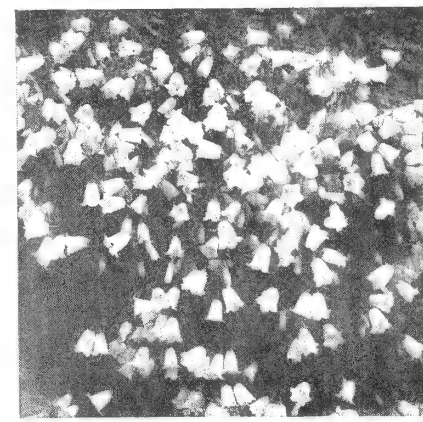

Medium Single. The beautiful Canterbury Bells.

Blue Rose White Or Mixed
Pkt. 10c., Tr. Pkt. 20c., ¼ oz. 30c.

Medium Double. An attractive novelty with a large cup within a bell.

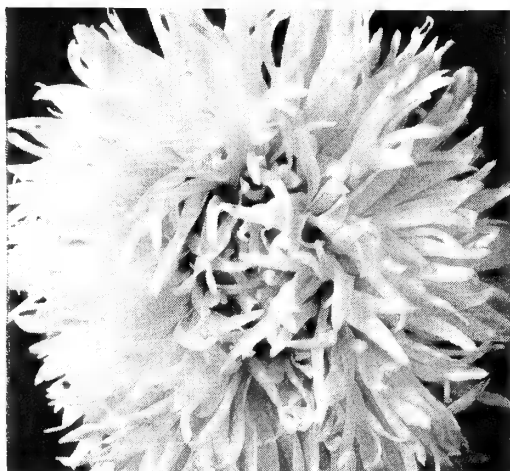

Blue, White Rose Or Mixed
Pkt. 15c., Tr. Pkt. 35c.

Medium "Dean's Hybrids." A fine range of colors from deep shades of blue to delicate pinks in singles and doubles. Pkt. 10c., Tr. Pkt. 25c.

Campanula Rotundiflora "Olympica"

The Grenadin Carnations are very popular

Double Shasta Daisy

CARNATIONS

Their spicy fragrance, their bright cheerful color, their grace of habit and their ease from seed make them invaluable for garden decoration and cutting.

Grenadin. The most popular because of its well formed double flowers and its hardness. Strong, stiff, 15 in. stems.

Bright Scarlet	White Gem
King of Blacks	Select Mixed
Rose Queen	

Any of above:
Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{8}$ oz. 50c.

Grenadin "White Gold." A recent novelty of rich golden yellow color. A welcomed addition. Pkt. 15c., Tr. Pkt. 40c.

Chabaud's Improved Doubles. Giant fringed doubles blooming in five months from seed. 18 in.

Cardinal. Bright vermilion.

Jeanne Dionnis. Pure white.

Marie Chabaud. Bright yellow.

Nero. Oxblood red.

Reine Rose. Soft deep rose.

Choice Mixed. Balanced.

Any of above: Pkt. 15c., Tr. Pkt. 40c.

COLLECTION 46: A packet each of the 5 Named Varieties—only 50c.

Giant Marguerite. Delicately scented doubles in a full range of bright colors. Blooms within three months from seeds. Many of them will equal in size our best greenhouse Carnations. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{8}$ oz. 40c.

Vienna Market. A desirable early flowering type for the border. A perfect blend of rich colors. Fragrant doubles. 12 in. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{8}$ oz. 40c.

Carnations

CASSIA

Marylandica. The yellow Indian Senna so useful for its show in late Summer borders. Rugged 4-ft. plants. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{4}$ oz. 50c.

CATANANCHE

(CUPID'S DART)

Caerulea. Crisp, dainty sky-blue flowers similar to an Everlasting. Fine for cutting. 1 ft. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{4}$ oz. 50c.

CENTAUREA

Dealbata. Shaggy flowers of rose tinted with lavender in great profusion. Interesting, finely cut foliage. 2 ft. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{8}$ oz. 40c.

Macrocephala. Unique large yellow thistles on erect 2½-ft. stems. An unusual cut flower. Combined with Delphinium it is highly decorative. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{4}$ oz. 50c.

Montana. The popular hardy Blue Cornflower. 2 ft. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{4}$ oz. 40c.

Ruthenica. A choice Roumelian species. Large pastel yellow flowers on sturdy, 3-ft. stems. Pkt. 20c., Tr. Pkt. 50c.

CEPHALARIA

(YELLOW SCABIOSA)

Tatarica (*Scabiosa pennsylvanica*). Large, creamy yellow flowers similar in form to the hardy Scabiosa, on tall, stately 5-ft. plants. Midsummer bloomer. Recommended for the back border and is a useful cut flower. Pkt. 15c., Tr. Pkt. 35c., $\frac{1}{4}$ oz. 50c.

CERASTIUM

(SNOW-IN-SUMMER)

Tomentosum. A silver gray creeper completely hidden during the Summer by a sheet of snow white flowers. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{4}$ oz. 50c.

CHRYSANTHEMUM

(SHASTA DAISY)

Maximum "Alaska." An improved white Daisy so popular for cutting and for show in the June border. 30 in. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{4}$ oz. 50c.

Maximum "Conqueror." A reselected strain of excellent form and extra size. Pkt. 15c., Tr. Pkt. 40c., $\frac{1}{4}$ oz. 60c.

Maximum "Fringed Beauty." A beautifully fringed single with large curled white petals. 30 in. Pkt. 15c., Tr. Pkt. 35c.

Double Shasta Daisy. The distinctive Diener's strain. Shaggy, full doubles of glistening white and many semi-doubles of splendid form. Does not come 100 per cent true but all flowers produced are of superior quality. Pkt. 20c., Tr. Pkt. 50c.

Chrysanthemum Novelties

Korean Hybrids. The seed of this early strain is taken from a collection of these beautiful Fall hybrids. Should show all types of singles and doubles in the wonderful color range. Pkt. 30c.

Mawi. A pleasing dwarf gem. A shower of rich pink Daisy-like flowers on compact silvery gray foliage. Showy in the rockery during June and July. 10 in. Pkt. 15c., Tr. Pkt. 40c.

CHEIRANTHUS

(SIBERIAN WALLFLOWER)

Allioni. A vivid show of bright orange. 1 ft. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 30c.

Allioni "Golden Bedder." A dwarf English novelty. Smothered with golden yellow flowers. 1 ft. Pkt. 10c., Tr. Pkt. 25c.

Chrysanthemum, Korean

CIMICIFUGA

Racemosa. The handsome American native Snake Root. Graceful, feathery spikes of white on waving 5-ft. stems. Useful for Midsummer bloom in semi-shady locations. Pkt. 15c., Tr. Pkt. 35c.

CONVOLVULUS

Mauritanicus. A handsome dark green trailer with large, open flowers of bright blue. Give it a sunny spot in the rockery. Pkt. 15c., Tr. Pkt. 40c.

COREOPSIS

Mayfield Giants. The best strain of single rich golden yellow. Pkt. 10c., Tr. Pkt. 20c., $\frac{1}{4}$ oz. 30c.

Double "Sunburst." A gorgeous golden yellow double, 3 to 3½ in. across. A fascinating cut flower. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{4}$ oz. 40c.

CORONILLA

Cappadocica. A splendid low-growing trailer with glaucous leaves and rich golden yellow flower heads. 3 in. Pkt. 25c.

CRUCIANELLA

Stylosa. A creeper forming mats of deep green studded with ball-shaped flowers of bright pink. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{4}$ oz. 40c.

Cerastium tomentosum

New Improved Strains of fine Delphiniums

HUNTINGTON'S DELPHINIUMS

Choice strains from the world's leading hybridizers. Delphinium seed can be sown in the Spring or in August. April sown seed will produce flowers in late Summer.

Superior Strains

Wrexham Hollyhock Strain. The world renowned de luxe English strain. Enormous rugged flower spikes of majestic appearance. A well blended color range in extra large flowers, many of them doubles and semi-doubles with attractive bee-type centers. Highly recommended. Pkt. 20c., Tr. Pkt. 50c., 1/8 oz. \$1.00.

Wrexham "Art Shades." A mixture designed for unusual cutting material. Large doubles and semi-doubles in pleasing shades of mauve, lavender, deep pink and rose blended with odd tones of blue. Pkt. 25c., Tr. Pkt. 70c.

Blackmore & Langdon's Doubles. The recognized peer of British Delphinium. A reselected strain running to a high percentage of doubles. A superb range of colors. Pkt. 20c., Tr. Pkt. 50c., 1/8 oz. \$1.00.

La Martine. The finest single rich indigo blue. Each floret is handsomely crested with a white bee. Sturdy, rugged habit. Pkt. 15c., Tr. Pkt. 40c., 1/8 oz. 75c.

Belladonna "Cliveden Beauty." The improved strain of the ever popular light blue single so important and useful as a cut flower. Pkt. 10c., Tr. Pkt. 25c., 1/8 oz. 50c.

Bellamosum Improved. A select strain of deep rich blue single flowers. Pkt. 10c., Tr. Pkt. 25c., 1/8 oz. 50c.

Delphinium Species

Chinensis Tall. Fine for cutting and a bright touch of color in the border. Blooms first season when sown early. 3 ft.

Dark Blue White Or Mixed
Pkt. 10c., Tr. Pkt. 20c., 1/4 oz. 40c.

Chinensis, "Cambridge Blue." A new, vivid bright blue of fine form. 3 ft. Pkt. 10c., Tr. Pkt. 25c., 1/8 oz. 45c.

Chinensis Dwarf. Interesting 1 ft. plants for bedding or the rockery. Rich clear colors.
Azure Fairy, Blue Butterfly or Mixed
Pkt. 10c., Tr. Pkt. 20c., 1/4 oz. 45c.

Nudicaule. A brilliant scarlet, semi-dwarf native of California. 15 in. Pkt. 10c., Tr. Pkt. 25c.

Nudicaule "Lemon Gem." Unusual rich clear lemon. Pkt. 15c., Tr. Pkt. 35c.

Zalil. A rare and lovely variety from the mountains of Afghanistan. Spikes of sulphur yellow on 2 1/2-ft. stems. Start early as the seed is slow to germinate. Pkt. 20c., Tr. Pkt. 50c.

NEW PACIFIC GIANTS Vetterle and Reinelt Strains

A remarkable new strain developed on the Pacific Coast. Extremely large and well formed flowers, 2 1/2 to 3 1/2 inches in diameter, symmetrically spaced on well balanced spikes of thin woody stems, practically 100 per cent double.

"Galahad Series." Clear white of enormous size with well spaced, pyramidal spikes. The individual florets average 3 in. across and are of a heavy, glistening texture. Strong, whippy stems. A high percentage are mildew-resistant. "Galahad" not only puts the white on a par with the largest and strongest Delphiniums, but in many cases supercedes them. Pkt. 50c., Tr. Pkt. \$1.25.

"Lancelot Series." A new color in Delphinium of pure lilac self tone with white bee. The florets are 2 to 2 1/2 inches in diameter. The growth has all the desirable characteristics making it an ideal cut and show flower. Pkt. 50c., Tr. Pkt. \$1.25.

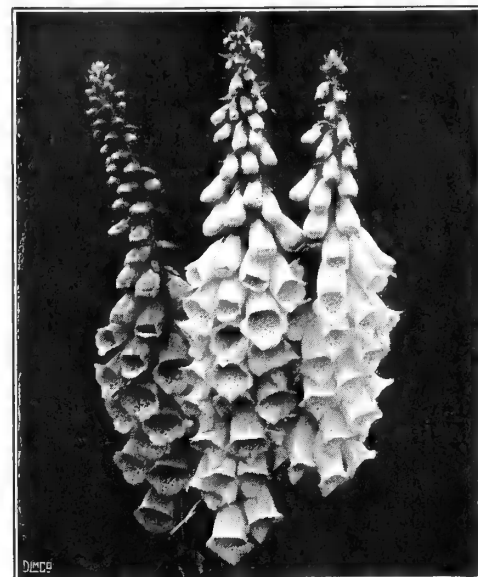

"King Arthur Series." Brilliant royal violet with large white bee. Very long, graceful spikes set with large 2 1/2-in. florets. A bold striking show. Pkt. 40c., Tr. Pkt. \$1.00.

"Guinevere Series." Light pink lavender self with handsome white bee. Excellent branching habits making it an especially fine cut flower. Pkt. 40c., Tr. Pkt. \$1.00.

"Summer Skies Series." Clearest light blue with attractive white bee. Thin, whippy stems with very strong branching habits. Pkt. 40c., Tr. Pkt. \$1.00.

"Giant Pacific Hybrids." A grand mixture in all the glorious colors found in Delphiniums. Pkt. 30c., Tr. Pkt. 75c.

COLLECTION 47: A packet each of the 5 Named Series—only \$1.75

Digitalis Shirley Select

DICENTRA (BLEEDING HEART)

Dicentra seed responds quite favorably to the freezing treatment. We advise sowing outside as early as possible in the Spring.

Eximea. The grand everblooming, plumy-leaf Bleeding Heart. Finely cut attractive foliage and cherry red hearts from May until late in the Fall. 15 in. Pkt. 10c., Tr. Pkt. 25c., 1/8 oz. 50c.

Oregana. A charming dwarf western native. The heart-shaped flowers are a dainty cream tipped with rich rose. Silvery glaucous foliage. A rare rock plant. Pkt. 25c.

DICTAMNUS A Garden Aristocrat

Dictamnus has a hard seed which should be frozen. Sow seeds outside as early as possible for best results.

Fraxinella. The Gas Plant is an established favorite. Glossy, citron scented foliage and handsome flower spikes 2-ft. long.

Rose White Or Mixed
Pkt. 15c., Tr. Pkt. 40c., 1/8 oz. 50c.

DIGITALIS The Stately Foxglove

Ambigua. Heavy, 3-ft. spikes of deep yellow marked with brown. Pkt. 10c., Tr. Pkt. 25c.

Gloxiniaeflora. Handsome full spikes set with drooping bells add grace and color to the Summer gardens. 4 ft.

Rose Purple White Mixed

Isabellina, new yellow

Any of above:

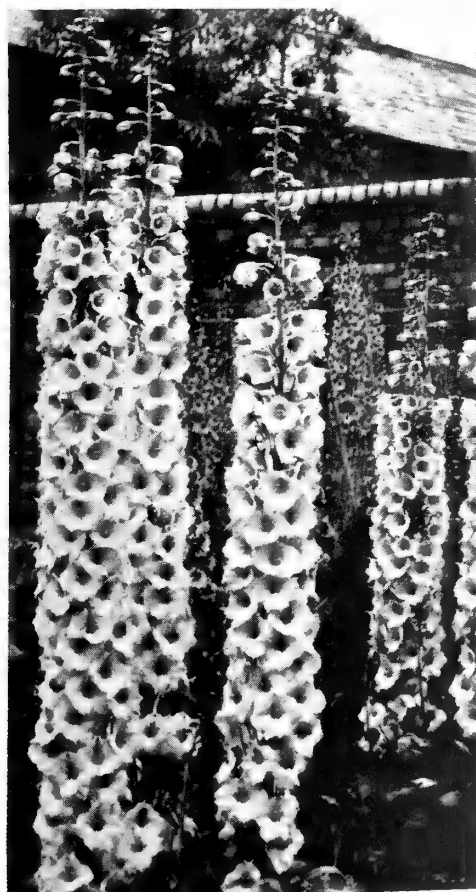

Pkt. 10c., Tr. Pkt. 20c., 1/4 oz. 35c.

COLLECTION 50: A packet each of the 4 colors—only 25c.

The Shirley Hybrids. Rugged sturdy spikes in bright pastel colors. 4 ft. Pkt. 10c., Tr. Pkt. 25c., 1/4 oz. 40c.

Shirley Hybrids Select. An English strain of great beauty. Giant flowers in a blending of rich colors. Pkt. 15c., Tr. Pkt. 35c.

Hybrida Lutzi. This beautiful salmon pink is rapidly becoming one of the favorites. 3 ft. Pkt. 10c., Tr. Pkt. 25c.

Delphinium Wrexham Strain

Doronicum and Eremurus Seed should be frozen

DIANTHUS

Colorful Garden Pinks

The Dianthus family is noted for its gay, cheerful color and for its spicy, rich fragrance. Among the following varieties you will find those that add their charm to the garden and also serve as dependable cut flowers.

Aliwoodi. A fine English novelty. The flowers are double and so large they resemble Carnations. Stocky, 15 in. plants. Pkt. 25c.

"Delight." A recent introduction that adds gaiety and color to the Summer border. Rich reds and salmon shades predominating. 9 in. Pkt. 20c., Tr. Pkt. 50c.

Knappi. A yellow Pink. Unique clusters of pretty flowers on stout 15 in. stems. A rich clear yellow. Pkt. 20c., Tr. Pkt. 50c.

Plumarius "Double Dwarf Erfurt." Splendid doubles and semi-doubles in a cheerful mixture. Dwarf and compact, ideal for bedding. 10 in. Pkt. 10c., Tr. Pkt. 25c.

Plumarius semperflorens. The most popular Garden Pinks. Pretty frilled bright colored singles with spicy fragrance. 15 in. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 35c.

Plumarius Double Mixed. A select strain of large doubles and semi-doubles. Grand cutting material with their Carnation-scented fragrance. Pkt. 15c., Tr. Pkt. 35c., ¼ oz. 50c.

"Loveliness." Shaggy, finely fringed white flowers tinted with rosy mauve. A fascinating, spicy fragrance. Pkt. 20c., Tr. Pkt. 50c.

Sweet Wivelsfield. Extra large fringed and laciniated flowers in a bright colorful display. A pleasing cut flower. 1 ft. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 40c.

Winteri. A comparatively new strain of extra large singles in a grand range of pure colors. Compact tufts of gray green. Honored by the Royal Horticultural Society. 1 ft. Pkt. 20c., Tr. Pkt. 50c.

COLLECTION 48: A packet each of the Garden Pinks—only \$1.00

Dianthus Sweet Wivelsfield

Rock Garden Dianthus

Alpinus. One of the most delightful of all Alpine gems. Glossy, compact foliage with large rose flowers on stocky, 3 in. stems. Pkt. 20c., Tr. Pkt. 50c.

Arenarius. A shower of lacy white flowers delicately tinted lavender. Gray green foliage. 8 in. Pkt. 15c., Tr. Pkt. 35c.

Arvenensis. Neat, compact mounds of bright green, only 4 in. high, studded with hundreds of rose pink flowers in June. Choice among the rocks and is becoming very popular as an edging plant. Always tidy and trim appearing. Pkt. 20c., Tr. Pkt. 50c.

Caesius. Solid small cushions of gray green covered with laciniated pink flowers in the early Summer. 8 in. Pkt. 10c., Tr. Pkt. 25c.

Deltoides. The Maiden Pink is pretty among the rocks. Spreading deep green foliage and a myriad of bright pink flowers in May and June. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 40c.

Deltoides erecta. A new form of merit. Rich pink flowers on erect 6 in. stems. Neat in a rock wall. Pkt. 15c., Tr. Pkt. 35c.

Deltoides "Major Stearns." A charming creeper with deep crimson flowers and bronze green foliage. Pkt. 15c., Tr. Pkt. 35c.

Neglectus. The true Glacier Pink. Cherry red flowers with reverse petals of buff on diminutive tufts of deep green. 4 in. Pkt. 20c., Tr. Pkt. 50c.

"Little Jock Hybrids." A dwarf Plumarius type of recent introduction. The rose and pink flowers are prettily fringed, many of them choice doubles. Compact, glaucous foliage. 8 in. Pkt. 25c.

Rock Varieties Mixed. A special mixture made up of all of the above and many other rare varieties, the seeds of which we have in such limited quantities that we cannot offer them separately. Highly recommended. Pkt. 15c. Tr. Pkt. 40c.

COLLECTION 49: A packet each of the following: *Alpinus*, *arvenensis*, *caesius*, *deltoides erecta*, and *neglectus*—only 60c.

DODECATHEON

Meadia. The pretty American Cowslip. Pale purple and yellow blooming in the early Spring. 1 ft. Pkt. 20c., Tr. Pkt. 50c.

DORONICUM

Sow outside early in the Spring. Will germinate better if frozen.

Caucasicum magnificum. Large bright yellow Daisies on stiff 18 in. stems in May. A grand cut flower for Decoration Day. Pkt. 20c., Tr. Pkt. 50c.

DRYAS

Sow early in the Spring outside.

Sundermanni. A grand Alpine with extra large pale lemon flowers on stubby 3-in. stems. Will stand more hot weather than *D. octopetala*. Pkt. 20c.

DOUGLASIA

Montana. A rare American Alpine. A tidy miniature cushion of deep green dotted with stemless brilliant pink small flowers. In the western mountains it is found on exposed rock ridges in gritty soil. Pkt. 25c., Tr. Pkt. 70c.

EDRAIANTHUS

Dalmaticus. A pleasing little Alpine related to the Campanula family. Short trailing stems filled with cup-shaped rich blue flowers. 4 in. Pkt. 25c.

ECHINOPS

Ritro. The striking Blue Globe Thistle. It is a mass of steel blue in July and August. 3 ft. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 35c.

Doronicum Caucasicum

EREMURUS

The Stately Foxtail Lily

Sow early outside to freeze for best results.

Selected Hybrids. Collected from rare imported varieties showing the widest color range from clear pink to rich saffron yellow. Tall, heavy spikes 5 to 6 ft. in May and June. Pkt. 25c., Tr. Pkt. 65c.

ERIGERON

Speciosus Hybrids. A profusion of Aster-like lavender blue flowers in June. Slender 2½-ft. stems. Pkt. 10c., Tr. Pkt. 25c.

ERINUS

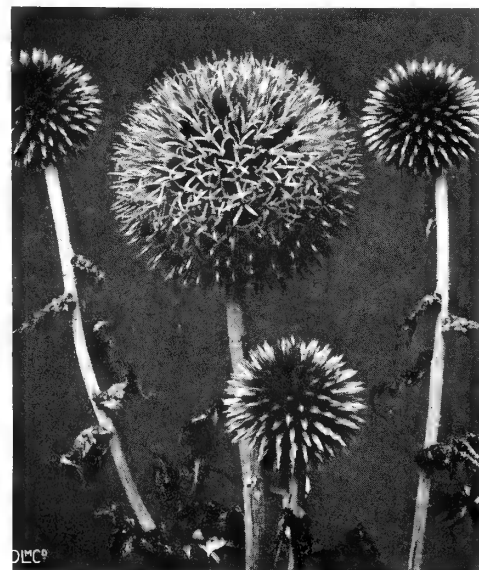

Alpinus. A tidy little Alpine. Miniature tufts of foliage covered with tiny purple flowers. 4 in. Pkt. 20c., Tr. Pkt. 50c.

ERYNGIUM

(SEA HOLLY)

Amethystinum. A handsome plant for the border, covered with steel-blue, globe-shaped flowers. Dries well for Winter bouquets. 2½ ft. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 45c.

Bourgati. A showy, symmetrical plant covered with light blue, ball-shaped flowers. 2 ft. Pkt. 15c., Tr. Pkt. 35c.

Echinops Ritro

The Gentians require freezing for best results

Erigeron Speciosus

ERYTHRONIUM

(DOG'S TOOTH VIOLET)

Grandiflorum robustum. A grand variety for naturalizing or for the shady rockery. Gay buttercup yellow flowers on graceful 15 in. stems. Pkt. 15c., Tr. Pkt. 40c.

Johnsoni. Large, Lily-like rose pink flowers colorfully marked at the base by chrome yellow. One of the loveliest for the rock garden. Pkt. 20c., Tr. Pkt. 50c.

EUPATORIUM

HARDY AGERATUM

Coelestinum. A shower of misty purple from August well into the Fall. A fine cutter and is a border plant of merit. 1½ ft. Pkt. 10c., Tr. Pkt. 25c.

Purpureum. A tall, attractive American native. Clusters of French blue flowers on stout 3-ft. stems. Pkt. 10c., Tr. Pkt. 25c.

EUPHORBIA

Myrsinites. Graceful, prostrate glaucous gray foliage. Yellow flower heads in June. Useful among the rocks. Pkt. 15c., Tr. Pkt. 35c.

FUNKIA

Sieboldianum. A choice Plantain Lily, forming great mounds of bright green leaves with 2 to 3 ft. spikes of lavender blue flowers. Pkt. 15c., Tr. Pkt. 35c.

GAILLARDIA

(BLANKET FLOWER)

Monarch Strain Mixed. A new, improved English strain of superior size. Extra large flowers of wonderful form. A gorgeous display of bright color from orange to glowing red. Pkt. 15c., Tr. Pkt. 35c.

"Burgundy." The large, coppery red novelty. Comes quite true to color. Pkt. 10c., Tr. Pkt. 25c., ½ oz. 50c.

Tangerine Improved. A striking rich tangerine orange of fine form. Pkt. 10c., Tr. Pkt. 25c., ½ oz. 40c.

Portola Hybrids. Improved semi-doubles in shades of deep red to orange. Pkt. 10c., Tr. Pkt. 25c., ½ oz. 35c.

The Dazzler. Large, well-formed flowers in a vivid splash of crimson and gold. Pkt. 10c., Tr. Pkt. 25c., ½ oz. 35c.

"Goblin." An interesting dwarf novelty. The compact plants are a blaze of rich red and yellow. Recommended for edging, for beds, or for spots of color in the rockery. 12 in. Pkt. 15c., Tr. Pkt. 40c.

GAULTHERIA

Our Native Wintergreen

Procumbens. The American Creeping Wintergreen. Filled with bright red berries in the Fall. Pkt. 15c., Tr. Pkt. 40c.

GERANIUM

Endressi. A splendid little rock plant providing color in Midsummer. Soft crimson lined flowers succeeding either in full sun or partial shade. 10 in. Pkt. 20c., Tr. Pkt. 50c.

GENTIANA

An interesting group for both the rock garden and perennial border. A bit difficult from seed but by sowing early to get the benefit of freezing your results will be much more satisfactory.

Acaulis. A gem from the Swiss Alps. Considered by many to be the finest subject for a true Alpine garden. Brilliant blue, trumpet-shaped flowers cover a carpet of deep green. 3 in. Pkt. 15c., Tr. Pkt. 40c.

Andrewsi. The lovely American native Bottled Gentian. Clusters of deep blue flowers on 10-in. stems in the late Summer. Pkt. 15c., Tr. Pkt. 35c.

Crinita. Our beautiful native fall blooming, Fringed gentian. Pkt. 25c., Tr. Pkt. 70c.

Hascombensis. An Award of Merit for this fine novelty by the R. H. S. Large blue flowers speckled with white in the throat on erect 18 in. stems. An unusual show in July when placed in a cool situation. Pkt. 20c., Tr. Pkt. 50c.

GEUM

Borisi. A rugged Alpine with vivid scarlet single flowers. Low growing bright green foliage. Pkt. 15c., Tr. Pkt. 40c.

Heldrichi splendens. An improved form of the choice Grecian native. Large, single flowers of rich orange on wiry 12 in. stems in the Spring. Compact tufts of bright green crinkled leaves. Pkt. 25c., Tr. Pkt. 65c.

"Lady Stratheden." Double golden yellow flowers on erect, 18-in. stems. Handsome, lacinated foliage. Pkt. 10c., Tr. Pkt. 25c., ½ oz. 50c.

"Mrs. Bradshaw." Bright scarlet double flowers in June and July. Grand for cutting. Pkt. 10c., Tr. Pkt. 25c., ½ oz. 50c.

"Prince of Orange." This choice novelty is similar to the above two varieties but the flowers are a brilliant orange of extra size. Pkt. 20c., Tr. Pkt. 50c.

GLOBULARIA

Cordifolia. Leathery deep green tufted foliage with a profusion of globe-shaped blue buttons coming in late May. The flowers start right in the leaves, rising as they age to about 10 in. A fine, dependable rock plant. Pkt. 10c., Tr. Pkt. 25c.

Gaillardia "Goblin"

Gentiana Acaulis

GYPSOPHILA

(HARDY BABY'S BREATH)

Oldhamiana. A profusion of large pink flowers on erect, 4-ft. bushes in June. Award of Merit by the R.H.S. Pkt. 15c., Tr. Pkt. 35c., ½ oz. 50c.

Paniculata. The old favorite white Baby's Breath. Pkt. 10c., Tr. Pkt. 20c., ¼ oz. 30c.

Double "Snowflake." A new early flowering double. The compact bushes are a mass of pearly white. A delightful cut flower. Will vary somewhat from seed. 3 ft. Pkt. 20c., Tr. Pkt. 50c., ½ oz. 75c.

Repens. A dwarf prostrate plant filled with dainty white flowers. Recommended for the rockery. Pkt. 10c., Tr. Pkt. 25c.

Repens rosea. The clear pink form of above. A prolific bloomer. Pkt. 10c., Tr. Pkt. 25c.

HELENIUM

Riverton Gem. A myriad of old gold and Wall-flower red flowers covering symmetrical plants in the late Summer. 3 ft. Pkt. 10c., Tr. Pkt. 25c.

HELIANTHEMUM

Mutabile Mixed. The dainty Sun Rose. Dwarf foliage smothered with small blossoms in clear, pastel colors in the early Summer. 8 in. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 50c.

HELIOPSIS

(ORANGE SUNFLOWER)

Pitcheriana. Bright golden orange flowers about 2 in. across on sturdy, 3-ft. stems in July and August. Fine for cutting. Pkt. 10c., Tr. Pkt. 25c.

HELLEBORUS

(CHRISTMAS-ROSE)

Seed should be sown early outside to freeze. It is irregular in germinating, sometimes taking two years.

Niger. The popular Winter-blooming dwarf. Handsome, deep green leaves and pretty white flowers attractively veined crimson. Pkt. 10c., Tr. Pkt. 25c.

HEMEROCALLIS

Choice Hybrids. Taken from the finest of Betscher's and Stout's famous hybrids. Such varieties as "Hyperion," "Vesta," "Modesty," "Waubun," "Ophir," "Gypsy," "Mrs. J. A. Crawford," "Goldeni" and a number of yet unnamed novelties were used as the source of this seed. Pkt. 25c.

Our Red Hibiscus Seed is a selected strain

Helleborus Niger

HERACLEUM

Sow outside early to freeze.

Giganteum. As a single specimen in the shady section of the garden or as a group in the wild garden this is very showy. Lofty 6-ft. stems bear white flowers in umbels. A curious but attractive plant. Pkt. 20c., Tr. Pkt. 50c.

HESPERIS

(SWEET ROCKET)

Matronalis Mixed. Pretty Phlox-like flowers in shades of purple, red or white. A bright touch of color for the June garden. 2 ft. Pkt. 10c., Tr. Pkt. 20c., ¼ oz. 30c.

HETEROPAPPUS

Blue Daisy. A native of Mongolia recently introduced to American gardens. A Summer-flowering Daisy about 20 in. tall, producing an immense number of bright blue flowers. Pkt. 10c., Tr. Pkt. 25c.

HEUCHERA

(CORAL BELLS)

Start the seed early inside in March. Use quite a bit of peat in the soil for best results.

Sanguinea. Tiny bells of sparkling crimson. Sturdy, leathery foliage in clumps. Pkt. 15c., Tr. Pkt. 40c.

HIBISCUS

(GIANT MALLOWS)

☞ We have carefully selected the separate colors in these grand border plants. They are very effective in the perennial garden and when planted among evergreens add a bright show. 5 ft.

Huntington's Select Reds.

Huntington's Choice Mixed.

Any of above:

Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 50c.

HIERACIUM

Aurantiacum. A brilliant colored native with deep orange red flowers in little clusters on waving 1-ft. stems. Pkt. 10c., Tr. Pkt. 25c.

HOLLYHOCK

The old dependable garden favorite greatly improved as to size and form. A bright display in the early Summer in the back border or at the base of a brick wall.

Chater's Improved Doubles. Large double flowers of perfect form set on strong, 6-ft. stems.

Crimson

Maroon

Newport Pink

Rose

Salmon

White

Yellow

Mixed

Any of above:

Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 50c.

COLLECTION 52: A packet each of the 7 colors—only 50c.

Doubles in Novelty Colors. Striking new colors and shades in double Hollyhocks. Tones of carmine, chamois, lilac, purple, cinnabar scarlet, Nankeen yellow and other beautiful tints in a grand mixture. Pkt. 15c., Tr. Pkt. 35c.

Double Exquisite. An odd-shaped, fine double in a blend of rich colors. Pkt. 10c., Tr. Pkt. 25c.

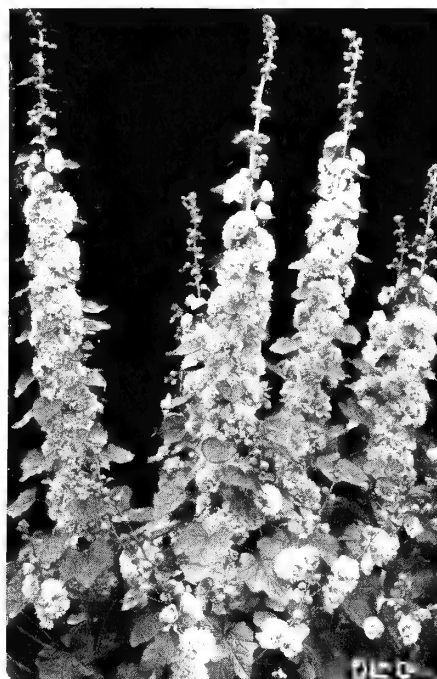

"Imperator." Pretty frilled flowers with a crested center. Grand color combinations such as canary and pink, scarlet and cream, lavender and gold abound in this fine English novelty. Pkt. 15c., Tr. Pkt. 35c.

"Triumph." Waved and fringed double flowers. Many of them are bicolors showing cream flushed rose, purple with a lavender overcast and other similar colorings. An English strain of great beauty. Pkt. 15c., Tr. Pkt. 40c.

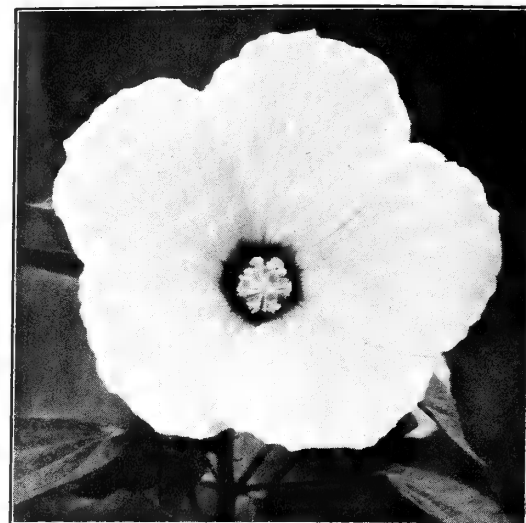

Hollyhocks are coming back in popularity. The renewed interest is the result of the great improvements made in the size and quality of the flowers.

HYACINTHUS

Candicans. The Cape-Hyacinth has large, fragrant Snowdrop-like flowers on tall spikes in the late Summer. Pkt. 10c., Tr. Pkt. 25c.

Hollyhock "Imperator"

Hibiscus

IBERIS

(HARDY CANDYTUFT)

Gibraltarica. Dwarf, stocky plants smothered with mottled lavender flowers in May and June. 8 in. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 50c.

Sempervirens. The old favorite with dwarf evergreen foliage and bracts of pearl white flowers in the early Summer. 8 in. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 40c.

INCARVILLEA

(HARDY GLOXINIA)

Delavayi. Long trumpet-shaped flowers of rich rose on erect, 1½-ft. stems. Attractive, pinnate foliage. Unusual. Pkt. 15c., Tr. Pkt. 35c.

Grandiflora brevipes. A semi-dwarf novelty with large flowers in shades of amaranth red. Pkt. 20c., Tr. Pkt. 50c.

INULA

Glandulosa superba. Large, showy golden yellow flowers for the back border. 3 ft. Pkt. 10c., Tr. Pkt. 25c.

"Golden Beauty." Attractive flowers on sturdy plants. 2½ ft. Pkt. 15c., Tr. Pkt. 40c.

IRIS

Iris seed germinates very easily if sown early. Sow outside in early March for best results.

Dichotoma. The Orchid-like Vesper Iris. Dainty lavender flowers on erect, 18-in. stems in August. Pkt. 20c., Tr. Pkt. 50c.

Innominata. A rare western native with slender foliage and dainty flowers in shades of lavender, yellow and purple on 8-in. stems. A fine American Alpine. Pkt. 25c., Tr. Pkt. 65c.

Kaempferi. The exotic Japanese Iris. Seed taken from a magnificent collection of named varieties. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 50c.

Missouriensis. A choice American native with pale blue flowers veined purple with a showy yellow midrib. Colorful in the Spring. 18 in. Pkt. 15c., Tr. Pkt. 35c.

COLLECTION 53: A packet each of the 4 Iris—only 50c.

ISATIS

Glauc. The Golden Gypsophila so effective as a cut flower. Panicles of yellow flowers on branching 2-ft. plants in May. Pkt. 10c., Tr. Pkt. 25c.

JASIONE

Perennis. Miniature vivid blue-tufted flowers in great profusion. Fine for the rock garden and very useful as a cut flower. 8 in. Pkt. 20c., Tr. Pkt. 50c.

Lilies add unusual beauty to the garden

Inula

LATHYRUS (HARDY SWEET PEA)

Latifolius. Colorful climbers and trailers for rock walls and fences. Blooms profusely during the early Summer.

Pink Beauty, Crimson, White Pearl Or Mixed

Pkt. 10c., Tr. Pkt. 25c., ½ oz. 40c.

LAVANDULA (ENGLISH LAVENDER)

Vera. The true English type with fragrant, blue gray foliage and tiny spikes of light lavender. 8 in. Pkt. 15c., Tr. Pkt. 35c.

LEONTOPODIUM (ALPINE EDELWEISS)

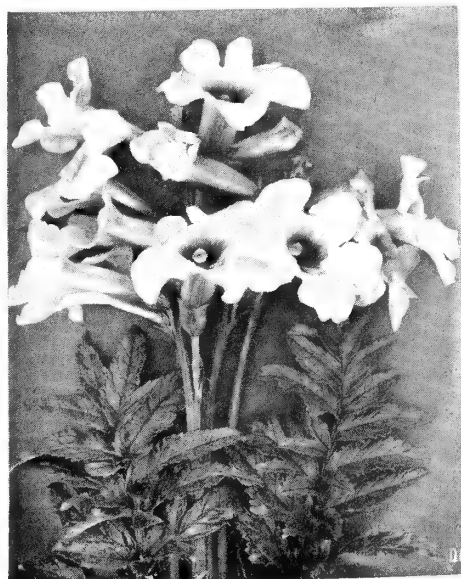

Alpinum. The famous Swiss Alpine. Silvery gray rosettes with fluffy white flowers. 6 in. Pkt. 15c., Tr. Pkt. 40c.

LEWISIA

A family of charming American Alpines found in the mountains of the West. Sow the seed early outside to freeze for best results.

Howellii. A beautiful gem, creeping among the rocks with wide rosettes of crinkled foliage. Wiry little stems are filled with flowers of light apricot streaked with rose. 6 in. Pkt. 20c. Tr. Pkt. 50c.

Rediviva. Waterlily-like flowers of waxy white tinted pink on short 3 in. stems. Pkt. 20c., Tr. Pkt. 50c.

Incarvillea Delavayi

LILIUM

Lilies lend a charm to the garden unrivaled by any other flower. Some of the following will produce large blooming sized bulbs in two years and all bloom the third season. Sow early. Some varieties such as Martagon do not send up a leaf the first season but make a bulb under the ground, so wait for them.

Auratum. The Gold Band Lily of Japan. Large white flowers shaded with gold in the throat. 4 ft. Pkt. 10c., Tr. Pkt. 25c.

Bolanderi. A choice western native with deep crimson, bell-shaped flowers spotted with purple. 2 ft. Pkt. 20c., Tr. Pkt. 50c.

Candidum, Var. "Salonica." An improved strain of the glorious "Madonna Lily." Pkt. 25c.

Canadense. Our beautiful native Lily. Curved petals of bright orange red. 3 ft. Rather scarce. Pkt. 15c., Tr. Pkt. 40c.

Concolor. The colorful Red Star Lily on short, 18 in. upright stems. Pkt. 10c., Tr. Pkt. 25c.

Giganteum. A grand border Lily with long, pure white, trumpet-shaped flowers on 7-ft. stems. Pkt. 20c., Tr. Pkt. 50c.

Lilium Henryi

Henryi. A sensational variety with perfectly formed flowers of brilliant orange. A vivid show in the border. 4 ft. Pkt. 15c., Tr. Pkt. 40c.

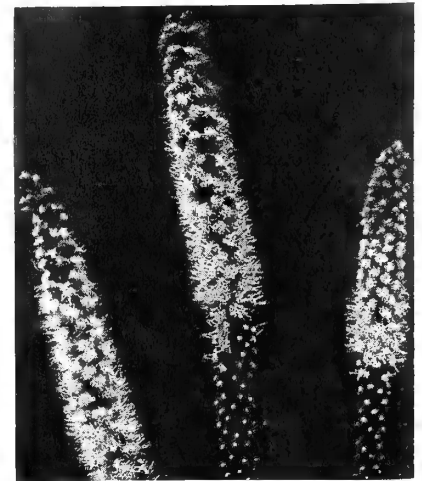

Kelloggi. A western native with fragrant, daintly reflexed pink petals with a band of cream and dotted crimson. 4 ft. Pkt. 20c., Tr. Pkt. 50c.

Martagon. The purple Turk's Cap Lily. The flowers have a glossy sheen. 4 ft. Pkt. 15c., Tr. Pkt. 40c.

Martagon "Backhouse Hybrids." A magnificent English strain showing unique shades from purple to light pink and yellow. 5 ft. Pkt. 30c.

Occidentale. The rarest of the western natives. Found only in isolated spots on the Pacific slope. Buds of rich red opening to vivid crimson, spotted maroon in June. 4 to 6 ft., erect stems. Pkt. 20c., Tr. Pkt. 50c.

Pardalinum. Bright orange scarlet flowers on stiff 4 ft. stems. Pkt. 10c., Tr. Pkt. 25c.

Liatris Pycnostachya

LILIUM—continued

Philippinense Formosanum. An improved strain. Clusters of magnificent pure white trumpets on 3-ft. stems. A fine cut flower. Pkt. 10c., Tr. Pkt. 25c.

Regale. The best known and most popular of all Lilies. Large white flowers beautifully marked with purple and gold in the throat. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 40c.

Superbum. The native Turk's Cap Lily with drooping bells of dark yellow spotted with red and coppery green. Pkt. 10c., Tr. Pkt. 25c.

Tenuifolium. The Coral Siberian Lily. The semi-dwarf, finely cut foliage is covered with coral red flowers. Fine for the rock garden in June and July. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 40c.

Tenuifolium "Golden Gleam."

A remarkable new type with flowers of bright gold shaded with apricot. 18 in. Pkt. 15c., Tr. Pkt. 40c.

Washingtonianum. The gorgeous Mt. Hood Lily. Blended shades of light and wine red on a pink background. 3½ ft. Pkt. 10c., Tr. Pkt. 25c.

COLLECTION 54: A packet each of 5 Popular Lilies—Auratum, Concolor, Kelloggi, Occidentale and Tenuifolium "Golden Gleam"—only 50c.

A little extra care in sowing seeds will pay rich dividends. When fresh seeds are given the proper care more than half the battle is won. Do not sow too deep, keep them from drying out and you can expect excellent results.

LIATRIS

Pycnostachya. The handsome Kansas Gay Feather. Full, heavy spikes of bright purple tipped with lavender. A unique cut flower blooming in August. 5 ft. Pkt. 10c., Tr. Pkt. 25c., ½ oz. 40c.

Scariosa. The colorful Blazing Star. Large, individual florets of rich purple well arranged on tall, 5-ft. spikes in late August. Pkt. 15c., Tr. Pkt. 40c.

Spicata. Effective heavy spikes of red purple. When cut combines beautifully with Glads. 4 ft. Pkt. 15c., Tr. Pkt. 40c.

LINARIA

Alpina. A neat dwarf with blue gray foliage and dainty Snapdragon-like violet and orange flowers. 4 in. Pkt. 20c., Tr. Pkt. 50c.

The Iceland Poppies are gay and colorful

LINUM

(HARDY FLAX)

Alpinum. The prostrate, flowing stems are filled with heavenly blue flowers in June. Pkt. 20c.

Flavum. Showers of bright yellow flowers in June and July. Bushy 1-ft. plants. Pkt. 10c., Tr. Pkt. 25c.

Flavum nanum compactum. An interesting new dwarf. The 6-in. symmetrical plants are a mass of glowing yellow. Thrives in full sun in the rockery. Pkt. 20c., Tr. Pkt. 50c.

Narbonnense. Sprays of steel blue flowers with a white eye. 2½ ft. Pkt. 15c., Tr. Pkt. 35c.

Perennae. An indispensable item for the perennial border. Waving graceful stems filled with flowers all through the early Summer. 2 ft.
Blue White Or Mixed
Pkt. 10c., Tr. Pkt. 20c., ¼ oz. 30c.

Salsoloides nanum. An Alpine treasure. Opalescent white flowers on tiny stems cover the mat of deep green foliage. Pkt. 30c.

LOBELIA

Cardinalis. The beautiful native Cardinal Flower. A vivid show in Midsummer in a partially shaded section of the garden. 3 ft. Pkt. 15c., Tr. Pkt. 35c.

Syphilitica. Clusters of vivid deep blue flowers on erect 2-ft. stems. A little known but attractive native for the shady garden. Pkt. 15c., Tr. Pkt. 35c.

LUPINUS

These beautiful garden Lupines are at the height of their glory in June and July. We advise sowing the seed as early in April as possible. This gives the seedlings chance to develop before the hot weather. They thrive in a rich cool loam.

Polyphyllus Type

Blue. Full spikes. Pkt. 10c., ¼ oz. 25c.
Elliott's Sweet-scented. Unusually fragrant in a wide range of bright colors. Pkt. 10c., Tr. Pkt. 25c.

Harkness Regal Hybrids. A grand mixture of art shades running to rose, terra cotta, buff, mauve and salmon. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 40c.

"Princess Juliana." Vivid pure pink of compact habit. Pkt. 15c., Tr. Pkt. 35c.

Roseus. Soft rose. Pkt. 10c., ¼ oz. 25c.

Russell's New Hybrids. An exquisite English strain of recent introduction. Extra large, full spikes in rich colorings. Many of them are dual-toned, such as lavender and gold, coral and buff, indigo and rose, brilliant scarlet and yellow and many other delicate combinations. A Gold Medal from the R. H. S. Pkt. 20c., Tr. Pkt. 50c.

White. Large white. Pkt. 10c., ¼ oz. 25c.

Novelty Lupines

"Golden Spire." An especially handsome English variety. Graceful tall spikes of rich purple tipped with gold. Pkt. 20c., Tr. Pkt. 50c.

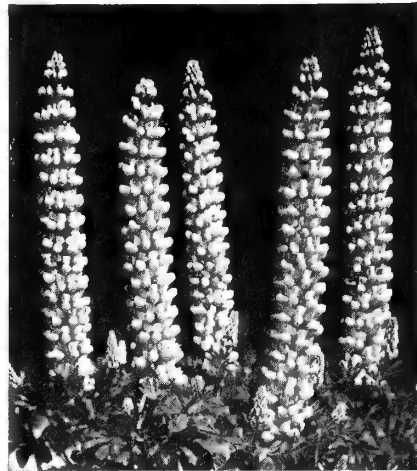

Lyalli. A rare dwarf from the mountains of California. Stocky 4-in. racemes of vivid purple contrast beautifully with the tufts of silvery gray foliage. Pkt. 25c.

Paynei. A unique, tall variety with fragrant flowers in shades of blue, lavender, pink, purple, and white. The light gray foliage is very showy. 6 ft. Pkt. 25c.

LUNARIA

(HONESTY, or SILVER PENNY)

Biennis. Purple flowers forming large silvery seed pods widely used for Winter bouquets. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 40c.

Russell Lupines

LYCHNIS

Alpina. A neat Alpine. Compact tufts of rich, deep green with ball-shaped flowers of bright red on stout 4-in. stems. Tucked in among the rocks it makes a fine show in June. Pkt. 20c., Tr. Pkt. 50c.

Arkwrighti. A bright border variety. Large flowers of glowing orange and salmon. 18 in. Pkt. 10c., Tr. Pkt. 25c.

Chalcedonica. The vivid scarlet Maltese Cross. 2 ft. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 35c.

Haageana Hybrids. Showy, large flower heads of brilliant scarlet and rose. 15 in. Pkt. 10c., Tr. Pkt. 25c., ½ oz. 50c.

Viscaria splendens. Spikes of dark red single flowers. 1 ft. Pkt. 10c., Tr. Pkt. 25c.

LYTHRUM

Roseum superbum. Slender spikes of rose purple in Midsummer. Fine for partially shady spot in the garden. 5 ft. Pkt. 10c., Tr. Pkt. 25c.

MATRICARIA

(FEVERFEW)

Capensis. A mass of double white flowers for edging or beds. 12 in. Pkt. 10c., Tr. Pkt. 25c.

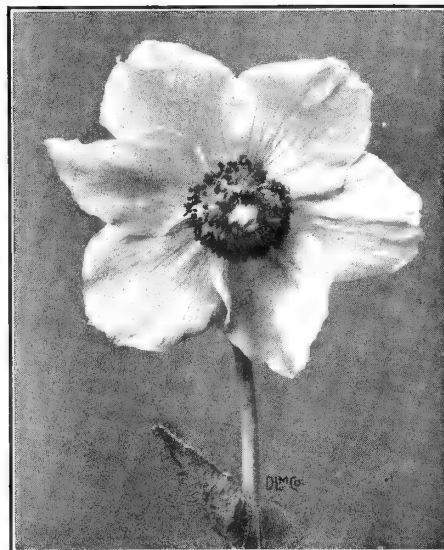

"Golden Ball." A selected dwarf strain. A mound of golden yellow. A neat, tidy border plant. 10 in. Pkt. 15c., Tr. Pkt. 35c.

"Snowball." Similar to above except it forms a carpet of pure white. Pkt. 15c., Tr. Pkt. 35c.

MECONOPSIS

(BLUE POPPY OF TIBET)

Baileyi. A glorious Blue Poppy from the mountains of Tibet. Attractive sea-green foliage. 30 in. Pkt. 15c., Tr. Pkt. 40c.

Meconopsis Baileyi

MERTENSIA

Virginica. The lovely Virginia Blue Bells that welcome the Spring. Pkt. 15c., Tr. Pkt. 35c.

MITCHELLA

Repens. Our native trailing evergreen Partridge Berry. Bright red berries in the Fall. Pkt. 20c., Tr. Pkt. 50c.

MYOSOTIDEUM

Sow inside early and transplant to partial shade in the garden.

Nobile. The giant-flowered New Zealand Forget-Me-Not. Brilliant blue edged with white. 18 in. 10 seeds 25c.

MYOSOTIS

(FORGET-ME-NOT)

Alpine Blue. The most brilliant blue. Spreading little bushes covered with intense deep blue flowers. Effective for bedding and in the rock garden. 8 in. Pkt. 15c., Tr. Pkt. 40c.

Alpestris. A fine bedding variety blooming when Tulips are at their best. For early Spring bloom sow in August. 8 in.

Blue Rose White Or Mixed
Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 40c.

Alpestris "Blue Ball." A new and attractive remarkably compact gem for edgings and beds. The plant is almost globular and uniform in growth. A deep rich blue. Pkt. 15c., Tr. Pkt. 40c.

Hybrida "Ruth Fischer." A charming large Belladonna blue variety. Pkt. 20c., Tr. Pkt. 50c.

Palustris Sempervlorens. A dwarf, continuous bloomer. Showers of bright blue. 6 in. Pkt. 10c., Tr. Pkt. 25c., ½ oz. 40c.

NEPETA

Mussini. Small leaf Catmint with short spikes of lavender. Silver gray foliage. Fine for edging or rock work. Pkt. 10c., Tr. Pkt. 25c.

OENOTHERA

(EVENING PRIMROSE)

Missouriensis. The Ozark Snowdrop is a rugged little beauty for the rock garden. Low growing, leathery leaves with trailing 6-in. stems bearing extra large, golden yellow flowers in the early Summer. Pkt. 15c., Tr. Pkt. 35c.

PAPAVER

Iceland Poppies

The Nudicaule, or Iceland, Poppy makes a bright show in the early Summer garden. Slender, graceful stems make them choice for cutting. They are easy from seed blooming the first season.

"Imperial Jewels Mixed." The newest and finest mixture. Beautifully frilled and fluted, many of them semi-doubles 4 to 5 in. across in a glorious range of rich colors—many new tints. Long, wiry stems bear the large flowers in regal splendor. Pkt. 15c., Tr. Pkt. 40c.

"Amurense Yellow." Given an award in the A.A.S., "Yellow Wonder" is a giant Buttercup shade on wiry 24 in. stems. Pkt. 10c., Tr. Pkt. 25c., ½ oz. 60c.

"Red Cardinal." A new introduction. The finest deep cardinal yet introduced. Large, silky petals of a rich hue are enhanced by the golden stamens. Superb for cutting. Pkt. 20c., Tr. Pkt. 50c.

"Gartref Strain." A dainty novelty in art shades and pastel mixtures. Delicate picotee markings. Pkt. 10c., Tr. Pkt. 25c., ½ oz. 50c.

Double Mixed. Large, heavily crested doubles. A distinct novelty. Pkt. 15c., Tr. Pkt. 40c.

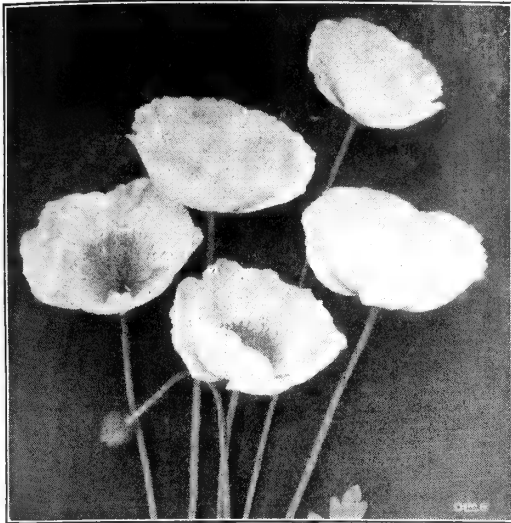

Orange. Pkt. 10c., Tr. Pkt. 20c., ½ oz. 30c.

White. Pkt. 10c., Tr. Pkt. 20c., ½ oz. 30c.

Yellow. Pkt. 10c., Tr. Pkt. 20c., ½ oz. 30c.

COLLECTION 55: A packet each of the first 5 Iceland Poppies—only 50c.

We specialize in Choice Painted Daisies

Iceland Poppies

Oriente Poppies

These giant-flowered beauties add a brilliant touch to June gardens. They do not come 100% true to color which is why all our plants offered in the plant section are grown from cuttings.

"Beauty of Livermore." Huge flowers of velvety crimson.

"Mrs. Perry." A gorgeous salmon apricot.

"Perry's White." A unique white touched with maroon in the throat.

"Orange Queen." A brilliant striking color coming quite true from seed.

"Excelsior Hybrids." All the rich colors found in Oriente Poppies. Taken from a choice collection.

Any of above: Pkt. 15c., Tr. Pkt. 40c.

COLLECTION 56: A packet of each of the 1 Orientales—only 50c.

The Charming Alpine Poppy

Alpinum. Dainty glaucous rosettes covered with miniature, cup-shaped flowers of delicate shades on 6-in. stems. Pkt. 15c., Tr. Pkt. 40c.

PARDANTHUS

(THE BLACKBERRY LILY)

Chinensis. Handsome flowers of bright orange spotted chocolate on slender, 2½-ft. stems. Blooms in July and August. The seed pods resemble large Blackberries. Pkt. 15c., Tr. Pkt. 35c.

PENTSTEMON

(BEARD TONGUE)

Cyananthus. Dwarf spikes of rich blue in May and June. A delightful western native. Pkt. 15c., Tr. Pkt. 40c.

Eatoni. A rare native of Utah. A blazing vivid red sturdy 18 in. spike. Pkt. 20c., Tr. Pkt. 50c.

Garratti. A grand American Alpine with delicate blue flowers overcast with opalescent shades. Desirable in the cool rockery. Pkt. 25c.

Glaber. Blue green foliage with full 12-in. spikes of rich pink flowers throughout the Summer. Pkt. 20c.

Grandiflorus. One of the largest-flowered in spikes of lilac blue. Glaucous silver foliage. 3 ft. Pkt. 15c., Tr. Pkt. 40c.

Speciosum. Showy 2-ft. spikes of rich blue contribute a bright spot of color to garden. Pkt. 10c., Tr. Pkt. 25c.

Torreyi. Tall graceful spikes of vivid Grenadier scarlet. Varnished deep green foliage. 5 ft. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 50c.

Utahensis. A mass of indigo blue on bushy, 2-ft. plants in Midsummer. Ideal for the sunny border. Pkt. 20c., Tr. Pkt. 50c.

PHLOX

Phlox seed should be sown early outside to freeze for best results.

Decussata Mixed. The tall garden Phlox. Seed taken from a choice collection of named varieties. Very interesting results from seeds. Pkt. 10c., Tr. Pkt. 25c.

Divaricata canadensis. The dainty Wild Sweet-William that brightens the Spring woodlands. Wiry 8 in. stems topped with clusters of lavender flowers. Pkt. 15c., Tr. Pkt. 40c.

PLATYCODON

(BALLOON FLOWER)

Grandiflorum. Large, open, Campanula-like flowers on graceful, 2 ft. stems in the early Summer.

Blue White Or Mixed
Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 40c.

Mariesi. A dwarf type for the rockery. Large flowers on stocky 12-in. stems.

Blue White Or Mixed
Pkt. 15c., Tr. Pkt. 35c.

POLEMONIUM

Carneum. A rare Western dwarf. Colorful sprays of flowers in shades of pink, flesh and salmon rose. 1 ft. Pkt. 25c.

Caeruleum. The bright blue Jacob's Ladder so cheerful in the border during June. 1½ ft. Pkt. 10c., Tr. Pkt. 25c., ¼ oz. 50c.

Reptans. Light blue flowers in clusters on handsome semi-dwarf foliage. Showy in May and June. 1 ft. Pkt. 10c., Tr. Pkt. 25c.

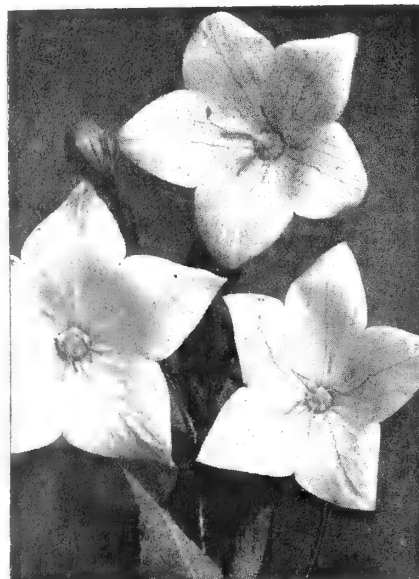

POLYGONATUM

Biflorum. The true native Solomon Seal. Blooms from April until July followed by handsome dark blue berries. Fine for the wild garden. Pkt. 20c., Tr. Pkt. 50c.

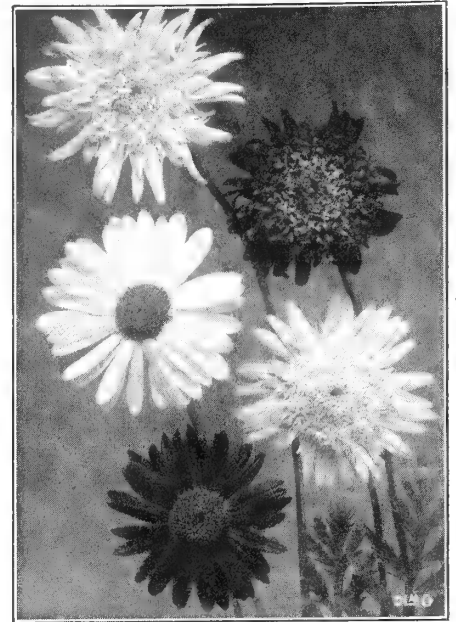

POTENTILLA

Atrosanguinea. Single bright red flowers on erect 15-in. stems. Finely cut leaves in neat clumps. Pkt. 10c., Tr. Pkt. 25c.

Nepalensis "Miss Willmott." Carmine rose flowers in great profusion. Recommended for the rockery or low border. 1 ft. Pkt. 15c., Tr. Pkt. 40c.

Platycodon

Pyrethrum from Named Varieties

PYRETHRUM

(PAINTED DAISIES)

Huntington's Choice Named Varieties Mixed.

Saved from the finest collection of Pyrethrum in this country. This season we have added a number of new named varieties and some striking novelties as yet unnamed. A few of the many varieties included in this mixture are **"Buckeye," "Brilliant," "Pink Bouquet," "Sylvia," "Lord Roseberry," "Ruth Huntington,"** and **"Dainty."** Grand doubles and semi-doubles of perfect form in a complete color range. Being hybrids they will not come 100 per cent true, but we confidently offer the seed as collected from the finest double Painted Daisies grown. Highly recommended. Pkt. 30c., Tr. Pkt. 80c.

Huntington's Selected Doubles. Taken from our block of mixed 100 per cent doubles. Colors range from brilliant scarlet through coral rose to pastel pink. All different types are included—Carnation-flowered, crested Anemone type—and full, close petaled doubles. A superior strain. Pkt. 20c., Tr. Pkt. 50c., 1/16 oz. 80c.

Huntington's Selected Singles. Our choice singles are grown with the same care we devote to our superb doubles. Selected for extra size, form and a balanced range of color predominating in those shades that are so useful for cutting. Pkt. 10c., Tr. Pkt. 25c., 1/8 oz. 50c.

"Langport Scarlet." With the exception of "Huntington's Scarlet," the seed of which we are using in our Named Varieties Mixed, this is the finest and largest scarlet yet produced. A magnificent color enhanced by a small golden yellow center. Pkt. 25c., Tr. Pkt. 65c.

"James Kelway." An English strain of large flowered crimson singles. Comes remarkably true from seed. Pkt. 15c., Tr. Pkt. 35c. 1/8 oz. 75c.

Double Pyrethrum seed has the unusual characteristic of blooming largely single the first time from seed. To judge the true doubles in your mixture wait for the second bloom. You will be surprised at the high percentage of doubles produced.

Quality Primulas for American Gardens

Primula Cashmeriana

PRIMULA

This list of Primroses has been selected from those hardy varieties that merit consideration because of their distinctiveness and dependability in American gardens. All Primulas welcome a cool, rich soil and resent dry, hot locations. We recommend that all seed be sown outside as early in the Spring as possible.

Polyanthus Types

The Polyanthus, or Bunch Primrose, is a hybrid showing the large flowers of the Primrose and the flower umbel of the Cowslip.

Barr's Exhibition Reds. Selected from prize strains of giant crimson and scarlet. Pkt. 30c.

Barr's Exhibition Whites. Huge flowers of white, many showing a pretty yellow eye. Pkt. 30c.

Barr's Exhibition Yellow. Striking yellow of extra size and quality. Pkt. 30c.

Barr's Exhibition Mixed. The newest strain of giant flowered Polyanthus. New shades heretofore unknown in this group, abound in this grand mixture. For prize flowers grow this novelty. Pkt. 25c., Tr. Pkt. 65c.

Barr's Munstead Giants. A superb blend of orange, yellow and cream, many of them brightly overcast with apricot. Greatly improved as to size and highly recommended. Pkt. 20c., Tr. Pkt. 50c.

Veris "Queen of Heaven." The grand rare blue Primrose. One of the prettiest and very scarce. Varies somewhat from seed but you may expect some exceptional colors from this. Pkt. 50c.

Veris Choice Mixed. The popular Spring Polyanthus in a wide range of bright colors. Ideal as an edging for the garden path or for the rockery. 6 in. Pkt. 10c., Tr. Pkt. 25c. 1/16 oz. 50c.

Primula Vulgaris

Tall Primulas

Beesiana. Velvety purple flowers with a yellow eye. 2 ft. Pkt. 20c., Tr. Pkt. 50c.

Bulleyana. Dense spikes of rich apricot on 2-ft. stems. A rugged variety. Pkt. 15c., Tr. Pkt. 35c.

Florindae. A beautiful native of Tibet. The 4-ft. plants are covered with drooping yellow flowers. Pkt. 10c., Tr. Pkt. 25c.

Forbesi. A pretty Chinese variety with small, rose-colored flowers with a yellow eye. Very free flowering. 1 ft. Pkt. 20c., Tr. Pkt. 50c.

Helodoxa. An exquisite bright golden yellow on slender 2-ft. spikes. One of the finest. Pkt. 25c., Tr. Pkt. 65c.

Japonica Mixed. A gorgeous variety for a moist location. Whorls of large flowers in shades of rose, pink, crimson and white on stocky 18-in. stems. June blooming. Pkt. 15c., Tr. Pkt. 40c.

Pulverulenta. A handsome western China native similar in form to P. japonica. Large flowers vary from rose to ruby red. 2 ft. Pkt. 15c., Tr. Pkt. 35c.

Pulverulenta "Bartley Strain." An improved strain of rose, light pink and deep coral. Merit consideration. 3 ft. Pkt. 25c.

Red Hugh. Rich glowing crimson of the Japonica type. Rugged growth. 18 in. Pkt. 20c., Tr. Pkt. 50c.

COLLECTION 59: A packet each of the 5 Most Unusual Varieties of the above—Beesiana, Forbesi, Helodoxa, Japonica, and Pulverulenta "Bartley Strain" only 75c.

Rock Garden Varieties

Auricula. The pleasing Alpine Primrose. Large, fragrant open flowers in unusual deep shades of rose, buff yellow, crimson, purple and all handsomely marked with a distinct center eye of bronze gold. 8 in. Pkt. 15c., Tr. Pkt. 35c., 1/32 oz. 50c.

Auricula, "Dobbie's Imperial Strain." A vastly improved giant in a wide range of rich colors such as bright blue, clear carmine, velvety purple, saffron and maroon bronze with an attractive contrasting eye. Highly recommended. Pkt. 25c., Tr. Pkt. 70c.

Cashmeriana. The lovely ball-shaped clusters of rich lavender flowers on slender 10 in. stems are among the first to welcome the Spring. Pkt. 20c., Tr. Pkt. 50c.

Cortusoides. A pretty Siberian species with crinkly light green foliage and flowers of deep rose on wiry 10-in. stems. Pkt. 15c., Tr. Pkt. 40c.

Denticulata. A grand Himalayan native. Large, round flower heads of lavender blue. A gay show in the early Spring. 1 ft. Pkt. 25c.

Officinalis. The European Cowslip. Heavy clusters of small golden yellow flowers on waving 1-ft. stems. Pkt. 10c., Tr. Pkt. 25c.

Rosea grandiflora. Unique and one of the prettiest. A profusion of bright pink flowers on 6-in. stems in the early Spring. Pkt. 20c., Tr. Pkt. 50c.

Seiboldi. A charming Japanese dwarf. Low-growing, crinkly leaves. Fringed pink, rose and white flowers in a pleasing blend on wiry 8-in. stems. Pkt. 25c., Tr. Pkt. 65c.

Vulgaris. The gay bright yellow true English Primrose. Blooms in the early Spring. 4 in. Pkt. 15c., Tr. Pkt. 35c.

COLLECTION 58: A packet each of the Rock Garden Primulas—only \$1.50

RAMONDIA

(THE RARE ALPINE VIOLET)

Pyrenaica. A choice little Alpine with deep lavender flowers on 6-in. stems. Leathery deep green foliage. Pkt. 25c.

RANUNCULUS

Asiaticus. A fine bulbous plant from Asia. A mixture of bright colors fine for cutting in the Spring. 1 ft. Pkt. 10c., Tr. Pkt. 25c.

ROMNEYA

(POPPY MALLOW)

Coulteri. A pretty California native. Large delicately fragrant white flowers. 3 ft. Pkt. 10c., Tr. Pkt. 25c.

RUDBECKIA

(PURPLE CONE FLOWER)

Purpurea. Large, purple mauve flowers with a center cone of reddish brown. A profuse Midsummer bloomer. 30 in. Pkt. 10c., Tr. Pkt. 25c., 1/4 oz. 50c.

SALVIA

(HARDY SAGE)

Azurea grandiflora. Long slender spikes of Belladonna blue in Midsummer. 4 ft. Pkt. 10c., Tr. Pkt. 25c., 1/8 oz. 50c.

Patens. 2-ft. spikes in a color called "the best blue in the floral kingdom." Pkt. 15c., Tr. Pkt. 35c.

Pratensis. Waving spikes of rich purple in June. 30 in. Pkt. 10c., Tr. Pkt. 25c.

Turkestanica. A decorative type with heavy foliage and 30-in. stems bearing white flowers tinted with red. Pkt. 10c., Tr. Pkt. 25c.

SANGUINARIA

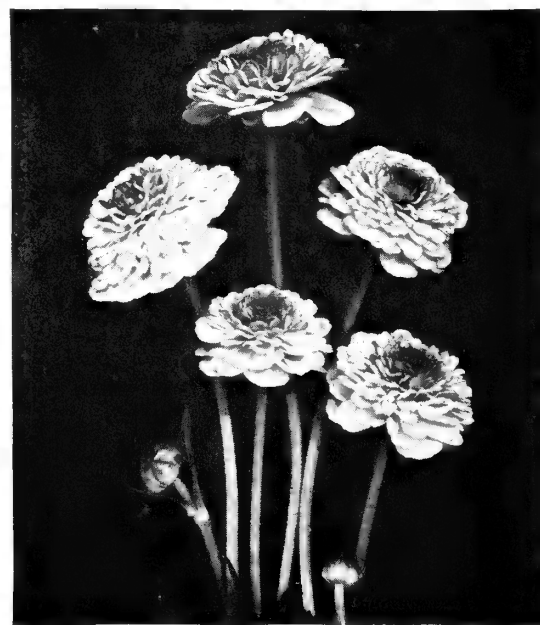

Canadensis. The pretty native Bloodroot. Glauous kidney-shaped leaves. Glistening white flowers on wiry 6-in. stems in the early Spring. Pkt. 15c., Tr. Pkt. 40c.

SAPONARIA

Ocymoides splendens. A shower of rich pink on trailing foliage in the early Summer. Pkt. 10c., Tr. Pkt. 25c., 1/4 oz. 50c.

SAXIFRAGA

Cordifolia. Ball-shaped bright rose flower heads rising on stocky 6 in. stems from leathery russet green foliage. Among the first to welcome the Spring. Pkt. 20c., Tr. Pkt. 50c.

Ranunculus Asiaticus

You will be pleased with Scabiosa "Isaac House Strain"

Sanguinaria Canadensis

SCABIOSA (BLUE BONNET)

Caucasica. Lacinated petals of rich deep lavender with a crested center of clear blue. One of our best cut flowers for Summer use. 2 ft. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{8}$ oz. 50c.

Caucasica "Goldingensis." A select strain of extra large, rich deep blue on erect, stiff, 2-ft. stems. Pkt. 20c., Tr. Pkt. 50c.

"Isaac House New Hybrids." An English strain of giant flowers in shades ranging from delicate lavender to rich purple. A superb cut flower. Pkt. 15c., Tr. Pkt. 40c., $\frac{1}{8}$ oz. 75c.

Fischeri. This new Manchurian variety received an Award of Merit from the R. H. S. The $2\frac{1}{2}$ -ft. plants are covered with violet blue flowers through most of the Summer. A welcomed new cut flower. Pkt. 15c., Tr. Pkt. 40c.

SEMPERVIVUM

Select Mixed. Taken from a fine collection of "Hen and Chickens." Will show many interesting types. Pkt. 15c., Tr. Pkt. 40c.

SENECIO

Clivorum "Orange Queen." Brilliant orange flowers atop heavy, 3-ft. stems. Very useful in the shady border. Pkt. 15c., Tr. Pkt. 40c.

SIDALCEA

"Rose Queen." Bright rose open flowers, prettily arranged along erect, 3-ft. stems. Shiny, dark green foliage. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{8}$ oz. 40c.

New Hybrids. A wonderful new strain in colors ranging from pastel pink to rich rose, salmon, red, lilac and heliotrope. $2\frac{1}{2}$ ft. Pkt. 20c., Tr. Pkt. 50c.

SILENE

Hookeri. One of the most striking of western alpinas. Soft gray foliage of prostrate form, studded with deeply fringed coral pink flowers. 2-in. Pkt. 25c.

Ingrahmi. A free flowering, rich deep pink of erect habit. Very choice. Pkt. 25c.

Maritima. Tidy tufts of blue green smothered with pinkish white flowers. Ideal in the dry hot rockery. 3 in. Pkt. 15c., Tr. Pkt. 35c.

Schafta. A sheet of deep rose in Midsummer. A semi-trailer, fine among the rocks. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{8}$ oz. 50c.

Wherryi. A rare dwarf from the hills of Kentucky. Bright pink flowers of extra size on 9-in. stems. Recommended for a dry, sunny spot in the rockery. Pkt. 20c., Tr. Pkt. 50c.

STACHYS (RABBIT'S EAR)

Lanata. Thick, woolly gray leaves with heavy, 2-ft. flower spikes of light lilac blue. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{4}$ oz. 40c.

STATICE

(SEA LAVENDER)

Latifolia. A dependable favorite for cutting. The 2-ft. plant is a spray of misty lavender. Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{8}$ oz. 40c.

Tartarica. Large sprays of white flowers. Fine for Winter bouquets and can be dyed to other colors. 18 in. Pkt. 10c., Tr. Pkt. 25c.

STOKESIA

(CORNFLOWER ASTER)

Cyanea. Extra large, Aster-like flowers blooming in Midsummer. Handsome in the border and a most acceptable cut flower. $1\frac{1}{2}$ ft.

Blue White Or Mixed
Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{4}$ oz. 50c.

STYLOPHORUM

Diphyllum. The brilliant orange Celandine Poppy. Very conspicuous in the low border. $1\frac{1}{2}$ ft. Pkt. 20c., Tr. Pkt. 50c.

SWEET WILLIAM

(DIANTHUS BARBATUS)

One of our most popular and useful flowers because of the mass of color they lend to the early Summer gardens. Easy from seed and they produce a lavish display.

New Dwarf Giants. A recently developed strain of extra dwarf character. The flowers are equally as large as in the taller types but set upon the low, compact foliage give the appearance of a solid sheet of color. Highly recommended for bedding, for unusual edging effects or for spots of color in the low border. 6 to 8 in. Pkt. 15c., Tr. Pkt. 40c., $\frac{1}{8}$ oz. 75c.

Johnson's Giants Mixed. A fine English strain in giant flowers of sparkling colors. 18 in.

Giant Doubles Mixed. Extra large doubles in many rich and pleasing shades.

Newport Pink. Clear rich pink.

Nigrescens. Velvety maroon.

Pink Beauty. Bright salmon pink.

Scarlet Beauty. A glowing color.

Double White. Extra large white.

Holburn Glory. An auricula-eyed mixture of unusual brightness.

Latifolius atrococcineus. The everblooming Sweet William. Double flowers of deep crimson resemble small Carnations.

Any of above, except New Dwarf Giants:
Pkt. 10c., Tr. Pkt. 25c., $\frac{1}{4}$ oz. 40c.

TANACETUM

Vulgare. The bright yellow Tansy is an European herb that does well in American gardens. Heavy, fern-like, deep green foliage. A unique cut flower. Pkt. 10c., Tr. Pkt. 25c.

THALICTRUM

Aquilegiaefolium Mixed. Tall, graceful 3 ft. stems bearing fluffy flowers in shades of lilac mauve, purple and white in June. Pkt. 10c., Tr. Pkt. 25c.

Dipterocarpum. Delightful pearl buds opening to lavender and gold on erect 3-ft. stems. Delicate lacy foliage. Pkt. 10c., Tr. Pkt. 25c. $\frac{1}{4}$ oz. 50c.

Glaucum. Handsome, finely cut blue gray foliage. Slender 3-ft. stems bearing sprays of misty yellow flowers. Pkt. 10c., Tr. Pkt. 25c.

Rochebrunianum. A greatly improved *T. dipterocarpum*. Extra large flowers of deep lavender on sturdy 4-ft. stems. Very scarce. Pkt. 25c.

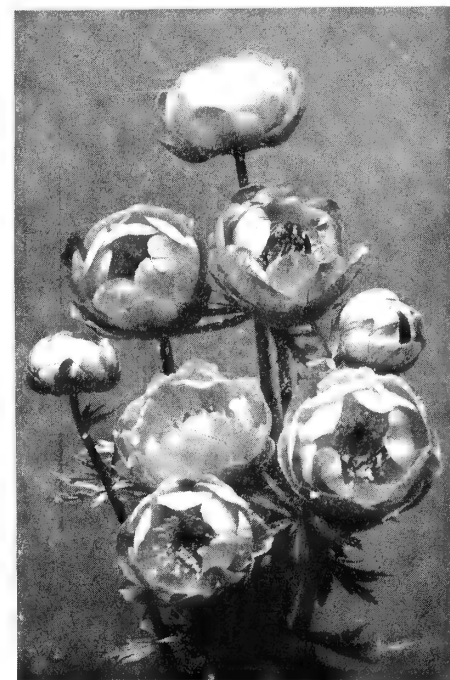

THERMOPSIS

Sow outside as early in the Spring as possible.

Caroliniana. Large Lupine-like spikes of bright yellow on erect 3-ft. stems in June and July. An interesting border plant. Pkt. 15c., Tr. Pkt. 40c.

TIARELLA

Cordifolia. A dainty, dwarf native with foamy white flowers in the Spring. Attractive, large, low growing leaves. Excellent for a partially shaded location. Pkt. 20c., Tr. Pkt. 50c.

Trollius "Earliest of All"

TRILLIUM

(WAKE ROBIN)

Erectum. A native found in the shady recesses of the woods. Cup-shaped flowers of rich maroon in April and May. Pkt. 15c., Tr. Pkt. 40c.

Grandiflorum. Pretty Lily-like pearl white flowers in the early Spring. 8 in. Pkt. 15c., Tr. Pkt. 40c.

TRITOMA

(RED HOT POKER)

Pfitzer's Hybrids. Large spikes of orange, apricot and yellow on stout 30 in. stems. A choice strain. Pkt. 15c., Tr. Pkt. 40c.

TROLLIUS

(GLOBE FLOWER)

Trollius seed reacts most favorably to the freezing treatment. Sow outside as early in the Spring as possible.

Earliest of All. Selected from the early flowering types in a color range from deep orange to pastel yellow. 2 ft. Pkt. 15c., Tr. Pkt. 40c.

Europaeus. The grand European Globe Flower. Ball-shaped flowers of rich orange and deep yellow. Early bloomer coming in late April and blooms again in the Fall. 2 ft. Pkt. 15c., Tr. Pkt. 35c.

Ledebouri. A vivid orange of distinct form. Flat outer petals surround a tufted center of bright golden rays. Blooms in May. This type is easy from seed. Pkt. 15c., Tr. Pkt. 40c.

Ledebouri "Golden Queen." The increasingly popular English novelty. Extra large, brilliant orange flowers, some with so many petals they give the appearance of being semi doubles. This seed can be sown in April as it does not need to be frozen. We have found that germination is a little more even if frozen. Pkt. 20c., Tr. Pkt. 50c.

Choice New Hybrids. A select strain taken from new named varieties. Beautiful shades of lemon, chrome yellow and light and deep orange. Pkt. 20c., Tr. Pkt. 50c.

TUNICA

Saxifraga. Forms neat tufts of deep green foliage covered with dainty flowers of rich pink. An easy and dependable rock plant. 6 in. Pkt. 10c., Tr. Pkt. 25c.

Violas give a cheerful show all summer

VERBASCUM

Harkness Hybrids. Huge spikes of bright sulphur yellow on rugged 6-ft. stems in June. Pkt. 10c., Tr. Pkt. 25c.

Phoenixicum. Graceful flower spikes in shades of pink, salmon, violet, and white. A distinctive addition to the Summer border. 2½ ft. Pkt. 15c., Tr. Pkt. 35c.

VERBENA

Bonariensis. Numerous terminal umbels of rosy lavender on slender 5-ft. stems. An Award of Merit from the R.H.S. Pkt. 15c., Tr. Pkt. 35c.

Venosa. A desirable edging plant of neat habit. Violet flower spikes rise 1 ft. above the low growing deep green foliage. Can be treated as an annual by sowing early. Pkt. 10c., Tr. Pkt. 25c.

Venosa lilacina. A mass of delicate lavender flowers completely hides compact foliage. Recommended as an edging or bedding variety. Pkt. 10c., Tr. Pkt. 25c.

VERONICA

(SPEEDWELL)

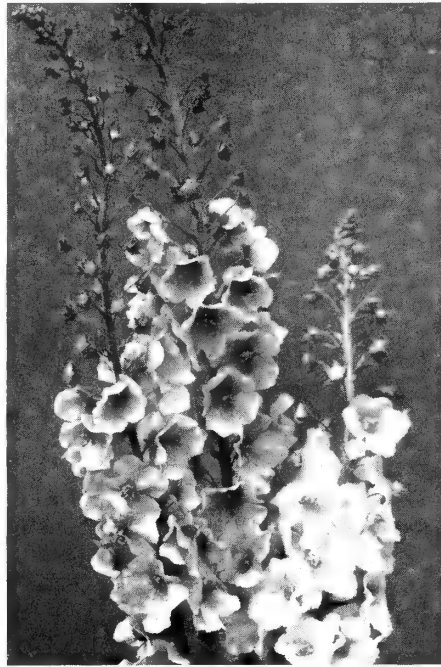

Incana. Vivid purple 8-in. spikes contrast beautifully with the silver gray dwarf foliage. Pkt. 15c., Tr. Pkt. 25c.

Longifolia. Slender 20 in. flower spikes of rich blue. Not to be confused with *V. longifolia subsessilis* which does not produce seed. Pkt. 10c., Tr. Pkt. 25c.

Spicata Blue. Waving graceful 18 in. spikes of bright light blue. A colorful show during the early Summer. Pkt. 10c., Tr. Pkt. 25c.

Veronica

Verbascum Phoenixicum

VIOLA

The ease with which these come from seed, their dependability and the gay rich color they add to the garden from early Spring until snow flies make them extremely popular.

Cornuta Violas

These hardy favorites are ideal either in the rockery or border. A profusion of riotous color from early Spring until late Fall. Will bloom the first season from seed.

Admiration. Deep purple blue.

Blue Perfection. Bright blue.

Iona. Rich Burgundy wine.

Lutea Splendens. Chrome yellow.

Mauve Queen. Lavender pink.

Purple King. Clear violet.

Rose Queen. Bright rose.

White Perfection. Waxy white.

Choice Mixed. Balanced mixed.

Any of above:

Pkt. 10c., Tr. Pkt. 25c., ⅛ oz. 50c.

COLLECTION 61: A packet of each of the 8 named varieties—only 50c.

Choice Hybrid Violas

In this group are the finest and newest varieties. Extra large flowers, clear bright colors and stocky, sturdy growth are their chief characteristics.

Apricot Queen. Bright creamy orange with a vivid splash of apricot in the center.

Arkwright Ruby. A fine English novelty. Extra large flowers of ruby red marked with deep maroon in the center.

Bizarre. A new introduction of extraordinary coloring. The upper petals are pure violet and the lower a clear apricot. Pkt. 25c.

Chantreyland. An improved apricot color. The entire flower is a rich shade with only faint traces of lines.

Puck. A pretty bicolor. The upper petals are rich purple which contrast nicely with the lower apricot yellow.

Purple Glory. The finest deep purple Viola. Forms neat clumps cover with rich colored flowers from June until November. Pkt. 30c.

Yellow Queen. An English introduction of merit. Large golden yellow flowers of rich beauty.

Scotch Border Extra Select. A magnificent strain of colorful large flowers representing the latest improvements. A superb bedding variety.

Any of above: Pkt. 15c., Tr. Pkt. 40c.

Except where noted.

COLLECTION 60: A packet each of the 8 Hybrid Violas—only \$1.00

The Gem Type

Viola "Jersey Gem" is the first in this group. New colors have been added. Compact, free flowering and perfectly hardy. Interesting novelties of merit.

Jersey Gem. One of the most popular of all. Rich deep blue.

Rose Gem. Distinctive large bright rose flowers.

Yellow Gem. Glowing bright yellow flowers.

Any of above: Pkt. 20c., Tr. Pkt. 50c.

COLLECTION 62: A packet of each of the Gem Violas—only 50c.

Viola Odorata

(SWEET-SCENTED VIOLETS)

An established favorite improved as to size and quality of bloom. The seed should be started outside as early in the Spring as possible.

"Princess of Wales." Large deep blue.

"The Czar." Bright purple blue.

"White Queen." Fragrant white.

Any of above: Pkt. 15c., Tr. Pkt. 35c.

COLLECTION 64: A packet each of the Violets—only 40c.

Unusual Violas

Odd and interesting varieties that are very pretty and useful for the rockery. Distinct types with charming qualities.

Bosniaca. A splendid Alpine species of compact habit. Numerous small, deep rose flowers on unique tidy clumps.

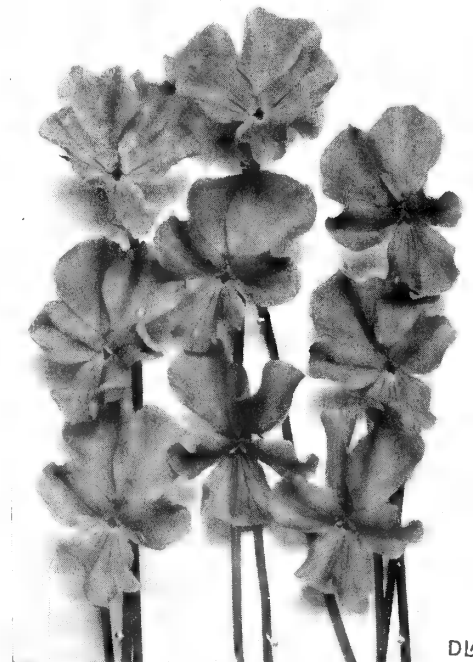

Florariensis. An Alpine prize developed by the late M. Correvon. Mottled blue and white flowers in great profusion.

Gracilis, "Lord Nelson." An improved strain forming a velvety purple carpet. Neat, compact tufts.

Johnny-Jump-Up. The popular old favorite with small Pansy faces in varying combinations of purple, blue, and yellow.

Any of above: Pkt. 15c., Tr. Pkt. 40c.

COLLECTION 63: A packet of each of the 4 Violas—only 40c.

The Gem Type Viola

How to Get Best Results with Huntington's Seeds

ADVANTAGES OF GROWING FROM SEEDS—First, of course, is the economy. You can have the rare and unusual in your garden at a very modest cost. Raising plants from seed is one of the most interesting and fascinating hobbies for the true flower lover. It is a rare delight to see the seeds develop from tiny seedlings into blooming specimens in your garden.

WHEN TO SOW—Unless you have greenhouse facilities or hot-beds the best time to sow Alpine, Perennial and Annual seeds is in April. In our climate we have found the middle of April very satisfactory for outside sowing. The weather is generally cool, the sun not too hot, and there is plenty of moisture.

PREPARATION OF SEED BEDS—Thoroughly spade and rake the beds. Be sure the bed is level or the seed will wash to one corner. It is not necessary to have the seed bed heavily fertilized. Too much fertilizer is injurious to seedlings with their tender roots.

HOW TO SOW—Sow the seed thinly, especially those items that are not going to be potted or transplanted early. After the seed is sown take a flat board and firm the seed into the soil. Then screen a light covering of loose soil over the seeds taking particular care that the seed is not covered too deep. Then water with a fine spray. Keep them well shaded until they germinate.

SOW FINE SEEDS IN FLATS OR POTS—The fine seeds of both Annuals and Perennials should be given special care by sowing in flats or flower pots. In this way you can watch them more carefully and your results will be much more satisfactory.

HOW TO HANDLE SEEDLINGS—Annual seeds germinate in about from three days to two weeks and they are not as difficult to handle as the Alpine and Perennial seeds which vary from about one week to a month in germinating. Do not water too much but do not let the soil dry out. Gradually give the seedlings a little air but do not let the mid-day sun hit them. If possible we recommend potting all seedlings as it gives them a start and permits transplanting earlier.

SPECIAL INSTRUCTIONS—Do not sow the seed too deep. Be sure your seed beds are well drained. The proper soil for seed beds is a clean rich loam. Do not permit the soil to become crusted. If the seed does not germinate quickly do not become discouraged, for weather conditions vary the length of time for the seed to germinate.

KEEP THIS IN MIND—We have over thirty years of experience in handling fine seeds and we are always ready to be of assistance to you. While the Spring of the year is always our busy season, yet we have made provisions to set aside a portion of each day to answer your inquiries and to be of help to you in your gardening problems. Call upon us at any time and we will gladly cooperate with you.

Remember fresh, high quality seed costs no more than ordinary seed and will give you the finest results.

Interesting Facts About

HUNTINGTON'S NURSERY

SITUATED in the heart of the largest nursery district in America we have the opportunity to observe and develop the latest and best of all plant introductions.

We pride ourselves on the fact that every order of plants or seeds is personally handled by a member of our organization whose first desire is your complete satisfaction.

All plant orders are freshly dug from the field and sent to you the same day the order is received unless you state when you wish the plants shipped. The careful and prompt handling of plants assures you of receiving them in first class condition.

All plant orders are shipped via Express unless 10% is added to the order to cover cost of postage. Several years ago we inaugurated the idea of sending gratis plants to cover transportation charges. We make it a policy to add extra plants so that their value will more than pay for the express or postage charge.

Well grown, healthy plants that have been carefully graded to a high standard are not a luxury. They represent the finest type of garden economy. A comparison of our prices and the quality of the stock we send out will convince you that a "Huntington Garden" is real economy.

Huntington's Plant Novelties

INTERESTING INTRODUCTIONS OF MERIT

AQUILEGIA CLEMATIFLORA MIXED

The dainty Clematis-Flowered Columbine. Extra large, spurless flowers in soft pastel colors of blue, pink, rose, lavender, and cream. Our plants were grown from the last seed which the Holland originator sent to this country. Strong plants in 2½-inch pots. Each 35c., per three 90c.

ARABIS "SPRING CHARM"

The invasion of Holland rules out all possibility of seed of this grand novelty, but we are fortunate in having a limited supply of plants of the true stock. The rich carmine flowers are among the brightest of the Spring blooming plants. Each 40c., per three \$1.00.

AUBRIETIA "GLORIOSA HYBRIDS"

A new prize winning strain of large flowered Aubrietia in rich shades of rose and deep pink. An European novelty but recently introduced to America and offered in plants for the first time. Each 35c., per three 90c.

CAMPANULA CARPATICA "HARMONY"

Recently released by the U. S. Division of Plant Exploration and Introduction this English gem has elicited glowing praise. The large cup-shaped flowers are a rich, medium blue. Each 35c., per three 90c.

CAMPANULA PERSICIFOLIA DOUBLE "PRIDE OF EXMOUTH"

If space permitted we could take pages to describe the beauty of this glorious blue double Bellflower—but we must be brief. Suffice to say, we know of no Bellflower that can rival the majestic appearance of this novelty. Stately, erect, five-foot stems bearing extra large, full, double flowers of a glistening shade of China blue. Each 40c., per three \$1.00.

CHRYSANTHEMUM "ACACIA"

A profusion of exceptionally brilliant sulphur yellow flowers, about one inch in diameter, completely cover the two-foot plant in late September. A fresh, attractive variety with a remarkable degree of frost resistance. Each 30c., per three 75c.

CHRYSANTHEMUM "AUTUMN LIGHTS"

As the name implies, the flowers of this grand variety hold all the traditional colors associated with autumn. Compact, bushy plants, 18 inches high, massed with sparkling, coppery-bronze, semi-double flowers handsomely tinted with gleaming orange. At its finest in late September, Each 30c., per three 75c.

CHRYSANTHEMUM "GLEAM O' GOLD"

This splendid primrose yellow pompon, fairly gleams in the Autumn sunlight. The large, double flowers, profusely carried on strong, well branched stems, measure over 3 inches across. Each 30c., per three 75c.

CHRYSANTHEMUM "GOBLIN"

One of the more unusual of the newer introductions, this graceful pompon with perfectly formed two-inch flowers of warm bronze shading to a tinselled gold is a blaze of color in October. Impervious to frost, the flowers hold well into November. Each 30c., per three 75c.

DIANTHUS CAESIUS FL. PL. "ROSE QUEEN"

We discovered this delightful dwarf in a group of seedlings about five years ago. Compact, stocky blue-gray foliage covered with short-stemmed double flowers of a bright rose pink. Neat and orderly, it is recommended for the rockery or the low border. Each 30c., per three 75c.

Aster, "Harrington's Pink"

ASTER, "HARRINGTON'S PINK"

Proclaimed as the only real pink, hardy Aster grown, it merits attention because of its unique quality and for its true beauty. The plant is a mass of clear, bright pink flowers from September well into the Fall. Each 40c., per three \$1.00.

Chrysanthemum, "Autumn Lights"

Rare Alpine and Hardy Plants

DISTINCTIVE NEW FLOWERS FOR 1941

FUCHSIA "SCARLET BEAUTY"

Picture a plant with as many as 30 to 40 three-foot stems, which from mid-June until frost bear thousands of 1½-inch long flowers of a brilliant scarlet rose with corolla of mulberry purple, and you have an idea of this new plant sensation. Propagation rights reserved. Each 65c., per three \$1.50.

HEUCHERA "SPITFIRE"

An improved, sanguinea type which comes from one of Europe's leading horticulturists. Large, scarlet red bells which have a luminous quality held on erect 18-inch stems. A small group in the garden gives a vivid show during the Summer. Each 35c., per three 90c.

PHLOX SUBULATA "DIXIE BRILLIANT"

This brilliant, new dwarf is the finest red yet developed. Extra large, half-dollar size flowers of gay, rosy crimson in such quantities they hide the dense, mossy green foliage. Each 30c., per three 75c.

PRIMULA HELENIAE

A Spring flowering gem that captivates on sight. In late April the lush green, compact foliage is smothered with countless rich purple flowers, brightly marked with a yellow eye. Equally as hardy as the Polyanthus type, Primula Heleniae is bound to be one of our most important and useful rock plants. Highly recommended. Each 35c., per three 90c.

PULMONARIA RUBRA "SALMON GLORY"

This distinct dwarf novelty is aglow with color in the early Spring. Bluebell shaped flowers of a glorious soft salmon rose. Particularly effective when used with the rich blue Pulmonaria angustifolia. Recommended for a partially shaded spot in the garden. Each 35c., per three 90c.

PYRETHRUM CHOICE DOUBLES

This Fall we will have the following named Painted Daisies to offer—"Buckeye", the finest double red of all; "Florence Shadley", an extra large anemone-crested type in a glowing shade of shell pink; "Trojan", a semi-double scarlet of perfect form; and "Sylvia", a bluish white double formed with quilled petals which make it especially graceful. Orders accepted for Fall 1941 delivery only. Stock limited. Each 40c., per three \$1.00.

SHASTA DAISY "ESTHER READ"

We consider this the finest double Shasta Daisy. The large, pure white flowers resemble heavily crested Pyrethrums held on stocky 18-inch stems. Unlike most double Shastas, "Esther Read" is perfectly formed and has a regal bearing. Each 40c., per three \$1.00.

SPIREA FILIPENDULA FL. PL.

An old favorite, but still very scarce. Handsome fern-like, deep green foliage with gorgeous plumes of fluffy clear white, double flowers on erect 18-inch stems. This true stock belongs to the hardy plant aristocracy. Each 35c., per three 90c.

TRADESCANTIA "IRIS PRICHARD"

Another grand introduction released by the U. S. Division of Plant Exploration and Introduction. The large flowers are a lavender white, ribbed with lilac blue. The shapely plant is in bloom from early Summer well into the late Autumn. When used with the other English Tradescantias "Purple Dome" and "Blue Stone", it is especially effective. Each 30c., per three 75c., per ten \$2.00.

Pentstemon, "Garnet"

PENTSTEMON, "GARNET"

This large flowered Gloxinea-like Pentstemon is the first of a new, hardy strain. The rich garnet colored flowers are gracefully placed on 12-inch to 18-inch stems and make excellent cut flowers as well as adding a glowing touch to the garden. Each 35c., per three 90c.

Pyrethrum, Choice Doubles

Huntington's Hardy Herbaceous and Rock Plants

Strong, healthy plants grown along the shores of Lake Erie, one of Nature's most severe testing laboratories of a plant's hardiness. "What will live and grow for us, will live and grow for you."

Because of the extra size of our plants all orders are shipped via express, unless ten per cent (10%) is added to order to cover postage. You will find gratis plants more than pay for transportation charges. **Ohio customers** please add the State Sales Tax on plants only.

ACHILLEA (YARROW)

Boule de Neige. A beautiful early Summer-flowering semi-dwarf covered with small, double white flowers. A compact mass of bloom about 15 in. high.

Filipendula, "Parker's Variety." Large, flat flower heads of golden yellow held on stiff, 3-ft. stems. Ornamental in the garden and fine for cutting. Blooms from June well into the Summer.

Millefolium, "Cerise Queen." A new color of rich bright cerise. Dark green, finely cut foliage. Handsome in the border and the flowers make very acceptable cutting material. 2 ft.

Perry's White. Large, double white flowers cover the plant in June. A popular favorite for either garden decoration or cutting.

Tomentosa (Wooly Yarrow). A neat gem for the rockery or for edging a garden path. In early June it is a mat of golden yellow, the little, flat-topped flowers standing but 3 in. above the orderly tufts of dark gray-green foliage. Attractive at all times.

Any of above: Each 25c., per three 60c., per ten \$1.50

ADENOPHORA

Lilifolia. Belongs to the Campanula family. Bell-shaped flowers of rich purple blue on erect, 2-ft. stems. It is a continuous bloomer starting to blossom in the early Summer. Each 25c., per three 60c., per ten \$1.50.

AETHIONEMA (PERSIAN CANDYTUFT)

Persicum. A choice little Alpine for the rockery. Steel gray foliage of compact form. During June it is covered with little bracts of rose pink flowers. A desirable item. Each 30c., per three 75c.

AJUGA

Reptans. A useful dwarf for the rockery and excellent as a ground cover in shady situations. A strong growing, prostrate plant with rich, dark green foliage. Short spikes of rich blue flowers cover the plant in June. 6 in. Each 20c., per three 50c., per ten \$1.50.

ALYSSUM

Saxatile compactum (Basket of Gold). A fine, dependable item for the rock garden or for the low border. During June and July it is a compact mass of golden yellow completely covering the gray green foliage. 10 in. Each 20c., per three 50c., per ten \$1.50.

ANCHUSA

Italica, Dropmore. A reliable subject for the tall border. Graceful clusters of deep blue flowers. A rugged, sturdy grower about 5 ft. tall. In bloom during the early Summer. Each 20c., per three 50c., per ten \$1.50.

Myosotidiflora (Russian Forget-Me-Not). A handsome dwarf, native of Siberia. In the Spring it sends up sprays of Forget-Me-Not-like flowers of a glorious shade of blue. A grand subject for the rockery or low border. Compact, heavy foliage of deep green. 12 in. Each 30c., per three 75c., per ten \$2.00.

ANEMONE

Pulsatilla (Pasque Flower). An interesting and desirable beauty for the rock garden. One of the first to greet the Spring. Cup-shaped flowers of bright lilac are held on nodding stems 8 in. high. Rises like a silver lilac Crocus from attractive serrated foliage. The fluffy seed pods have a unique appearance. Each 30c., per three 75c.

ANTHEMIS

Tinctoria, "Perry's Variety." An improved strain with large flowers of deep golden yellow. Finely cut deep green foliage. Blooms in June and Summer. 2 ft. Each 25c., per three 60c., per ten \$1.50.

AQUILEGIA (COLUMBINE)

The Columbine is the most popular flower in the American garden. The grace and beauty of these lovely flowers have earned a merited place in the affections of all flower lovers. The June garden would be incomplete without them.

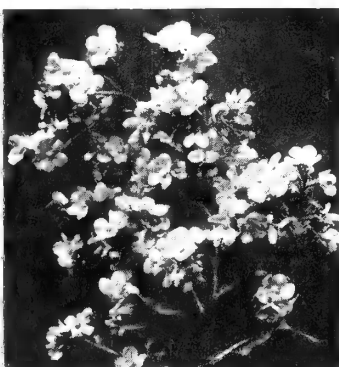

Chrysantha. Tall, graceful stems bearing large, long-spurred flowers of golden yellow. 3 ft. Each 25c., per three 60c., per ten \$1.50.

Chrysantha "Silver Queen". A selected strain of extra large, pure white flowers. A fine, long-spurred variety. Each 25c., per three 60c., per ten \$1.50.

Farquhar's Pink. Extra long-spurred variety of shades of rich pink and bright rose. A selected strain. Each 25c., per three 60c., per ten \$1.50.

Long-spurred Blue Shades. An improved strain taken from the finest blues. Shades of blue from indigo to lavender are always exquisite in Columbines. Each 30c., per three 75c.

MRS. SCOTT ELLIOTT HYBRIDS. The finest strain of long-spurred Columbine. Grown from our selected seed, it will show a blended mixture of rich shades and pastel tones. Many of the extra long-spurred flowers are two-toned, with petals and spurs of lilac, red, Nankeen yellow, carmine, pink and the corolla of white or light blue. A recommended variety. Each 25c., per three 60c., per ten \$1.50, per hundred \$12.00.

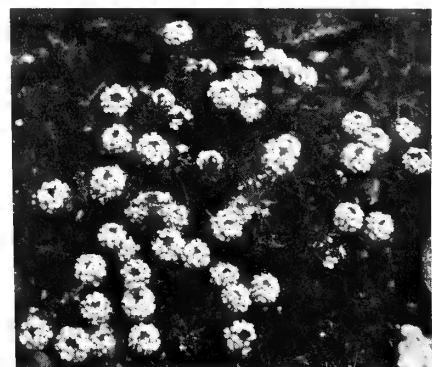

Anchusa

Alyssum Saxatile Compactum

Aubrietia

Aethionema

Aster Frikarti is a persistent bloomer

ARABIS (ROCK CRESS)

Alpina nana compacta. In the Spring the compact tufts are completely covered with glistening white flowers. A select dwarf strain growing about 6 in. high. A valuable rockery plant, and is widely used as an edging for garden paths. The foliage is always attractive. Each 25c., per three 60c., per ten \$1.50.

Alpina flore pleno. The grand double Rock Cress. A fine rock plant with large, double white flowers in mid-April and May. 6 in. Each 30c., per three 75c.

"Spring Charm." A new European plant sensation, glowing carmine flowers. See Novelty pages. Each 35c., per three 90c.

ARMERIA

Lauchearia. A most satisfactory dwarf for the rockery or low border. Tight rounded tufts of deep green from which rises on 6 in. stems ball-shaped flowers of rich rose. It starts to bloom in June and is a continuous bloomer. Each 25c., per three 60c., per ten \$1.50.

ARTEMISIA

Lactiflora. A delightfully fragrant, misty appearing subject for the border. Astilbe-like panicles of white from August well into the Autumn. 5 ft. Each 20c., per three 50c., per ten \$1.25, per hundred \$10.00.

ASCLEPIAS (BUTTERFLY WEED)

Tuberosa. One of the most brilliantly colored of American natives. Flower heads of glowing orange with traces of bright yellow and scarlet. For all its vivid coloring blends well in the border and is a splendid cut flower. Late July and August. 2 ft. Each 20c., per three 50c., per ten \$1.50.

ASTER Michaelmas Daisies

Abendrothe. From early September until frost it is a mass of bright lavender pink flowers. Erect and stately in the Fall border. 4 ft. Each 25c., per three 60c., per ten \$1.50.

Blue Gem. A profusion of brightly colored flowers of almost the identical shade of Hardy Ageratum. Very effective when planted with the Eupatorium as it is just a bit taller and gives a massed effect. Each 25c., per three 60c., per ten \$1.50.

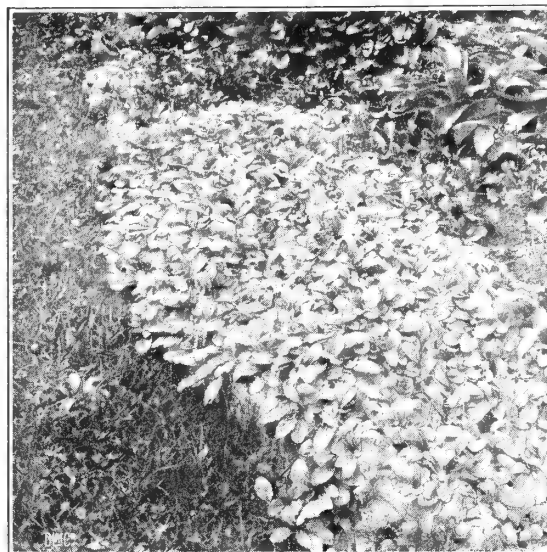

Climax. An old favorite with large flowers of light blue. One of the best for cutting. Each 25c., per three 60c., per ten \$1.50.

St. Egwin. Stocky semi-dwarf plants covered with a myriad of rose pink flowers in September. Choice for the front part of the border. 1½ ft. Each 25c., per three 60c., per ten \$1.50.

MRS. FRANCES CHILDERS. The lovely carmine rose flowers touched with gold in the small crested center completely cover the upright, 4-ft. plants in early September. One of the leading Garden Consultants in the Pittsburgh area stated this was the outstanding Aster of all she had seen. Each 25c., per three 60c., per ten \$1.50.

Aquilegia, Mrs. Scott Elliott Hybrids

Ajuga Reptans

ASTER Novelty Asters

Alpinus, "Dark Beauty." One of the finest dwarf Alpine Asters. Large single flowers of rich deep blue on 6-in. stems in May and June. Each 30c., per three 75c., per ten \$2.00.

"Beechwood Challenger." This fine novelty is the best red of all Asters. Free flowering of medium height, it is a shower of brilliant crimson in September lasting well into the Fall. Each 35c., per three 90c., per ten \$2.25.

Frikarti, "Wonder of Stafa." Among the finest of the new plant introductions. Large flowers of vivid lavender blue on stocky, compact, 15 in. plants. A persistent bloomer, providing color throughout the Summer and Fall. A wonderful cut flower and indispensable in the border. Each 35c., per three 90c.

"Harrington's Pink." Proclaimed as the only real pink Aster when grown and exhibited at the Waltham Field Station. The beautiful pink flowers cover the 3 to 4 foot plant. Each 40c., per three \$1.00.

"Wartburg Star." A giant-flowering dwarf Spring Aster. Single flowers of brilliant blue with a center disc of orange. Equally effective in the rockery or as a cut flower. Each 30c., per three 75c.

AUBRIETIA (PURPLE ROCK CRESS)

Large-flowering Hybrids. A choice Alpine forming tufts of gray green foliage that are completely hidden by the flowers of rich lavender, blue, and purple. Effective when tucked among the rocks. 6 in. Each 25c., per three 60c., per ten \$1.50.

Gloriosa Hybrids. Grown from seed of the sensational European novelty this pink and rose flowered variety is outstanding. Rugged, compact plants. Each 35c., per three 90c.

AZALEA

Mollis Seedlings. We have sold thousands of these three-year-old seedlings for their exceptional value is quickly realized. Sturdy, well-rooted plants that should bloom in a year after being transplanted to your garden. The colors range from flame orange to golden yellow. An economical source for a grand display of these handsome shrubs. Each 35c., per three 90c., per ten \$2.50.

BAPTISIA

Australis (False Indigo). In June it is filled with Lupin-like spikes of rich blue standing above the deep gray green foliage. Will make a fine hedge effect and is pretty in the border. 4 ft. Each 25c., per three 60c., per ten \$1.50.

BOLTONIA

Asteroides. A tall growing graceful variety with sheets of white flowers in August. Each 20c., per three 50c., per ten \$1.50.

Latisquamae. Impressive in the border during the late Summer. Hundreds of single pink Daisies cover the 5-ft. plant. Recommended for garden decoration or for cutting. Each 25c., per three 60c., per ten \$1.50.

CALAMINTHA (ALPINE MINT)

Alpina. A neat, low growing Alpine covered with dainty lavender flowers in June. Its prostrate habit makes it effective in the rockery or planted in rock walls. Each 20c., per three 50c., per ten \$1.50.

The colorful Cushion Mums bloom early

CAMPANULA (BELLFLOWER)

Carpatica. The delightful, dwarf, free-flowering Carpathian Harebell. Neat clumps of dark green, crinkly foliage covered in June and July with large, cup-shaped flowers of bright blue. Recommended for the rockery or for edging garden paths. Each 25c., per three 60c., per ten \$1.50.

Calycanthemum. The glorious, colorful Cup-and-Saucer Canterbury Bells. Branching, 3-ft. plants filled with bell-shaped flowers that have an outer row of petals resembling a cup upon a saucer. Three bright colors—Blue, Rose, White, or Mixed. Each 25c., per three 60c., per ten \$1.50.

Garganica major. An improved gem for the rockery, forming 2-in. tufts of small, heart-shaped leaves smothered with starry, bright blue flowers. Nestled among the rocks it is a glorious sight in June. Each 30c., per three 75c.

Persicifolia, "Pfitzeri." The rare and beautiful double blue Peachleaf Bellflower. Erect habit about 30 in. high with short lateral branches filled with exquisite flowers of deep blue. Grand in the Midsummer garden and one of the best for cutting. Each 35c., per three 90c.

POSCHARSKYANA. The choice Serbian Harebell for the Alpine garden. Low tufts of dark green with short trailing branches filled with vivid light blue flowers. In full glory during June and shows color well into the Summer. A hardy gem of merit. Each 30c., per three 75c., per ten \$2.00.

CARNATION

Grenadin. The hardiest variety of double Carnations for the perennial border. The brightly colored flowers show to fine advantage because of the silver gray foliage. Their spicy fragrance, perfect form, and 15 in. stems make them ideal cut flowers.

King of the Blacks
Bright Scarlet

Rose Queen
White Gem

White Gold
Mixed

Any of above: Each 25c., per three 60c., per ten \$1.50

COLLECTION 66: One plant of each color—only \$1.00

CEPHALARIA

Tatarica. The bright yellow Scabiosa pennsylvanica. A fine subject for the back border. Six-foot plants filled with large yellow flowers. Does well in partial shade and moist soil. Provides an abundance of cutting material in June and July. Each 30c., per three 75c., per ten \$2.00.

CENTAUREA

Dealbata. A showy variety with large lavender rose flowers. A profuse bloomer in late June and July. Finely cut foliage of attractive appearance making the plant a valuable border variety. 2½ ft. Each 25c., per three 50c., per ten \$1.50.

Macrocephala. Large, thistle-like heads of brilliant golden yellow. Strong, erect stems that are ideal for cutting. Blooming at the same time as Delphinium they combine beautifully in a bouquet. 3 ft. Each 25c., per three 60c., per ten \$1.50.

Montana (Blue Corn Flower). Semi-dwarf in habit blooming in early July. Large, shaggy flowers of violet blue. 2 ft. Each 20c., per three 50c., per ten \$1.50.

CHRYSANthemUMS Hardy Garden Mums

Alice Howell. Bright yellow, strongly overcast bronze. Blooms in early October.

Glory of Seven Oaks. A grand, large, double pure yellow. Blooms in September.

Gold Coin. Incurred petals of burnt gold shaded with rich deep yellow.

Gypsy Queen. Sparkling rich bronze, scarlet and gold.

Jean Treadway. A lovely sparkling pink resembling a double Aster. When fully opened takes on a soft rose shade.

Little Bob. Of semi-dwarf habit with a profusion of bronze red buttons.

L'Argentuillais. An early bloomer with large, double flowers of copper scarlet tipped with gold.

Mitzi. Small buttons of golden yellow.

Murillo. A semi-dwarf early variety covered with large flowers of old rose.

Old Homestead. Bright pink frosted with silver.

Red Doty. A fine midseason tall variety. Double flowers of deep maroon.

Tasiva. A semi-dwarf double pure white. Early.

Vivid. Large, shaggy semi-double flowers of vivid red.

White Beauty. Large, double flowers opening rich pink and fading to a blush white.

Price of above: Each 25c., per three 60c., per ten \$1.50

SPECIAL: Your choice of any six of above Mums—only \$1.00.

Recent Introductions

Of the many new Mums recently introduced, we feel that the following are outstanding. Price each 25c., per three 60c.

"Ember." A brilliant glowing bronze of superb form.

"King Midas." Extra large flowers of soft yellow.

"Pygmy Gold." Brilliant gold Korean Pompon.

"The Moor." Double flowers of Burgundy red.

"Romany." Large, double flowers of carmine-red blended with bronze.

COLLECTION 67: One each of five Mums \$1.00.

CUSHION MUMS

Pink Cushion. One of the most colorful of recent introductions. Starting in August the compact, ball-shaped plants are a mass of rich pink color. The hundreds of double flowers are so closely set that they form a solid sheet. Ideal for edging and decorative in the low border. 12 in. Each 25c. per three 60c., per ten \$1.50.

King Cushion. A new introduction of the same habit as "Pink Cushion" but the flowers are a unique shade of brick red overcast with bronze. A glorious ball of color. Each 30c., per three 75c., per ten \$2.00.

Queen Cushion. A charming companion for the "King Cushion." The myriad of flowers open to a deep blush pink changing to cream white. Each 30c., per three 75c., per ten \$2.00.

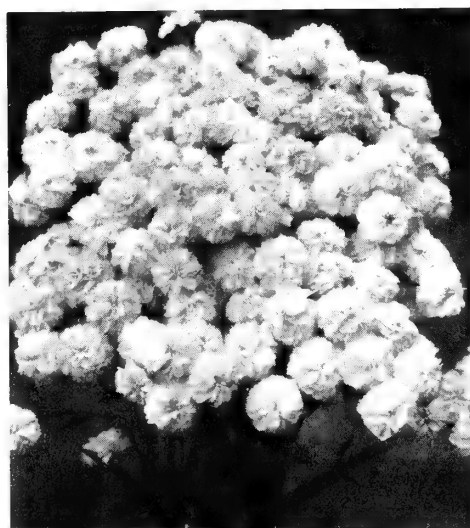

HARDY ARCTIC MUMS

"Astrid." The symmetrical, 18 in. mound-shaped plants are covered with hundreds of large single flowers of old rose shaded with apricot, with a yellow center. Each 30c., per three 75c.

Arcticum. The lovely white Arctic Daisy. In September the dwarf plants are a mass of single flowers. Attractive, low-growing, deep green foliage. A fine subject for edging. Each 25c., per three 60c., per ten \$1.50.

Campanula CarpatICA

Achillea Perry's White

Dicentra Exlmea

For a neat edging plant use *Dianthus arvenensis*

Chrysanthemum "King Midas"

Chrysanthemum "Ceres"

KOREAN MUMS

The hardy, colorful varieties hybridized from the native of Korea. Showy, compact plants, profusely blooming in late September and October. Charming new colors which make a pleasing effect in the border.

Apollo. Old gold and glowing reddish-bronze.

Ceres. Rich bronze overlaid with chamois and gold.

Daphne. Bright pink and lilac rose with stamens of gold.

Mercury. Deep red in bud, opening to a copper red.

Mars. A velvety amaranth red.

Each 25c., per three of one variety 60c.

COLLECTION 68: One each of the Korean Mums—only \$1.00

CIMICIFUGA

(SNAKE ROOT)

Racemosa. A handsome American native with fluffy racemes of white flowers on graceful 5-ft. stems during July and August. Ideal for naturalizing in a woody dell or in a shady spot of the garden. Each 20c., per three 50c., per ten \$1.50, per hundred \$12.00.

COREOPSIS

Double "Sunburst." The recent introduction that has created a sensation. Large flowers with several rows of petals. Better described as a semi-double. A rich, deep yellow. 3 ft. Each 25c., per three 60c., per ten \$1.50.

Verticillata. Visitors coming to our nursery always admired this profuse bloomer, never dreaming that it belongs to the Coreopsis family. Handsome, symmetrical lacy foliage heavily sprinkled with small flowers of bright gold. Starts to bloom in June and lasts all Summer. 2 ft. Each 25c., per three 60c., per ten \$1.50.

CYNOGLOSSUM

Nervosum. Fine for the early Summer border. Tall branching spikes of rich blue. Each 25c., per three 60c., per ten \$1.50.

DELPHINIUM

Delphiniums, with their grace and charm, add dignity and beauty to the garden. Hardy, rugged varieties that will lend distinction to your garden. All are two-year, field-grown plants.

Belladonna, "Cliveden Beauty." An improved variety with large flowers of a brilliant sky-blue. Longer spikes and better placement is noted. A favorite for cutting. Each 20c., per three 50c., per ten \$1.50, per 100 \$12.00.

Wrexham Hollyhock Strain. The recognized superior strain of fine Delphinium. Grown from selected seed this shows a high percentage of choice doubles and extra large singles in varying shades and combinations of colors. Noted for its vigor and rugged habits, the perfectly formed spikes are held on erect stiff stems. Grand in the garden and superb as cut flowers. Each 25c., per three 60c., per ten \$1.50, per hundred \$12.00.

Lamartine. A recent introduction that is rapidly becoming one of the favorites for cutting and for show in the garden. Extra large single flowers of vivid indigo blue handsomely marked with a white bee. Each 30c., per three 75c.

GIANT PACIFIC HYBRIDS. Grown from seeds of the famous Vetterle and Reinelt strain. Thin but strong whippy stems bearing huge spikes of flowers. Choice doubles and de luxe semi-doubles in all the rich colors found in Delphiniums. Each 30c., per three 75c., per ten \$2.00.

DIGITALIS

(FOXGLOVE)

Shirley Select Hybrids. Handsome full spikes in shades of rose, purple, pink, lavender and white. The center of the individual flowers are marked with chocolate. A beautiful show in the Summer border. 4 ft. Each 25c., per three 60c., per ten \$1.50.

DIANTHUS

Arvenensis. A dainty Alpine gem. Miniature glaucous green tufts studded with rich pink flowers in June. The entire plant does not grow over 4 in. high and is ideal for edging and is charming in the rocks. A neat and orderly grower. Each 25c., per three 60c., per ten \$1.50.

Caesius fl.pl. "Rose Queen." This is the result of selections from the compact double flowered type. Blue-gray foliage completely hidden by large rose flowers on erect 6 in. stems. Each 30c., per three 75c.

Deltoides erecta. An improved form of the old favorite "Maiden Pink." A lavish display of deep pink flowers completely covering the mat of dark green foliage. The small flowers are held erect on 4-in. stems. Always attractive but at its best in the early Summer. Each 30c., per three 75c., per ten \$2.00.

Plumarius semperflorens. The old-fashioned Pinks of grandmother's garden—greatly improved as to color and size of bloom. Spicy-scented, many of them double with dual-toned effects and finely laciniated. For small bouquets they are recommended. 12 in. Each 20c., per three 50c., per ten \$1.25, per hundred \$10.00.

Plumarius "Spring Beauty." A new strain of garden Pinks of extra size and coloring. Many are full doubles and interesting semi-doubles. Each 30c., per three 75c.

DICENTRA

(BLEEDING HEART)

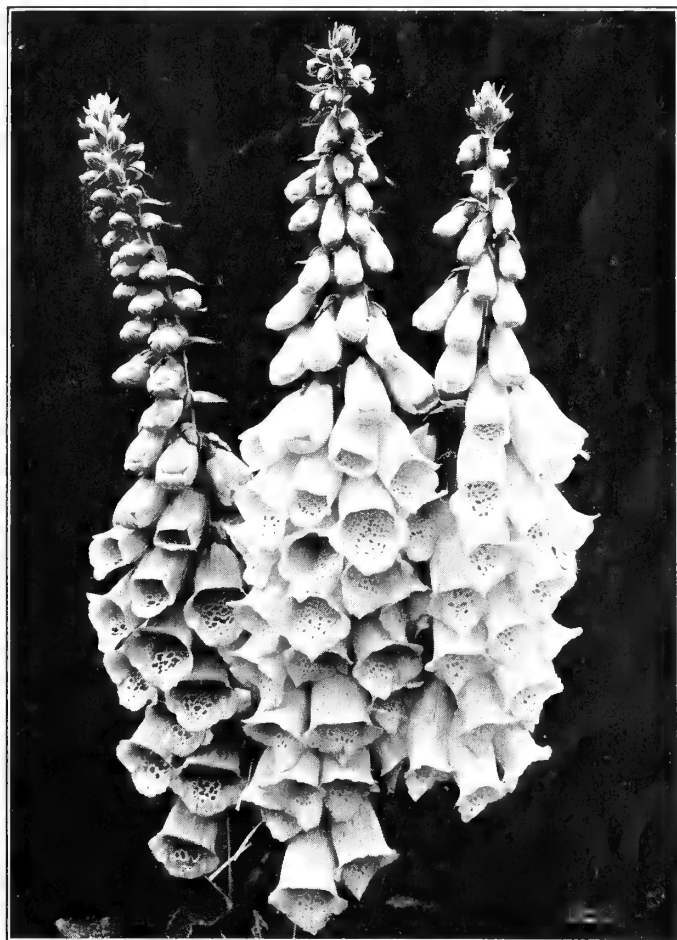

Eximea. The Everblooming or Plumy leaf Bleeding Heart that makes such a fine item for the border. Light green, finely cut foliage of semi-dwarf habit filled with drooping cherry red hearts all through the Summer and into the Fall. 12 in. Each 25c., per three 60c., per ten \$1.50, per hundred \$12.00.

Spectabilis. The true old-fashioned Bleeding Heart. An established favorite that makes a bright show in the June garden. Graceful branches lined with deep rose hearts. Strong plants. Each 35c., per three 90c., per ten \$2.50.

DICTAMNUS

(GAS PLANT)

Fraxinella. An aristocrat for the border. Once placed in the garden it increases in beauty never becoming straggly or unsightly. We have seen clumps that are over 20 years old and they are still erect, well formed, and retain their great beauty. Glossy, lemon-scented foliage with spikes of flowers in June. 2½ ft. Two colors—**Rose** or **White**. Each 30c., per three 75c., per ten \$2.00.

Digitalis, Shirley Select Hybrids

Globularia cordifolia is a fine rock plant

DORONICUM

(LEOPARD'S BANE)

Plantagineum, "Excelsum." Large, golden single Daisies that bloom in May and June. One of the finest cut flowers and presents a gay appearance in the border. Should be moved in the Autumn, but can be safely transplanted in April. 2 ft. Each 30c., per three 75c., per ten \$2.00.

Clusi. A splendid item for the rockery with a profusion of bright yellow Daisies on 10 in. stems. Compact, deep green foliage. Each 30c., per three 75c., per ten \$2.00.

EUPATORIUM

(HARDY AGERATUM)

Coelestinum. A fine border plant for late Summer bloom. The 3-ft. plants are a mass of fluffy deep lavender blue flowers. Especially valuable as a cut flower coming when blues are scarce in the garden. Each 20c., per three 50c., per ten \$1.25, per hundred \$10.00.

EUPHORBIA

Corollata. Sprays of small white flowers greatly resembling Baby's Breath. It blooms in Midsummer after the Gypsophila is gone and is the standard variety to use as a filler in bouquets. 2 ft. Each 25c., per three 60c., per ten \$1.50.

Polychroma. An unusual and distinctive variety for the rock garden or for the low border. Globe-shaped plants covered with bracts of bright yellow flowers. Starts to bloom close to the ground in May as it matures changes color from light green yellow to a rich gold. 12 in. Each 30c., per three 75c.

FESTUCA

Glauc (*Blue Fescue Grass*). Widely used because of its neat dwarf steel-blue foliage. Spiked tufts that are useful in the rockery or for color contrast and is used as an edging plant. 6 in. Each 25c., per three 60c., per ten \$1.50.

FUCHSIA

Riccartoni, "Scarlet Beauty." The new, gloriously beautiful hardy everblooming plant sensation. Fully described on the Plant Novelties pages. Each 65c., per three \$1.50.

Geum "Lady Stratheden"

FUNKIA

Meadia Variegated. A bedding plant of merit. Light green foliage attractively bordered with golden yellow. Valuable in the garden for color contrast. While used generally for its handsome foliage, during July pretty lavender flowers appear on 1-ft. stems. Each 20c., per three 50c., per ten \$1.50.

Lanceolata. Forms heavy tufts of narrow, glossy leaves. In late July there is a profusion of lilac flowers on erect 1-ft. stems. For bedding or for bordering a garden. Each 20c., per three 50c., per ten \$1.25, per hundred \$10.00.

GAILLARDIA

(BLANKET FLOWER)

"Golden Goddess." One of the finest of the new introductions. An ever-blooming, extra large, golden yellow. Each 35c., per three 90c., per ten \$2.50.

"Burgundy." A deep wine maroon. Large, nicely formed flowers in great profusion. Some will show a faint trace of a gold edging. Each 25c., per three 60c., per ten \$1.50.

Portola, Select Hybrids. An improved strain of immense size in brilliant shades of orange, scarlet, and gold. Long, stiff stems hold the well-formed flowers. One of the best for cutting all through the Summer. Each 25c., per three 60c., per ten \$1.50.

GENTIANA

Andrewsi (Closed Gentian). A quite rare American native. The tightly closed, bright blue flowers are borne in clusters on terminal stems. Excellent for the shady part of the rockery. 8 in. Each 25c., per three 60c., per ten \$1.50.

GEUM

Heldreichi, "Huntington's Variety." A hardy Alpine of merit, withstanding Summer heat and Winter freezing. Forms compact clumps of crinkly bright green foliage with single flowers of rich orange scarlet on 8-in. stems. In May and June, it makes a fine show in the rockery. Suitable for edging purposes as it does not grow out of bounds. Each 30c., per three 75c.

"Lady Stratheden." A beautiful golden yellow double on erect, stiff stems. Blooms in June and July. Finely cut dwarf foliage. 15 in. Each 25c., per three 60c., per ten \$1.50.

"Mrs. Bradshaw." Extremely showy, double flowers of vivid crimson. free flowering. Useful in the rock garden or border and makes a fine cut flower. June and July. 15 in. Each 25c., per three 60c., per ten \$1.50.

GLOBULARIA

Cordifolia. A handsome dwarf for the rockery. Neat clumps of deep green foliage studded with globe-shaped flowers of deep blue. 8 in. Each 25c., per three 60c., per ten \$1.50.

GYPSOPHILA

(BABY'S BREATH)

Cerastoides. A rare and very unusual dwarf Alpine. Forms tidy little mats of bright green studded with comparatively large white flowers delicately veined with rose. Prefers a sunny niche among the rocks. Each 40c.

"Bristol Fairy." This glorious novelty is covered with a myriad of dainty double white flowers in June. An unrivaled cut flower and adds a delicate lacy appearance to the border. Rugged habit and strong growing. 3 ft. Grafted stock. Each 30c., per three 75c., per ten \$2.25.

Repens "Bodgeri." A new dwarf double with trailing branches about a foot long, covered from early Summer until well into the Fall with a multitude of white flowers. The flowers age to a blush pink and gives the appearance of being both white and pink as the new flowers open. Recommended for the rockery and provides a wealth of cutting material. Each 30c., per three 75c., per ten \$2.25.

HELIANTHEMUM

(SUN ROSE)

Mutabile, Mixed. Showy, dwarf evergreen plants for a sunny spot in the rock garden. The compact, bushy plants are literally covered with hundreds of single flowers brilliantly colored. A grand display in the early Summer. Each 25c., per three 60c., per ten \$1.50.

HELIOPSIS

"LODDON'S GOLD"

One of the finest perennials for the Mid-Summer garden. Extra large, double flowers of gleaming gold on five-foot stems. Each 30c., per three 75c., per ten \$2.25.

Use Japanese Iris for a colorful Display

HEMEROCALLIS

Choice Hybrid Day Lilies

APRICOT. A rich clear apricot shade blending to a deep orange in the throat of the large flower. Graceful slender stems. Blooms in late May and June. Each 30c., per three 75c., per ten \$2.00.

GOLDENI. A grand Betscher hybrid. Extra large flowers with recurved petals of brilliant deep orange. At the height of its glory in July. Grouped in the border it makes a bright display. Each 30c., per three 75c., per ten \$2.00.

GYPSY. One of Betscher's finer hybrids. Unusual and attractive color. Large trumpet-shaped flowers of rich burnt-orange coming into bloom in early July. Each 35c., per three 90c.

MODESTY. A Betscher triumph. A glorious shade of chrome yellow. Extra large Lily-like flowers of perfect form. Blooms for a long duration and makes a grand display in late June and July. Highly recommended at these reduced prices. Each 50c., per three \$1.25.

"R. A. 15." A new Betscher hybrid still under number. One of the most stately of all with long stems bearing flowers of bright yellow blended with glowing orange. Blooms in August. Each 75c., per three \$1.75.

COLLECTION 69: One each of the 5 Choice Hybrids—\$1.75

HEMEROCALLIS Standard Varieties

Aurantiaca. A handsome, late blooming variety at its best during July. Large flowers of bright orange tinted with saffron. A strong, rugged variety. 3 ft. Each 25c., per three 60c., per ten \$1.50.

Flava. Blooming in June the large flowers of bright light yellow are very colorful. A dependable border variety. Each 25c., per three 60c., per ten \$1.50.

Kwanse flore pleno. One of the most effective and unusual varieties of all. Large, double flowers of deep orange brightly overcast with copper. Planted in groups it makes a startling show. 3 ft. Each 25c., per three 60c., per ten \$1.50.

Thunbergi. The tallest and most stately of all. Long, slender stems on which are borne Lily-shaped flowers of clear lemon yellow. Blooms from late June well into July. 5 ft. Each 25c., per three 60c., per ten \$1.50.

COLLECTION 70: One each of the 4 Standard Hemerocallis—75c.

HEPATICA

Triloba. A dainty lavender gem. Ideal in a cool spot of the rockery. Neat, compact foliage studded with small flowers in the early Spring. 6 in. Each 20c., per three 50c., per ten \$1.50.

HEUCHERA (CORAL BELLS)

Brizoides. Forms compact clumps of leathery green leaves from which arise slender stems bearing a myriad of bright pink, tiny bells. A shower of misty color all Summer. Can be used as a filler in bouquets and is particularly effective when combined with Gypsophila "Bristol Fairy." 15 in. Each 30c., per three 75c., per ten \$2.00.

Sanguinea. A brilliant bright red. The profusion of small, bell-shaped flowers makes a vivid show. A compact, tidy variety that always looks well in the garden. 15 in. Each 30c., per three 75c., per ten \$2.00.

HIBISCUS (GIANT MALLOW)

Mallow Marvels Mixed. Huge blossoms of various shades from deep red, bright pink to white with crimson markings. Adds a bright touch to the border and is very effective planted among evergreens. 5 ft. Each 20c., per three 50c., per ten \$1.25, per hundred \$10.00.

"Huntington's Grenadier." A gorgeous deep crimson. Tall and stately with extra large flowers of perfect form. A group of these vivid flowers in the back border is dazzling in its effect. 5 ft. Each 25c., per three 60c., per ten \$1.50.

HOLLYHOCK

Chater's Doubles. The recognized strain of finest doubles. Crimson, Newport pink, salmon, white, yellow, or mixed. Each 25c., per three 50c., per ten \$1.50.

HYPERICUM

Fragile. A desirable rock plant. Attractive, fresh green foliage, filled with star-shaped flowers of golden yellow in May and June. Each 30c., per three 75c., per ten \$2.00.

IBERIS

(HARDY CANDYTUFT)

Sempervirens. Neat growing evergreen tufts covered in May and June with pearl white flowers. A dependable plant for the rockery, the low border or for edging garden paths. 8 in. Each 25c., per three 60c., per ten \$1.50.

IRIS

Japanese Iris

One of the showiest of the entire Iris group. The individual flowers are of immense size—from 6 to 8 inches in diameter—in the most beautiful and delicate tones. In full glory during June. 2½ to 3 feet.

Eleanor Parry. Large, double flowers of striking claret red.

Gold Bound. The finest white daintily lined with clear gold.

Hercules. Large double delicate lavender.

Margaret S. Hendrickson. Wavy petals of soft blue. Attractive white center.

Nishiki Yama. One of the most handsome of all. Double flowers of rosy-red streaked with white.

Purple and Gold. Purple attractively spotted with gold.

Pyramid. Rich violet veined white double.

Wakamusha. Rich, Pansy-violet and plum with an ivory white border.

Price of above: Each 30c., per three 75c., per ten \$2.00

COLLECTION 71: One plant each of the 8 Japanese Iris—only \$1.50

Dwarf Pumila Iris

These early Spring bloomers are gems in the rock garden. Compact foliage of neat habit. Bold, bright blossoms on erect, 6-inch stems. Can be used for bordering flower beds.

Atroviolacea. An extra dwarf variety. Flowers of rich purple blue.

Fairy. Bright caerulean blue. Very dwarf.

Orange Queen. Large orange yellow.

Sambo. Glowing purple violet.

Snow Cap. Lovely cream white flowers.

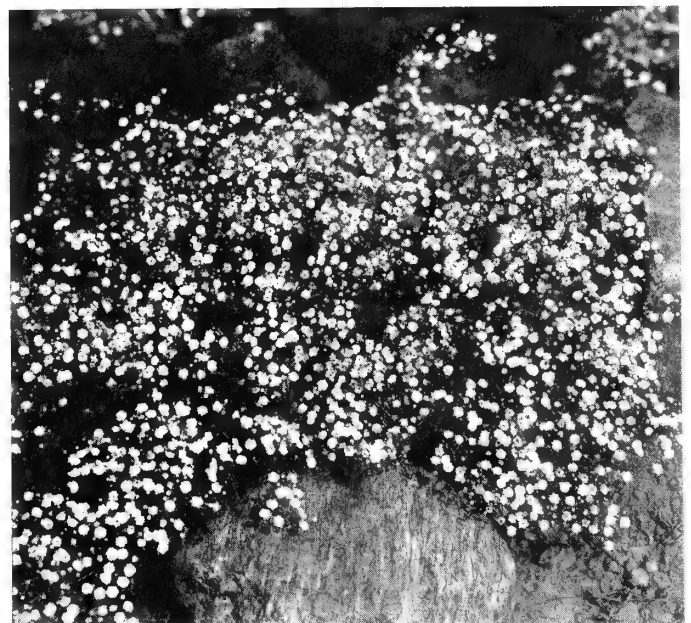

Price of above: Each 25c., per three 60c., per ten \$1.50

COLLECTION 72: One each of the 5 Pumila Iris—only \$1.00

Novelty Iris

Dichotoma (The Vesper Iris). Dainty orchid-like flowers of rich lavender and mauve are borne on graceful slender stems. A welcomed addition to the August gardens when it is at its loveliest. The flowers open about four in the afternoon, hence its name, 3 ft. Each 30c., per three 75c.

ARENARIA. A rare little Iris of exceedingly dwarf habit. The entire plant only grows about 6 in. high. Narrow leaves forming compact tufts. In late April and May the plant is smothered with perfectly formed flowers of a rich golden yellow. Does well in full sun and in light soil. For a novelty of merit we highly recommend this. Each 25c., per three 60c., per ten \$1.50.

Gypsophila Repens "Bodgeri"

Nepeta mussini is recommended for edging

Phlox Divaricata Canadensis

LAVANDULA (ENGLISH LAVENDER)

Vera. Fragrant, blue-gray foliage in neat clumps topped with lavender blue flowers in June. A splendid rock plant and equally effective in the low border. 8 in. Each 25c., per three 60c., per ten \$1.50.

LIATRIS (BLAZING STAR)

Pycnostachya. Handsome, full spikes of bright purple tipped with lavender. One of the finest for cutting, mixing well with Glads. Blooms in early August. Erect, stiff stems. 5 ft. Each 25c., per three 60c., per ten \$1.50.

Scariosa. A distinct type, blooming earlier than *L. pycnostachya*. The stately lavender purple spikes is made up of large, individual florets. Each 25c., per three 60c., per ten \$1.50.

"September Glory". A long, solid spike of purple on towering 6-ft. stems. Unlike other varieties, comes into bloom all at the same time. A grand show in September. Each 30c., per three 75c., per ten \$2.00.

LILY-OF-THE-VALLEY

Majalis. The ever-popular bedding plant. Dainty little bells of pure white so delightfully fragrant. Place in a shady nook of the rockery or grow a little colony of them in some secluded part of the garden. Each 30c., per three 75c., per ten \$2.00, per hundred \$15.00.

LILIUM

We recommend Fall transplanting of Lilies but if ordered early in the Spring they will bloom for you. For best results place them in a well drained situation.

Regale. The exotic Lily Dr. Wilson brought back from China. One of the finest whites, a rich ivory tinted a delicate purple in the throat. June blooming. Each 25c., per three 60c., per ten \$1.50.

Superbum (*Turk's Cap Lily*). Drooping bright yellow flowers spotted with reddish orange. A splendid native Lily to naturalize. Each 20c., per three 50c., per ten \$1.25, per hundred \$10.00.

Tenuifolium (*Siberian Coral Lily*). A delightful gem for the rockery or border. The flowers have recurved petals of waxy coral red. Profuse bloomer. 18 in. Each 20c., per three 50c., per ten \$1.50.

LINUM

Perennae Blue (*Hardy Flax*). One of the most profuse blooming plants for the border in the entire list. From early Summer well into the Autumn it is covered with bright blue flowers. Each evening the flowers drop to be replaced the next morning with a fresh supply of dainty flowers. 18 in. Each 20c., per three 50c., per ten \$1.50.

LOBELIA

Cardinalis (*Cardinal Flower*). An American native of unmatched vivid scarlet. Grows luxuriantly in a cool situation. In August the long spikes are a blaze of glory. 3 ft. Each 25c., per three 60c., per ten \$1.50.

Syphilitica Blue. A native of the Northern states with semi-dwarf spikes of rich blue. A group of these in a shaded part of the border makes a brilliant show during the Midsummer. 2 ft. Each 30c., per three 75c., per ten \$2.00.

LUPINUS

Harkness Regal Hybrids. A grand strain of these exquisite flowers for the border. Stately spikes filled with pea-shaped flowers in rich shades of lavender, rose, purple, blue, carmine and white. Many are touched with pastel tints to add to their beauty. Handsome foliage. June blooming. 3 ft. Each 30c., per three 75c., per ten \$2.00.

LYCHNIS

Viscaria splendens flore pleno. Dense tufts of deep evergreen foliage. In June short spikes of double, vivid garnet flowers rise 8 in. above the foliage. Its bright coloring makes it equally useful in the rockery or low border. Each 30c., per three 75c., per ten \$2.00.

LYTHRUM

Roseum Superbum. Showy plants with long spikes of bright rose. Will thrive in any situation and does particularly well in a waterside planting. A bright spot of color from June until August. 4 ft. Each 20c., per three 50c., per ten \$1.50.

MERTENSIA (BLUE BELLS)

Virginica. The charming Virginian Blue Bells with drooping panicles of rich blue fading to clear pink. Well-known to all who went wild flowering in childhood along the river bottoms. April and May blooming. Should be transplanted in August, but can be moved safely in early April. Each 25c., per three 60c., per ten \$1.50, per 100 \$12.00.

MONARDA

Didyma, "Cambridge Scarlet" (*Bergamot*). Showy plants with aromatic foliage. Covered with a mass of brilliant crimson flowers in July. 2 ft. Each 25c., per three 60c., per ten \$1.50.

Didyma rosea. The same as above with the exception of the color. A bright deep rose. Each 25c., per three 60c., per ten \$1.50.

MYOSOTIS (FORGET-ME-NOT)

Palustris semperflorens. The hardy Forget-Me-Not with a multitude of delicate blue flowers on dwarf, dark green foliage. Blooms from June well into the Summer. 6 in. Each 25c., per three 60c., per ten \$1.50.

NEPETA

Macrantha. A neat item of prostrate form. Silver gray foliage with lavender blue flowers in May and June. Fine for rockery or edging. Each 25c., per three 60c., per ten \$1.50.

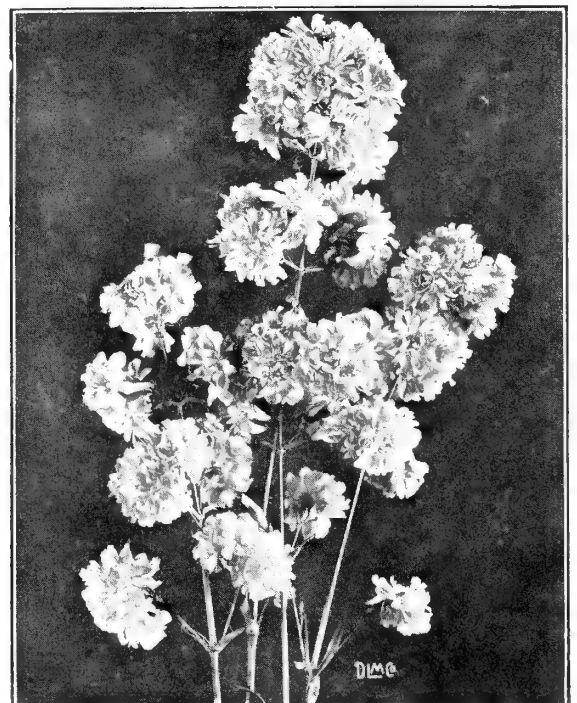

Mussini. One of the old dependables for edging or for the rockery. Bright gray green foliage with a profusion of short spikes of rich lavender blue. Blooms from June well into the Summer. Each 25c., per three 60c., per ten \$1.50, per hundred \$12.00.

OENOTHERA

Missouriensis (*Ozark Sun Drop*). A delightful dwarf for the rock garden. Prostrate leathery leaves and large open flowers of a brilliant yellow. Makes a fine show among the rocks in June and July. Each 25c., per three 60c., per ten \$1.50.

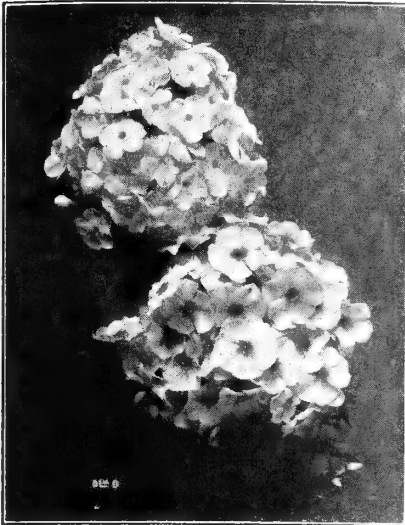

PARDANTHUS

Chinensis (*Blackberry Lily*). A striking deep orange Lily-like flower. Blooms in July on slender, 2-ft. stems. The interesting seed pods resemble giant Blackberries. Each 25c., per three 60c., per ten \$1.50.

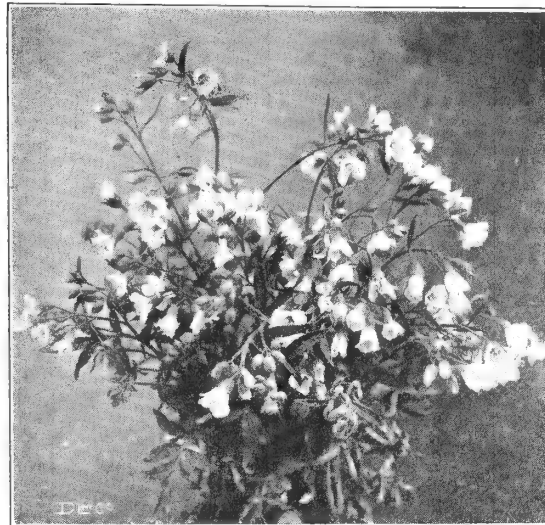

Lychnis Viscaria Splendens fl. pl.

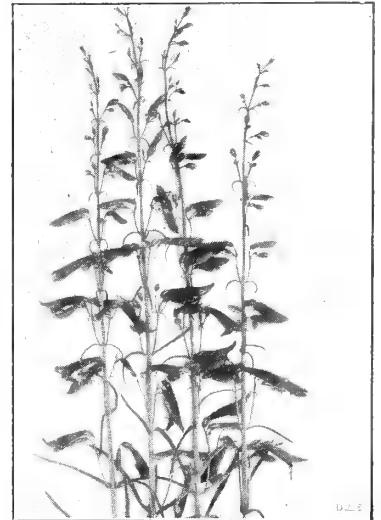

Use plenty of Phlox for bright color

Phlox "Lillian"

Polemonium Reptans Improved

Pentstemon "Coral Gem"

PAPAVER (ORIENTALE POPPIES)

These glorious Poppies provide a riot of brilliant color in the early Summer gardens. As Poppies should be planted when they are dormant, we are accepting orders for Fall delivery only.

"Jeanne Mawson." A sparkling geranium-pink on tall, erect stems. Each 30c., per three 75c., per ten \$2.00.

"Joyce." Bright cherry red flowers of medium size. Each 30c., per three 75c.

"Lord Lambourne." Extra large scarlet with black blotch. Attractively fringed. Each 30c., per three 75c., per ten \$2.00.

"Lulu A. Neeley." A grand blood-red giant. One of the most popular. Each 35c.

"Mrs. Perry." A charming shade of apricot pink. One of the most rugged of all Orientales. Each 25c., per three 60c., per ten \$1.50.

"Perry's White." Large, satiny white handsomely marked with maroon. Each 30c., per three 75c.

"Purity." A soft, rich pink without any markings. Recommended. Each 30c., per three 75c.

"Salmon Beauty." An immense, well formed flower of glowing salmon. Each 30c., per three 75c.

"Sass Pink." Considered to be the finest light pink. Each 35c.

"Wurtembergia." Striking Neptal scarlet. One of the largest-flowered of all Poppies. Each 40c.

COLLECTION 73: One each of the 10 Poppies—only \$2.50
Fall Delivery Only

PENTSTEMON

Huntington's "Shell Pink." Our origination which has been warmly received by all that have seen it. Stephen Hamblin says—"a particular gem, its color is all that it is claimed to be." Two-foot spikes of dainty, Snapdragon-like flowers of clear shell pink. Ideal to cut with Delphinium. Dwarf foliage of glossy, deep green. Each 30c., per three 75c., per ten \$2.00.

Huntington's "Coral Gem." Louise Beebe Wilder pays a nice tribute to this and "Shell Pink"—"less well-known are the two exquisite forms of Barbatus introduced by Ralph E. Huntington, 'Coral Gem' and 'Shell Pink' respectively, such lovely things!" Sturdy, erect habit, blooming in June and July. Choice for the border or cutting. Each 25c., per three 60c., per ten \$1.50.

Torreyi (Scarlet Beard Tongue). Tall graceful spikes of bright scarlet flowers from July through August. Produces a dazzling effect in the border. 4 ft. Each 25c., per three 60c., per ten \$1.50.

PHYSOSTEGIA (FALSE DRAGONHEAD)

Virginica. Adds a bright touch of color to the Midsummer border. Spikes of right pink. A dependable strong grower. 2½ ft. Each 20c., per three 50c., per ten \$1.50.

"Vivid." A fine, semi-dwarf. Full spikes of deep rose at their best in July. Highly recommended for the border. Each 25c., per three 60c., per ten \$1.50.

PLATYCODON (BALLOON FLOWER)

Grandiflorum Large, cup-shaped flowers of light blue are borne on slender, 2-ft. stems. Colorful in the June border. Each 25c., per three 60c., per ten \$1.50.

PHLOX Tall Hardy Phlox

The hardy Decussata type Phlox offers a source of brilliant color for the Midsummer border. Tall, erect and graceful they add rich hues to the garden.

Africa. A dazzling deep scarlet. Strong, stocky habit.

Comte. Large flower heads of rich Burgundy red.

Daily Sketch. An outstanding new variety. Extra large flowers of rose pink with an eye of crimson. A magnificent Phlox. Each 30c., per three 75c., per ten \$2.25.

E. I. Farrington. Large heads of rich salmon pink.

Enchantress. A beautiful bright pink shaded blush in the center.

Feuerbrand. A brilliant glowing scarlet of fine habit.

Jules Sandeau. A lovely watermelon pink. Clear and distinct.

Leo Schlageter. One of the best of the tall growing red Phlox. Large florets of brilliant scarlet. Each 30c., per three 75c., per ten \$2.00.

Lillian. A grand Phlox. Bright cameo pink delicately marked with light lavender in the center. One of the best. Each 30c., per three 75c., per ten \$2.25.

Miss Lingard. Waxy-white flowers faintly shaded in the center with rose lavender. The first to bloom.

Thor. A beautiful deep rose with dark red center.

Von Lassburg. Large pearl white flowers.

Widar. A fine deep lavender brightly marked with white.

Any of above, except where noted: Each 25c., per three 60c., per ten \$1.75

COLLECTION 74: Your choice any 5 only \$1.00.

Dwarf Phlox

Amoena. A low species about 6 in. high covered in the Spring with a mass of large bright pink flowers. Compact, deep green foliage. Each 25c., per three 60c., per ten \$1.50.

Divaricata canadensis. Our native Wild Sweet-william. Large lavender blooms on wiry 6-in. stems. Splendid for the shady part of the rock garden and a colony of them in the cool border makes an impressive picture in May and June. Each 20c., per three 50c., per ten \$1.50, per hundred \$10.00.

Ovata caroliniana. A choice native of the mountains of Carolina. Mats of oval-shaped leathery leaves. The large flower heads are a rich rose color. Recommended. 6 in. Each 30c., per three 75c., per ten \$2.00.

Subulata Sylvestris "Dixie Brilliant." A new, giant-flowered glowing red. See Novelty pages. Each 35c., per three 90c.

Subulata alba. A pretty creeper forming mats of dark green foliage covered in May with a profusion of waxy-white flowers. Each 25c., per three 60c., per ten \$1.50.

Subulata atropurpurea. A vivid carpet of rich Burgundy red. Strong growing. Each 25c., per three 60c., per ten \$1.50.

Subulata, "Blue Hills." A choice novelty being the best light blue yet introduced. Neat in habit. Each 25c., per three 60c., per ten \$1.50.

Subulata rosea major. An improved form with larger flowers of bright rose. Each 25c., per three 60c., per ten \$1.50.

Subulata, "Vivid." The finest of all. Neat compact clumps smothered with flowers of a clear rich pink. Each 30c., per three 75c., per ten \$2.00.

Plumbago is a rich cobalt blue in the Autumn

PLUMBAGO

Larpentae. One of the finest edging plants in the list. It is especially valuable because it blooms in the late Summer. Tiny red-edged leaves of Apple-green are a rich setting for the clusters of vivid cobalt blue flowers that come in August. 6 in. Each 25c., per three 60c., per ten \$1.50, per hundred \$12.00.

POLEMONIUM

(JACOB'S LADDER)

REPTANS IMPROVED. For the past five years we have been growing this gem from divisions. A grand item for the border or rockery. The tidy 12-in. plant is a mass of rich Belladonna blue flowers in May. Will do well in the full sun and is highly recommended. Each 25c., per three 60c., per ten \$1.50.

PRIMULA

Auricula Choice Mixed. An Alpine gem with rosettes of gray-green leaves and highly fragrant flowers in many interesting shades such as lavender and gold, blue and yellow, mauve and maroon, bronze and gold. Highly desirable for the rockery. 8 in. May and June blooming. Each 30c., per three 75c.

Cashmeriana. A choice Alpine. One of the first to bloom in the Spring. Attractive foliage and large, dome-shaped clusters of rich lavender flowers. Appreciates a moist but well drained situation. Each 30c., per three 75c., per ten \$2.00.

Cortusoides. A pretty Siberian variety with crinkled, lobed leaves in neat tufts. Clusters of rose pink flowers on wiry, 10 in. stems in June. Does well in a light, sunny position. Potted plants. Each 30c., per three 75c.

Heleniae. The most colorful and one of the easiest to grow of all Primulas. In late April and May the dwarf plants are covered with rich purple flowers. Each 35c., per three 90c.

Munstead Exhibition Mixed. A grand English strain of improved Polyanthus. Giant flowers with many new and unusual colors. Grown from seed of prize winning plants. Highly recommended. Each 30c., per three 75c., per ten \$2.00.

Veris, Choice Mixed. The old Polyanthus type of grandmother's garden with, of course, great improvements as to size and color range. Rich shades of pink, red, scarlet, apricot, yellow and gold. An edging of these is a beautiful sight in the Spring. 6 in. Each 20c., per three 50c., per ten \$1.50.

Primula Auricula Mixed
The pretty alpine Primrose

Primula Munstead Giants

PULMONARIA

Angustifolia azurea. A rare beauty for the Alpine garden. In late April it is a mass of rich vivid blue. Similar to Mertensia but the color is more intense and does not fade. The foliage is particularly attractive, at all times being a deep green. Each 25c., per three 60c., per ten \$1.50.

PYRETHRUM

(PAINTED DAISIES)

Pyrethrum plants start early and we recommend planting as early as possible. The first part of April is the best. No orders accepted after May 1st unless sent at your risk.

Huntington's Choice Singles. Not the ordinary type grown from seeds, but selected plants chosen for their size, richness of color and splendid blooming habits and grown from divisions. Extra large flowers in shades of scarlet, crimson, deep pink, rose, and white. Mixed only. Each 25c., per three 60c., per ten \$1.50.

Huntington's Selected Doubles. Each year we select the finest doubles from our seed trials and mix them in with our wonderful collection of double Pyrethrum. All plants are grown from divisions and are 100% doubles or unique large flowered semi-doubles. The colors range from ruby red to vivid rose and delicate pink and white. Many are frilled with crested centers and others are compact, tightly modeled. The finest double Painted Daisies. Each 30c., per three 75c., per ten \$2.00.

Choice Named Varieties of Pyrethrum

The unusual demand last season for these grand novelties forces us to offer them for **fall delivery only**, which is the proper time to move them for finest results.

"Dainty." A perfectly formed double of bright cherry red with an under shading of crushed strawberries. Each 30c., per three 75c.

"Cameo Pink." A double shell pink with a crested center of blush white. One of the earliest to bloom.

"Huntington's Scarlet." The finest single scarlet yet produced. Extra large, deep scarlet with a pretty contrasting gold center.

"Miami Queen." An extra large, semi-double. Long guard petals of deep rose and an Anemone-crested center of bright pink.

"Princess Margaret." A beautiful semi-double of vivid clear pink. A distinct tufted center crest.

"Rose Glory." A fine, full double of glowing rose red delicately tipped with carmine. A profuse bloomer.

Any of above: Each 30c., per three 75c.

COLLECTION 75: One each of the 5 Named Pyrethrum—only \$1.50

Rudbeckia purpurea is showy in Midsummer

ROSA

Rouletti. The charming miniature Rose from the Swiss Alps. A dwarf little bush about 8 in. high with tiny double flowers of light rose. Ideal for edging a formal or Rose garden or for the rockery. Each 30c., per three 75c., per ten \$2.25.

RUDBECKIA

Purpurea (*Purple Coneflower*). Large drooping petals of reddish purple with a remarkable cone-shaped center of brown with golden tints. Showy in the Midsummer border and cuts to advantage. 3 ft. Each 20c., per three 50c., per ten \$1.50.

SALVIA

(BLUE SAGE)

Azurea grandiflora. A native of the Rocky Mountains with tall spikes of Belladonna blue from July well into the Autumn. A dependable, showy item. 5 ft. Each 20c., per three 50c., per ten \$1.50.

Pitcheri. A grand Gentian blue of fine form and habit. Blooms about the middle of July on 4-ft. stems bearing spikes that present a vivid display. A fine blue when blues are scarce in the garden. Each 30c., per three 75c., per ten \$2.00.

SAPONARIA

Ocymoides splendens. A pretty dwarf trailer which is ideal to plant among the rocks. Falls over the rocks in a cascade of rich pink flowers. Blooms in June. Each 25c., per three 60c., per ten \$1.50.

SCABIOSA

(PINCUSHION FLOWER)

Caucasica Lilac. One of the prettiest for the border or cutting. Large flowers with serrated petals surrounding a tufted center. A bright lilac blue. Held on slender 2-ft. stems blooming in June and July. Each 25c., per three 60c., per ten \$1.50.

Isaac House Choice Hybrids. A fine strain of extra large flowers in shades varying from deep blue to pale lavender many with bright amethyst tones. Rugged and free blooming. Each 30c., per three 75c., per ten \$2.00.

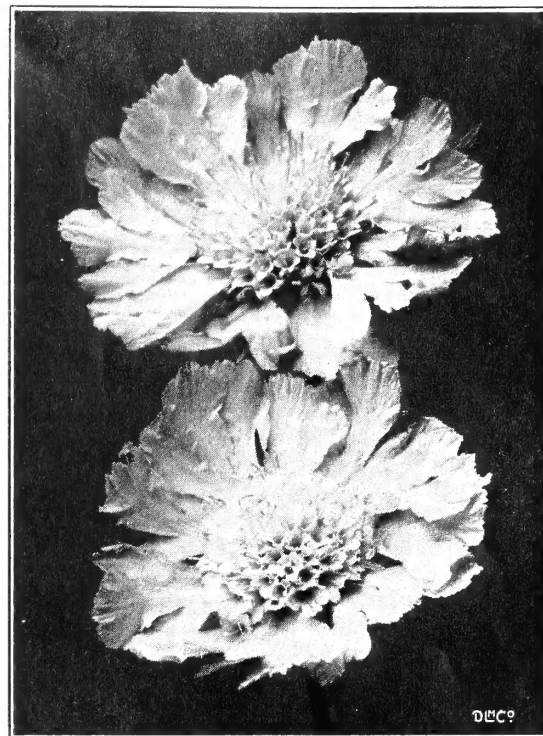

Fischeri. A recent introduction from Mongolia. The compact bushes are alive with color throughout the Summer. The medium sized double flowers are a sparkling lavender blue. Wiry, 12-in. stems make it a fine cut flower. Each 30c., per three 75c., per ten \$2.00.

What One of Our Customers Thinks of Pyrethrum "Huntington's Scarlet"

"Am glad to tell you what a beautiful flower the Huntington Scarlet Pyrethrum produced this year from the plant we got last Fall. For nearly four weeks it was in bloom, the color remaining true all the time. It elicited universal admiration, and to say we were delighted with it is putting it mildly."

Sedum Spectabile "Brilliant"

Scabiosa Isaac House Strain

SHASTA DAISY

Alaska Improved. A dependable variety for a fine border planting. Extra large flowers of clear white. Blooms in the early Summer. A choice cut flower. Each 25c., per three 60c., per ten \$1.50.

"Ester Read." We consider this the finest double Shasta Daisy. Resembles a perfectly formed white anemone-crested Pyrethrum. An English introduction of merit. Each 40c., per three \$1.00.

"White Swan." The double White Memorial Day Daisy. The graceful 24-in. plants are filled with flowers that are ideal for cutting. Each 30c., per three 75c., per ten \$2.00.

SIDALCEA

Rose Queen. A graceful, free flowering border plant. Clusters of bright rose flowers on stately 2-ft. stems. Blooms from July well into the Summer. Attractive foliage. Each 25c., per three 60c., per ten \$1.50.

SEDUM

Effective little dwarfs for color contrast in the rockery or garden walls. They thrive in dry sunny spots and soon take on an established appearance in the rock garden. All are easy to grow and require little or no attention.

Acre (Golden Moss). Solid clumps of dark green. Yellow flowers.

Acre minor. A miniature form of above. Tidy and neat.

Album. Stocky tufts with white flowers.

Arborea. One of the most unusual. Resembles a tiny Colorado Blue Spruce. 6 in.

Ellencombianum. Flat rosettes of varnished dark green. Bright yellow flowers.

Ewersi. A Himalayan native. Stocky gray green rosettes. Clusters of pink flowers.

Glaucum. Forms a mat of blue green. Choice.

Ibericum. A fine trailer of brown green turning to a coppery red in the Autumn. Crimson flowers.

Kamtschaticum. Tufts of glossy dark green. Flat flower heads of orange yellow.

Lydium. Odd little tufts of sparkling green turning to crimson in the Fall.

Middendorffianum. One of the neatest and best of all. Clumps of slender green foliage changing to a bright scarlet in the Fall.

Reflexum minor. Blue green foliage flecked with bronze.

Spectabile. An erect growing variety about a foot high. Fine for bedding or for edging. Flat large flower heads of bright pink. Gray green leaves.

Spectabile "Brilliant." Identical with the above except that the color is a rich rose. A grand bedding variety.

Any of above: Each 20c., per three 50c., per ten \$1.50

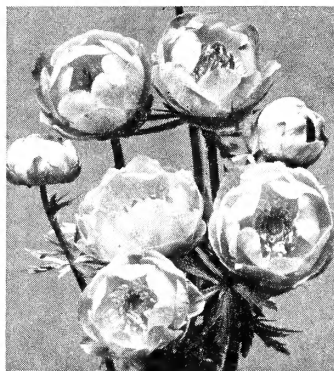

Trollius "Golden Queen" is an English novelty

Saponaria

Veronica

Trollius

Viola

STATICE (SEA LAVENDER)

Latifolia. A profusion of minute lacy lavender flowers. Bright in the border and a wonderful filler for Summer bouquets. The flowers will dry to color for Winter bouquets also. 2 ft. Each 25c., per three 60c., per ten \$1.50.

STOKESIA (STOKE'S ASTER)

Cyanea Blue. Large, ragged, Aster-like flowers of rich blue tinged with lavender. Blooms in July. Fine for cutting. 2 ft. Each 25c., per three 60c., per ten \$1.50.

"Blue Moon." A giant light blue suffused with silvery lilac in the center. A new selection of the laevis type. A glorious show in the Mid-Summer garden and this improved Stoke's Aster makes a supreme cut flower. Each 30c., per three 75c., per ten \$2.00.

TEUCRIUM

Chamaedrys. A pretty dwarf evergreen plant with dark green varnished foliage. Recommended as an edging plant, taking the place of Boxwood. Can be trimmed and makes a neat low hedge. Short flower spikes of rose. Each 25c., per three 60c., per ten \$1.50, per hundred \$12.00.

THALICTRUM

Glaucum. A recommended subject for the perennial border. Very attractive, lacy blue gray foliage. In late June and July slender 4-ft. stems bear fluffy Chinese yellow flowers. Each 30c., per three 75c.

THERMOPSIS

Caroliniana. A stately variety for the border with flower spikes that resemble yellow Lupines. June and July blooming. 5 ft. Each 30c., per three 75c., per ten \$2.00.

THYMUS

Citriodorus (Lemon-scented Thyme). Bushy, semi-dwarf plants fine for edging. Delightful lemon fragrance. In June it is a mass of lavender flower spikes. 12 in. Each 30c., per three 75c.

Lanuginosa (Woolly Thyme). A neat spreading dwarf with woolly light gray foliage. Dainty pink flowers in June. Choice among the rocks or along a rock walk. 3 in. Each 25c., per three 60c., per ten \$1.50.

Serpyllifolium coccinea. The popular Thyme so widely used in rock gardens. Mats of dark green hidden by a blanket of bright red flowers in the early Summer. 3 in. Each 25c., per three 60c., per ten \$1.50.

TIARELLA (FOAM FLOWER)

Cordifolia. A charming native with short spikes of foamy, star-like flowers on 6-in. stems in May. Low clusters of broad bronze green leaves. A beauty for a shady nook in the garden. Each 25c., per three 60c., per ten \$1.50, per hundred \$12.00.

TRADESCANTIA

The following choice named varieties were originated in England and imported into this country. In cooperation with the Division of Plant Exploration and Introduction we take pleasure in offering them. Tested on our Nursery they have thrived and have bloomed profusely from June well into September.

"Blue Stone." A low growing variety with flowers of rich blue. Each 35c., per three 90c.

"Purple Dome." Large, vigorous plants with clusters of bright purple flowers. Each 35c., per three 90c.

TRITOMA (RED HOT POKER)

Pfitzeri. The strain that is recognized as the most satisfactory for bright color in the garden or for cutting. Heavy, perfectly formed tassle-like spikes of glowing orange red. Each 30c., per three 75c., per ten \$2.00.

TROLLIUS (GLOBE FLOWER)

Europaeus. The giant European Globe Flower. Perfectly formed flowers of bright golden yellow. A stout, sturdy grower blooming in May and June. Give it a partially shaded place in the border and it will make a bold show. Attractive, finely serrated foliage. 18 in. Each 25c., per three 60c., per ten \$1.50.

Ledebouri. Large open flowers of brilliant orange. Blooms about a week later than T. europaeus. A sparkling rich color. Fine for cutting. Neat, attractive foliage. 18 in. Each 30c., per three 75c., per ten \$2.00.

Ledebouri, "Golden Queen." A fine English introduction. Extra large flowers of glowing golden orange. Semi-double with extra rays in the center of the blossom adding to its beauty. Blooms profusely in May and in many cases will flower again in the Fall. Highly recommended. Each 35c., per three 80c.

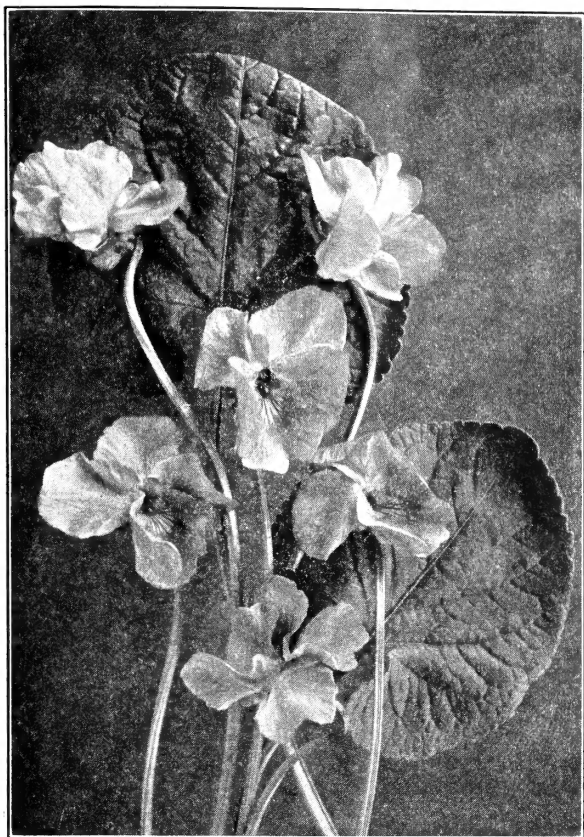

VALERIANA (GARDEN HELIOTROPE)

Officinalis. A delightfully fragrant choice border plant. In June the tall plant is covered with large flower heads of waxy blush pink. Its sweet fragrance fills the garden. Makes a fine cut flower. 4 ft. Each 25c., per three 60c., per ten \$1.50.

Stokesia Cyanea

Veronica incana is a useful rock plant

Violet "Rosina"

VERONICA

This group has long been distinguished for its part in adding color and charm to the rockery and border. A generous use of Veronics will give a succession of colorful bloom from Spring until Fall.

BLUE SPIRE. A grand new Summer blooming novelty. The rich blue of the Longifolia subsessilis combined with the bushy habit of the Spicata type. A showy variety for the border. 2 ft. Each 30c., per three 75c.

Erica. Heather-like spikes of light rose pink about 6 in. high over neat tufts of dark green foliage. Very pretty in June among the rocks. Its compact habit makes it a desirable edging plant. Each 25c., per three 60c., per ten \$1.50.

Incana. Tufts of frosted silver leaves with short spikes of royal blue in rich contrast to the foliage. Blooming in July it makes an impressive edging for garden paths. 6 in. Each 25c., per three 60c., per ten \$1.50, per hundred \$12.00.

Longifolia subsessilis. One of the true aristocrats for the perennial border. Heavy spikes of intense rich blue on 2-ft. stems. It is a glorious show from August well into the Autumn. Each 30c., per three 75c., per ten \$2.00.

Rupestris. One of the best for the rockery. Mats of deep green foliage completely hidden in early June by a bright sheet of blue flowers. 3 in. Each 25c., per three 60c., per ten \$1.50.

Rupestris, "Royal Blue." A beautiful compact carpet of glorious rich blue. A tidy creeper that will add a vivid spot of color to the rock garden. Blooms about a week earlier. 2 in. Each 30c., per three 75c., per ten \$2.00.

True Blue. A fine Irish novelty. Compact, semi-dwarf bushes that are a mass of deep bright blue in June and July. Makes a brilliant display in the low border and can be used effectively as a hedge. 12 in. Each 25c., per three 60c., per ten \$1.50.

We recommend early plantings of all alpine and hardy herbaceous plants. You get the full benefit of the wonderful growing conditions of April when you move the plants to your garden early. Send in your orders early, state when you want them shipped, and we will have them there when you are ready for them.

VIOLA

The following Violas are hardy, free-flowering, extravagantly rich in color and are constantly in bloom from late April until frost. Invaluable in the rock garden, they also lend a charm and brightness to the low border.

Arkwright Ruby. The grand English novelty. Rich crimson shaded with deep maroon. Each 30c., per three 75c.

Blue Perfection. Large flowers of bright steel blue. Each 25c., per three 60c., per ten \$1.50.

Ilona. Handsome large flowers of Burgundy red shaded with purple. Each 25c., per three 60c., per ten \$1.50.

Jersey Gem. The ever popular compact beauty. Large flowers of deep bright blue. Each 25c., per three 60c., per ten \$1.50.

PURPLE GLORY. The finest Viola of all. A constant mass of vivid purple from June until November. Compact and neat at all times. Highly recommended. Each 30c., per three 75c.

White Perfection. A carpet of pure white. Each 25c., per three 60c., per ten \$1.50.

Yellow Queen. The best yellow. Extra large flowers of clear glowing yellow. Each 25c., per three 60c., per ten \$1.50.

COLLECTION 76—One each of the 7 Violas—only \$1.25

VIOLETS

DOUBLE RUSSIAN. A splendid novelty with dainty double rich purple flowers. A deep sweet fragrance. Does well in partial shade and makes a choice flower for small bouquets. Each 35c., per three 80c., per ten \$2.25.

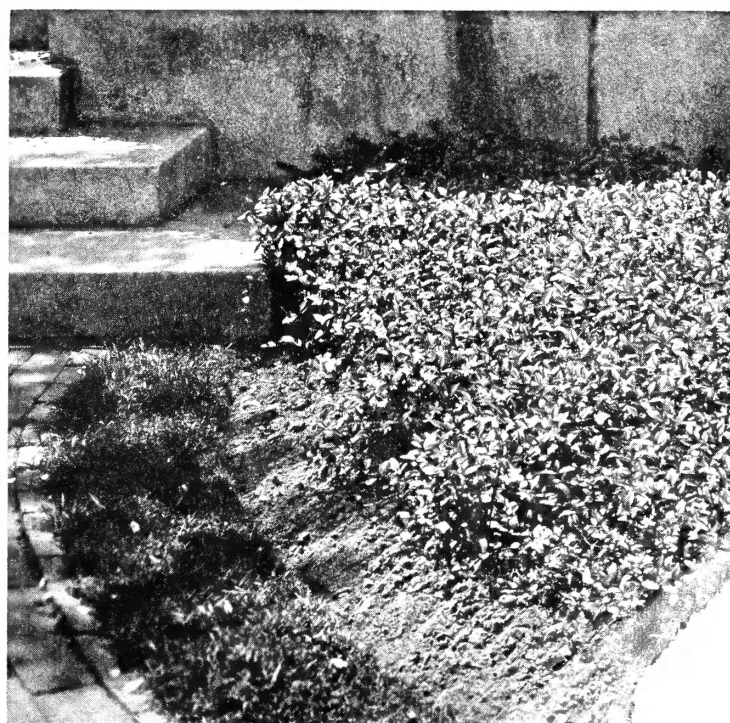

"Princess of Wales." A lovely, sweet-scented deep purple. Handsome, dark green foliage. A bed of these in the partially shaded section of the garden will pay extra dividends in beauty. Each 20c., per three 50c., per ten \$1.50, per hundred \$10.00.

Rosina. The choice rose pink, sweet-scented Violet. A profuse bloomer. Recommended for dainty bouquets. Each 35c., per three 80c.

VINCA

(HARDY MYRTLE)

Minor. One of the best subjects for carpeting the ground under the shade of trees, for edgings in front of shrubbery plantings or for beds. Low creeping evergreen foliage dotted with bright purple blue flowers. Each 20c., per three 50c., per ten \$1.25, per hundred \$8.00.

Vinca Minor

Huntington's Perennial Seed Novelties

A listing of interesting varieties
that have won special recognition
for their distinctive qualities

Tested strains of merit that will
add extra beauty to your garden.

Viola, Scotch Border Select

AQUILEGIA CLEMATIFLORA MIXED

The exquisite Clematis—Flowered Columbine. Large, spurless flowers in dainty pastel shades. **Pkt. 30c., Tr. Pkt. 80c.**

AQUILEGIA "MRS. SCOTT ELLIOTT HYBRIDS"

The peeress of long spurred Columbine. Constant care has improved the size of flower and added new shades to the color range. **Pkt. 15c., Tr. Pkt. 40c.**

DELPHINIUM V. & R. GIANT PACIFIC MIXED

England, where it was thought that the Delphinium had reached the acme of perfection, is now paying homage to this superb American strain. **Pkt. 30c., Tr. Pkt. 80c.**

GAILLARDIA "MONARCH STRAIN"

Developed in England, this giant flowered strain is without doubt the most magnificent of the new hybrids. **Pkt. 15c., Tr. Pkt. 40c.**

HEMEROCALLIS CHOICE HYBRIDS

The finest of the Betscher and Stout hybrid Day Lilies was used in producing this seed. For interesting results we highly recommend it. **Pkt. 25c.**

HOLLYHOCK "TRIUMPH"

An English strain of great beauty. Fringed and waved bicolor flowers in combinations of purple and lavender, cream and old rose, saffron and pink, and similar dual tones. **Pkt. 15c., Tr. Pkt. 40c.**

LUPINUS "RUSSELL'S HYBRIDS"

The sensation of the flower world a few seasons ago, this grand strain has been improved and grown under American climatic conditions making it more suitable than ever for your garden. **Pkt. 20c., Tr. Pkt. 50c.**

POPPY NUDICAULE "RED CARDINAL"

This new novelty has extra large, silky petals of glowing cherry cardinal. Its beauty is enhanced by long golden stamens. **Pkt. 20c., Tr. Pkt. 50c.**

PRIMULA "BARR'S EXHIBITION MIXED"

A recently introduced strain of English polyanthus that produces prize winning flowers. New, clear colors, giant size, and a rugged habit are chief characteristics. **Pkt. 25c., Tr. Pkt. 65c.**

VIOLA SCOTCH BORDER SELECT

We have listed this strain for several seasons, but feel that our stock this year is far superior in quality to any we have ever seen. For large, gay colored Violas, try it. **Pkt. 15c., Tr. Pkt. 40c.**
